## 2,000 BANDITS JOIN VILLA TO OPPOSE U. S.

### Quarry Is Reported Near Parral Assembling a New Army.

### OUR TROOPS TO STAY.

**MEXICAN WAR SUMMARY**

*Secretary of State Lansing denies flatly troops are to be withdrawn from Mexico.*

*Forty-eight persons reported killed by Mexican bandits between Torreon and Zacatecas.*

*Three Americans and a Spaniard killed by bandits in Sinaloa.*

*Villa reported to have been joined by 2,000 sympathizers near Parral.*

**BULLETIN.**

**El Paso, Tex., April 6.—Villa is in the immediate vicinity of Parral tonight, 105 miles slightly southeast on an air line from Chihuahua. He has been joined by a force of 2,000 men assembled from the bands of his sympathizers who have been terrorizing that district.**

**This information has been received by Gen. George Bell Jr., military commander at Fort Bliss, and the civil authorities, from sources that are considered reliable.**

Laredo, Tex., April 6.—Fifty persons, including women and children, were murdered by bandits between Torreon and Zacatecas on March 28, when the marauders wrecked the train on which they were riding, according to word brought here today by passengers.

The bandits, according to the story of the survivors, wrecked the train in a hilly section, far from any place of habitation, and shot down the passengers one by one as they emerged from the wreckage. When all the passengers were killed or wounded, the bandits set fire to the wreckage and cremated the bodies.

A military train following the passenger reached the wrecked train shortly afterward, but instead of rendering aid turned back to Torreon.

**THREE AMERICANS SLAIN.**

Tucson, Ariz., April 6.—Three United States citizens and one Spaniard were killed yesterday by Mexican bandits nine miles south of Rosario, Sinaloa, Mexico, according to advices received here today from Mazatlan at the offices of the Southern Pacific Railroad company.

Former Conductor Wallace, F. C. Burke, and Roderick Davidson, Americans, and former Conductor Rodrigo, a Spaniard, were the bandits' victims, according to the railroad report.

**ROBBED OF VALUABLES.**

Burke, former agent at Morrado, was being sent with his family and house-

## Phthisis Inquiry by Aldermen to Touch Bottom

### Full History of Sanitarium Will Be Dug Into by Councilmen.

### CITIZENS APPROVE

The finance committee of the city council yesterday undertook an investigation of the municipal tuberculosis sanitarium that will extend back to the day the institution was created.

This inquiry will be entirely independent of the pending "probe" by the city civil service commission.

By unanimous vote the aldermen determined to "proceed with the investigation at once" and James Miles, head of the committee's staff, was directed to begin the preparation of a plan of procedure. It also was agreed representatives of the committee of 100 organized for the protection of the sanitarium, the City club, the Woman's City club, and the Civil Service Reform association will coöperate.

**Speakers Urge Action.**

These decisions were reached at a meeting during which speakers for several organizations addressed the committee. They included George E. Hooker, civic secretary of the City club; Horace Kent Tenney of the committee of 100; James Minnick, superintendent; George W. Perkins, vice president of the Chicago Tuberculosis institute, and Russell Whitman, president of the Civil Service Reform association.

"Such an inquiry," said Mr. Whitman, "will have the confidence of the public."

**Confidence in Aldermen.**

"You owe it to the whole people of this city to give the entire matter an impartial investigation," Mr. Perkins said. "We have considered the subject carefully and we want this committee to make the investigation. The citizens have implicit confidence in it.

"Dr. Sachs told me personally he wanted ah impartial investigation. In his farewell to the people he asked for an impartial investigation. All the people want an investigation by some one in authority, an impartial and thorough investigation, and I believe they want this committee to make it."

An attempt to hold an immediate conference was made, but after a short discussion it was arranged that a meeting will be held at 2 o'clock tomorrow afternoon, when outside organization representatives will be in attendance.

President Coffin of the civil service commission said he had received no replies from Judge Landis, J. B. Forgan, and the other four men whom he invited to sit with the commission during its investigation.

**Big Massmeeting Arranged.**

Sixty organizations have united in calling a memorial massmeeting for Dr. Sachs on Sunday afternoon in the Auditorium theater. Men and women who were associated with him in his work will speak, and resolutions will be presented by John V. Farwell. Dr. Frank Billings will be chairman.

The following addresses will be given: Sherman C. Kingsley, "Dr. Sachs and the Anti-Tuberculosis Crusade in Chicago"; Dr. William E. Quine, "The Physician and Tuberculosis"; Victor Olander, "The Laboring Man and Tuberculosis"; Mrs. Arthur T. Aldis, "The Importance of High Standards of Nursing Service in Tuberculosis work"; and Dr. Graham Taylor, "A Civic Asset."

At a meeting of the board of directors of the Chicago Tuberculosis institute held at the City club Mrs. Sachs, the widow, was elected to the position of business manager of the Edward sanitarium at Naperville. Her salary, if she accepts, will be $2,000 a year.

All Records Smashed

Again last Sunday The Tribune broke all records for volume of "Want" Advertising printed—beat its own high water mark of a week ago last Sunday.

Out of the 9,599 ads printed, 2,354 carried Tribune box number addresses, and in answer to these 2,354 ads alone there were received in The Tribune office up to Tuesday evening 41,900 letters. The remaining 7,245 advertisements carried business, home or phone addresses and the number of answers they brought cannot, therefore, be ascertained, but it is safe to assume that the total answers to the "Want Ads" in last Sunday's Tribune amounted to more than 150,000.

## F. K. JACKSON, EMBEZZLER, BACK AT HOME

### Missing Northwestern University Cashier Returns; Gives Self Up.

### LURED BACK BY HOME.

Franklin K. Jackson, former cashier of Northwestern university, who fled after embezzling $19,000, the result of dabbling in stocks, gave himself up yesterday.

His return was the result of negotiations with the surety company, which was forced to make up the sum of his peculations.

The negotiations were begun from a place in California where he had been hiding. They were concluded before he started across the continent.

**COMES FROM CALIFORNIA.**

He alighted from a San Francisco train yesterday afternoon, was met by Attorneys Francis McCulloch and Catharine Waugh McCulloch, and taken in an automobile directly to the state's attorney's office.

Assistant State's Attorney Finn conducted him before Judge Charles A. McDonald, who approved his bonds, amounting to $20,000, which the McCullochs furnished.

Jackson was taken in an automobile to the Edgewater residence to which his wife and two children had moved after the disgrace in Evanston. Their residence, a handsome structure, had been forfeited to make up part of the defalcation. Kind friends have since been caring for the family.

**SIX MONTHS OF WANDERING.**

Jackson's return ends six months of miserable wandering as a penniless fugitive over the western hemisphere. When he fell he had but little money.

He was traced by the Pinkertons to Buenos Aires and when they thought they had him under surveillance an arrest was ordered. The wrong man was arrested. The victim has instituted a suit against those responsible for this arrest

**SHOULDERS FRIENDS' LOSSES.**

Jackson's story as told by his friends follows:

Some months before his flight he became interested in an Alabama land company. Jackson invested his earnings in the enterprise, and interested Evanston friends in the company. These investments totaled nearly $20,000. At first the success of the company seemed assured. Then the enterprise failed and Jackson found himself in the position of a business man who had advised friends to embark in a losing venture. Jackson decided he must repay those of his friends who had lost through his advice.

The treasury of the Northwestern university was open to him and he decided to take its funds to repay their losses. Not a word, however, did he divulge to them of where he got the money.

**WORRY DRIVES HIM TO FLEE.**

Facing discovery, he saw only one solution to his predicament—flight.

He packed a bag and departed for Chicago, where he bought a ticket for San Francisco without saying good-by to his family. After shaving off his mustache he took up quarters in the Jewish district of the California city.

The police followed clews all over the middle west and gave up the hunt. Agents from the American Surety company chased clews as far south as Argentina. At one time it appeared that their efforts to catch Jackson had proved successful.

**SHOPKEEPER IN GHETTO.**

Meanwhile Jackson assumed an alias and opened a small shop in the San Francisco ghetto. Then he opened up communication with his friends here.

His longing to see his family caused him to risk his liberty. Mrs. Jackson had left her Evanston home, but detectives still scrutinized her movements, believing her husband might return. Telephone wires leading to her apartment were tapped.

**UNIVERSITY TO PROSECUTE.**

When trustees of the university were advised of Jackson's expected return a conference was held at the university. The meeting was presided over by William A. Dyche, former intimate of Jack-

## Torpedo Sinks a British Liner; Carrying Troops

### Simla, Taken Over by the Government, Goes Down Near Greece.

### LIFE LOSS IS HEAVY

**EUROPEAN WAR SUMMARY**

*French win hand to hand battle near Fort Douaumont while Germans occupy Haucourt on the Avocourt-Bethincourt front.*

*Forty-eight lose lives in torpedoing of British liner Zent, reported sunk without warning.*

*British storm strong Turk positions in Mesopotamia and capture town of Felahie; press on to relieve besieged English force at Kut-el-Amara.*

*Zeppelins raid Hull and Whitby, England, silence battery, and destroy iron works. One person killed.*

**BULLETIN.**

**LONDON, April 7, 7:05 a. m. —The Daily Mail publishes a report that the Peninsular and Oriental line steamer Simla has been sunk in the Mediterranean.**

**It is suggested that this may be the transport reported sunk in an earlier dispatch to the Mail. The Simla is thought to have been taken over for government service.**

**This dispatch said the transport was sunk off the west coast of Greece. It said the loss in life was heavy.**

[The Simla had a displacement of 5,884 tons, with an indicated horse power of 4,500.]

LONDON, April 6.—Forty-eight persons lost their lives through the sinking of the British liner Zent by a submarine, it was announced today. The Zent was torpedoed.

The captain and ten survivors of the crew of the Zent were landed at Queenstown this morning. They all agreed that the ship was torpedoed without warning. The Zent listed badly and began sinking immediately after the torpedo struck.

**All of Lifeboats Capsize.**

In an effort to get the boats over quickly the crew became excited, and practically every boat capsized.

The submarine moved slowly off while the Zent's sailors were struggling in the water, making no attempt to aid them. A steamer finally appeared and rescued those members of the crew who had managed to keep afloat. Bodies of two men were also brought into Queenstown.

The British steamer Vesuvio has been sunk. Three injured survivors have been landed. The vessel was unarmed. The Vesuvio, of 1,391 tons, was built in 1879, and was owned by the General Steam Navigation company of London.

**Spain Asks Berlin Explain.**

MADRID, via Paris, April 7.—The Spanish cabinet has decided to instruct the ambassador at Berlin to request from the German government an explanation of the sinking of the Spanish steamer Vigo and a definition of its policy with regard to the rights of neutrals on the seas.

**German Submarine Sunk.**

PARIS, April 6.—A German submarine was sunk today by a squadron of French and British warships, the ministry of marine announced tonight. The crew of the submarine was captured.

## WOULD SEE FLAG SPAT UPON RATHER THAN BLOOD SOILED

### Yale Professor Says Latter Is Worse Disgrace—Asserts Fighting for Emblem Is Illusion.

New Haven, Conn., April 6.—[Special.]—That to spit on the American flag is not to disgrace it nearly so much as our nation's blood spilt on it, and that the only royal road to peace is through the degradation of a martyred nation, which he hopes will be the United States, were the assertions of Prof. William Lyon Phelps of Yale in a talk on war and peace before the Connecticut Peace society today.

"To spit on the flag is not to disgrace it nearly so much as our nation's blood spilt on it," he said. "This business of fighting for the flag is an illusion. Those brave fellows in the trenches are not dying for the flag; they're dying for commerce."

## GREEK PRINCE ASKS BETTER TREATMENT FROM ALLIES.

### Commerce Paralyzed to Such an Extent Nation Has Been Repeatedly Near Starvation.

LONDON, April 7, 2 a. m.—Prince Nicholas of Greece in a letter to Lord Burnham pleads for better treatment of Greece by the entente allies. He says in part:

"The great grievance of the Greeks is that their maritime communications have been paralyzed to such an extent that the country has repeatedly been on the verge of starvation.

"The Greek nation is under the painful impression that full justice has not been done them and the Greeks resent accusations constantly made against Greece of not having kept the Greco-Serbian treaty and of fostering hostile intentions toward the entente allies.

"Greece on several occasions offered to place itself at the disposal of the entente allies and these offers were sacrificed to a chimerical desire to befriend other powers."

## ST. PAUL'S SEXTON SUICIDE.

### Hangs Self Under Belfry of Famous New York Church After 31 Years' Service.

New York, April 6.—Under the belfry of old St. Paul's chapel the sexton hanged hiself today. Philip G. Walter, tiring, as he had recently complained, of the monotony of his position after thirty-one years of service at the famous edifice at Broadway and Vesey street, climbed upon a piano stool, fastened a sash around his neck, and kicked the stool from under him.

## JEWISH EDITOR SLUGGED IN RIOT

### Liebling vs. Liebling Family Troubles Mix with Politics in Twentieth Ward.

An audience of 1,000, about half women, was thrown into a panic last night when a political meeting at Gartner's theater, 716 West Twelfth street, broke up in a fight.

The meeting was in the interest of A. M. Liebling, editor of the Jewish Daily Press and anti-Thompson candidate for Republican ward committeeman. Liebling, who has been making the Sachs suicide his campaign issue, was to have been the principal speaker, but he did not succeed in reaching the hall.

Sluggers pounced on h'm as he was nearing the theater in Twelfth street, near Halsted, and beat him so badly about the head that he had to be taken in an automobile to the home of his brother-in-law, Joseph Greenspahn of 1655 South Homan avenue.

**Liebling vs. Liebling.**

Before it became known, however, that Liebling had been attacked, the meeting was in an uproar. Julius Libling, father of the publisher, is said to have denounced his son to the audience because of business differences which arose several years ago over the transfer of the newspaper, then owned by the father.

A. M. Liebling, when he had been released from the hands of a physician, made a short statement, in which he placed the blame for the attack on him on Capt. "Barney" Baer of the Maxwell street station.

"The attack made upon me and several of my men tonight is the result of the editorial sent out following the suicide of Dr. Sachs, in which I criticized the Thompson administration," said Mr. Liebling. "Capt. Bear may deny this, but he and twenty policemen and detectives were within twenty-five feet of me when I was attacked by the sluggers. As a matter of fact, he undoubtedly was in command of the sluggers and was there to direct their attack upon me."

**Father Upholds Mayor.**

Julius Liebling at the meeting in addition to denouncing his son upheld the Thompson administration.

"Some one called me up on the telephone today and told me if I attended this meeting I would wake up in the county hospital," said the elder Liebling.

"That was the only reason that I came. While some of you fellows are denouncing the mayor, why don't you turn the searchlight on one of your candidates, my son? He broke my heart a few years ago when he threatened me with a knife while I was sick in bed, so I had to turn over my paper to him. That is the kind of a man you are going to make a ward committeeman."

## MRS. VANDERBILT RAISES RELIEF FUND FOR ROYALTY

### Seeks to Collect $300,000 in Gold for Queen Mary, Czarina, and President Poincare.

New York, April 6.—[Special.]—Mrs. Cornelius Vanderbilt has been going among her friends in this city and Philadelphia recently, inviting them to contribute toward what might quite properly be called a "royal relief fund."

Mrs. Vanderbilt is endeavoring to collect $300,000, which she intends to presen—in gold, in equal shares—to Queen Mary of England, the czarina of Russia, and President Poincare of France, those rulers to be at liberty to devote the money to whatever purposes they choose.

Contributions of $10,000—no more, no less—are being asked for. Only those of unquestioned social position—and, naturally, of ample means—have been asked to subscribe. It is understood that the fund has reached $140,000.

Gold simply radiates from the plan. The rulers are to receive their respective one hundred thousands in gold coin.

## BANG, SMASH, ZING, BAM, OOUF, ETC., WENT CLARENCE

### And All the Hospital Doctors Could Find Was One Slightly Bruised Eye.

Clarence Wilson should worry. In his unlucky thirteenth year this happened to him: He was walking in East Sixty-third street near Drexel avenue when an automobile hit him.

The force of the bump sent Clarence a-spinning, and as he spun a trolley car happened along. It caught Clarence as he was midway of the tracks and slammed into him with one of those dull, thickening thuds. Clarence went in a heap to the curbstone.

The spectators said, "O, my," and other things. The police came and took Clarence to the hospital.

## SOCIALIST EDITORS IN ROW.

### But When It's Over Max Eastman Remains at Head of Masses and Artist Sloan Quits.

New York, April 6.—[Special.]—Max Eastman remains editor of Masses, the Socialist magazine. Yesterday the editors of the publication had a row. Today the art editors rebelled, charging interference with their work by the literary editors. So Eastman resigned. But the rebellion led by John Sloan, the artist, was suppressed when his plan was voted down. So Eastman reconsidered his resignation, whereupon his henchman, Floyd Dell, moved that Sloan and his supporters be kicked out. This motion was lost, but Sloan resigned.

## MEXICAN SCRIP ADVANCES.

### Value of Paper Money Increases from 60 to 35 for One in Guaymas District.

Guaymas, Mexico, April 6 [By radio to San Diego.]—There has been a marked increase in the value of paper money here. In the last week it has advanced from 60 to 35 for one. Quiet prevails, although a smallpox epidemic continues.

## WILSON READY TO PUT CRISIS UP TO CONGRESS

### Reluctant to Act Without Placing Facts Before Lawmakers.

### SITUATION IS GRAVE.

**BY ARTHUR SEARS HENNING.**

Washington, D. C., April 6.—[Special.]—The long heralded crisis in the relations of the United States and Germany over the latter's submarine warfare is at hand, according to high administration officials who participated in conferences on the situation at the White House today.

The graver aspect of the existing tension in the relations of the two countries is the direct result of the attitude of President Wilson, which is described as threatening. Mr. Wilson is reported to have vented his feelings in assertions that something drastic must be done to Germany.

The president indicated clearly a strong inclination to sever diplomatic relations with Germany, restrained only by a reluctance to take personal responsibility for action of such moment. He would prefer to place the responsibility on congress.

**ULTIMATUM FOR GERMANY?**

The conferences at the White House were for the purpose of determining what action the president shall take. The tentative decision of the president and his advisers was to serve an ultimatum upon Germany stating that further injury to Americans in submarine attacks on merchantmen will be considered cause for the severance of diplomatic relations between Washington and Berlin.

The indocations are that the president would not carry out such a threat without seeking and obtaining the consent of congress, the sole war making power, for a step which probably would result in war between the United States and Germany.

These revelations produced considerable excitement tonight in administration circles. In market contrast, however, was the apathy displayed by members of congress, whose appetites for excitement have become jaded by the frequent international crises.

**REASONS FOR WILSON STAND.**

The principal causes of the attitude adopted by the president today were:

Chancellor von Bethmann-Hollweg's speech in the reichstag indicating that Germany not only does not intend to abandon or modify its submarine warfare on commerce, but is determined to prosecure it more relentlessly than ever.

Receipt of official reports from the naval attachés of the American embassies at Paris and London asserting unequivocally that the Sussex, on which several American passengers were injured, was attacked without warning by a German submarine.

**STUDIES SUSSEX CASE.**

The president regards these official reports so convincing that he will be greatly surprised if Germany should deny that one of its submarines was responsible for the fate of the Sussex.

Mr. Wilson, it transpires, put in several hours yesterday studying the reports of the American attachés in the Sussex case and the additional advices from Ambassador Page in half a dozen other cases involving alleged defiance of the rights of American citizens on the high seas. Taken in connection with the German chancellor's pronouncement on the continuation of the submarine warfare, these incidents took on so serious an aspect that Mr. Wilson summoned his principal unofficial adviser, Col. E. M. House, from New York to discuss the situation with him.

**DISCUSS RECENT DISASTERS.**

Mr. House arrived today and went at once to the White House, where he will be a guest until the president ceases to need his counsel in the pending matter. As soon as Mr. House appeared the president summoned Counselor Polk of the state department and there ensued a general discussion of all the information that has been received bearing on the recent disasters.

At 2 o'clock this afternoon the president summoned Secretary Lansing for a conference with himself and Col. House.

When Secretary Lansing came from the White House he showed clearly that questions of moment were being finally decided. He said he could not comment in any way on the matters which were under discussion, but he replied emphatically and with irony to the question:

"Has Ambassador Gerard received any word from Germany on the Sussex case?"

"No; he has not," the secretary answered, and hurried back to the state department, where fresh dispatches on the situation demanded his attention.

### TRYING TO PLACE BLAME.

While the president was in conference with Col. House and Counselor Polk, Secretary Lansing was in consultation with Sir Cecil Spring-Rice, the British ambassador. The official report from the French embassy of Rear Admiral Grasset of the French general staff, showing that the Sussex was torpedoed, reached Secretary Lansing yesterday. The fact that both the British and French ambassadors are assisting Secretary Lansing in placing responsibility for the Sussex disaster while Count von Bernstorff, the German ambassador, declines to mention the matter is regarded here as significant in the sense that it reflects the official attitudes of the respective governments.

Count von Bernstorff was at the state department today but did not see Secretary Lansing. He conferred with Counselor Polk on what was described as "routine commercial business."

The ambassador said he came to discuss the Appam case. Secretary Lansing later said the ambassador came to discuss with Mr. Polk the questions pertaining to importation of dyestuffs from Germany. Both Secretary Lansing and Count von Bernstorff said emphatically that the submarine issue was not mentioned.

### BERLIN AWAITS DATA.

BERLIN, Monday, April 3, 3 p. m., via London, April 6.—[Delayed.]—A fourth American inquiry was added today to others awaiting reply at the foreign office when the American embassy requested information regarding the steamer Eagle Point, recently sunk off Queenstown, and asked whether it was destroyed by a German submarine.

The foreign office states that as yet it has no information from the admiralty regarding the Sussex, the Englishman, the Manchester Engineer, or the Eagle Point.

The admiralty has countered the question regarding the Sussex with a request for more exact details on the time place, and circumstances of the disaster. No suppositions or possible explanations covering the case of the Sussex have been advanced in authoritative circles, either at the foreign office or the admiralty.

### No Change in Orders.

Dr. Alfred F. M. Zimmerman, undersecretary for foreign affairs, informed the Associated Press today that any doubts regarding a possible change of policy of the treatment of passengers steamers was unjustified.

The old order to submarine commanders against the destruction of unarmed and unresisting passenger steamers without warning and providing an opportunity for safety to those on board, was still in force, Dr. Zimmerman said, and added that in case of error or violation of orders, Germany would not hesitate to accept the consequences and make all suitable amends.

# HOLLWEG'S VIEWS UNITE FACTIONS IN REICHSTAG.

### Leaders of Socialist and Catholic Center Parties Applaud Utterances of German Chancellor.

BERLIN, April 6.—Dr. Peter Spahn, leader of the Catholic Center party, and Friedrich Ebert, Socialist leader, delivered speeches in the reichstag, concurring in the views which Dr. Von Bethmann-Hollweg, the imperial chancellor, had expressed, the Overseas News agency says.

Two statements in Dr. Von Bethmann-Hollweg's speech in the reichstag have attracted especially the attention of the public, the first being that in which he alluded to the submarine warfare and the relations of Germany with the United States and the second being the intimations regarding Germany's peace terms.

For the first time he referred to the possibility of Germany withdrawing from Belgium, which, however, he said, must be a "new Belgium." His words in this latter connection are interpreted to mean that the "new Belgium" must include a special disposition for the Flemish portion of the kingdom, a hint of the nature of which is regarded as being given by the chancellor's use of the word "Netherlandish."

# BAYONET BATTLE TO FRENCH; TOWN LOST TO GERMANS

### Allies' Forces Win Trenches Near Fort Douaumont, While Enemy Occupies Haucourt.

PARIS, April 6.—French troops, in hand to hand fighting southwest of Fort Douaumont today carried German underground passages and works along a front of 500 meters to a depth of about 200 meters.

A violent bombardment was directed by the Germans to the east of the Meuse against Cote du Poivre, but the French curtain of fire prevented an infantry attack, according to the official statement issued by the war office tonight.

### French War Report.

The text of the statement reads:

In the Argonne we exploded a mine in the region of Vaquois.

To the west of the Meuse the Germans continued to bombard persistently the Bethincourt salient and the villages of Esnes and Montzeville.

To the east of the Meuse, Cote du Poivre was subjected during the course of the day to a violent bombardment which foreboded an attack, but our curtain of fire prevented the enemy from setting out from his trenches.

### Hand to Hand Fighting.

To the southwest of Fort Douaumont a series of small engagements of a hand to hand nature enabled our troops to progress in the underground passages and works of the enemy on a front of 500 meters to a depth of more than 200 meters.

A counter attack delivered by the enemy at the end of the day completely failed.

In the Woevre our batteries concentrated their fire on various points of the enemy's front.

In Lorraine our artillery displayed activity to the east of Luneville, between the Vezouse river and the Vosges.

There is no other important event to report on the rest of the front except the usual cannonading.

### German War Report.

BERLIN, April 6.—German troops have stormed the village of Haucourt on the Avocourt-Bethincourt front northwest of Verdun, the war office announced today. The text of the official statement follows:

There was great activity west of the Meuse during the day, chiefly on account of the preparatory fire which we directed against the district of Haucourt. During the afternoon the activity of our infantry became more pronounced. It stormed the village of Haucourt and the strongly fortified French point of support east of the village. In addition to considerable losses in killed and wounded, the enemy lost eleven officers and 531 unwounded prisoners belonging to two different divisions.

On the right bank of the Meuse the French renewed the attempt against positions we captured in Caillette forest and northwest thereof on April 2. This attack was checked quickly.

### Great German Victory.

"German newspapers today carry comment on the capture of the village of Haucourt, northwest of Verdun, by German troops," says the Overseas News agency. "They point out that the village was exceedingly well fortified by all means of modern military art, the place being a redoubt with machine guns disposed in terraced formation, dominating the whole Forges Brook valley.

"While Haucourt held out, the Germans could not cross Forges Brook. For this reason, the French defended it with the utmost tenacity.

"The capture of Haucourt is an important step in the systematic rolling up of the French front. The German losses were insignificant."

### War Strikers Back to Work.

Detroit, Mich., April 6.—More than 100 employés of the Ireland & Matthews company, munitions manufacturers, who have been on strike for higher wages, have come to terms with their employers and will return to work tomorrow, it was announced today.

# CONSTANTINOPLE REPORTS LAND AND SEA SUCCESSES.

### Turkish Fleet Shells Russians and Forces Them to Flee—Two Slav Vessels Sunk.

CONSTANTINOPLE, April 6.—The official statement issued today from general headquarters reads:

Caucasus front—An engagement occurred between reconnoitering parties. An enemy cruiser fired 100 shells against the coast near Eduindjik, west of Negri, but without effect.

On April 3 our fleet successfully bombarded the enemy positions on the Caucasian frontier. The enemy troops, surprised by this attack, abandoned their positions and fled in disorder, leaving a multitude of dead and wounded. The same day our fleet shelled and sank a Russian ship laden with ammunition.

On the night of April 3 the cruiser Midullu (formerly Breslau) sank a large enemy sailing vessel laden with war implements and other material and took the crew prisoner.

On the morning of April 4 the Midullu met a Russian fleet consisting of a large vessel of the Imperatritsa Maria class, a cruiser, and three torpedo boats, which contented themselves with firing at the Midullu from a distance and without effect.

# BRITISH AGAIN DEFEAT TURKS

### English Storm Stronghold in Mesopotamia—Repel Counter Attacks.

LONDON, April 6.—The town of Felahie, in Mesopotamia, has been captured by the British, it was announced officially today. All the positions gained have been consolidated and counter attacks by the Turks repulsed. The official statement says:

Gen. Lake reports that the Tigris corps, under the command of Lieut. Gen. Sir George F. Gorringe, who succeeded Gen. Aylmer, attacked the enemy's entrenched position at Umm-el-Henna on April 5. Our trenches had been pushed forward by means of saps to within 100 yards of the enemy's position and the leading battalions of the Thirteenth division then rushed the enemy's first and second lines in quick succession."

The third line was captured by 6 a. m. under the support of concentrated artillery and machine gun fire. The Thirteenth division continued their victorious advance and by 7 a. m. had driven the enemy out of his fourth and fifth lines.

Aeroplane reconnaissances then reported that the enemy was strongly reinforcing his entrenchments at Felahie and Sannayyat, positions respectively 6,000 and 12,000 yards from the front trenches at Umm-el-Henna. As those positions could only be approached over very open ground, Gen. Gorringe ordered a further attack deferred until evening.

About 8 p. m. Gen. Gorringe continued his forward movement on the left bank and carried the Felahie position.

# ZEPPELINS RAID HULL, ENGLAND; RAZE BATTERY

### Sweep Over Whitby and Level Iron Plant—London Says One Person Was Killed.

BERLIN, April 6.—[By Wireless to Sayville.]—The German admiralty announced today that German airships last night silenced a battery near Hull, England, with bombs, and destroyed a large iron works near Whitby. The airships returned safely. The statement follows:

During the night of April 5-6 German naval airships destroyed a large iron works, with blast furnaces and extensive establishments near Whitby, after having put out of action with explosive bombs a battery north of Hull.

The raiders also attacked factories in Leeds and the surrounding region, and several railroad stations in the industrial district. Good effects were observed.

The airships were shelled heavily, but all returned undamaged.

### Force Zeppelins to Flee.

LONDON, April 6.—The increasing effectiveness of England's anti-aircraft defenses was demonstrated last night when the Zeppelins which undertook the fifth raid in six days were prevented from penetrating the northeast coast and were forced to flee, after the briefest visit of the kind yet made.

One of the Zeppelins, according to the Times, received a vital hit, and is believed to have gone down at sea.

One person was killed and eight injured in last night's raid, it was officially announced. The statement says:

The air raid of last night on northeastern counties apparently was carried out by three Zeppelins. The first one made an attack about 9:10 p. m., but was driven off by the fire of anti-aircraft guns after dropping five bombs which caused no damage or casualties. Numerous observers state that this Zeppelin was struck by gun fire.

The total number of bombs dropped was twenty-four explosive and twenty-four incendiary. The casualties at present reported are: Killed, one child; injured, eight.

The Daily Mail says Lord Derby and Lord Montagu of Beaulieu have resigned from the membership of the air committee, appointed about six weeks ago with Lord Derby as chairman. The resignations have not yet been accepted and neither official has made a statement, but according to the Daily Mail it is assumed that because the committee's limited powers prevent them from doing all they consider necessary for the air service they have submitted to Premier Asquith a scheme for its betterment.

### French Official Report.

PARIS, April 6.—The following official report was issued by the ministry of war tonight:

During the month of March our aviators displayed much activity along the whole front, particularly in the region of Verdun. In the course of numerous aerial combats, thirty-one German aeroplanes were brought down by our pilots, nine of which fell in flames or were crushed on the ground within our lines, and twenty-two fell inside the German lines.

"They barred the path against the German onrush and saved the day for the Empire, for the Allies and for the world." That's what Sir Robert Borden, the Canadian Premier, says about what the Dominion soldiers did at Ypres and that's what they've been doing ever since they landed in France. Others praise their valor, too—even the enemy, and we—well—we're proud of our kinsmen of the North and want to know in detail where they have fought and how. # TIEUP OF CITY MILK CRITICAL; TRUCE SOUGHT

## Peace Meeting Called, but Farmers and Dealers Remain Firm.

With Chicago facing a still more serious shortage of its milk supply as a result of the closing of fifteen more bottling plants and receiving stations yesterday by the farmers Health Commissioner John Dill Robertson has issued a call for a conference between the dealers and producers this morning at 10 o'clock for the purpose of trying to bring the strike to an end.

Both sides have agreed to attend, but the producers contend there can be only one way to end the strike as far as they are concerned, and that is for the dealers to meet their price of $1.55 per hundred pounds.

**BIG FIRMS STAND PAT.**

That the larger distributors are still in a fighting mood was indicated when E. M. Bowman of the Bowman Dairy company announced an injunction will be sought in Cook county today restraining the farmers from threatening or intimidating producers with whom they have contracts.

An injunction was issued on Wednesday by Judge C. H. Donnelly in the Circuit court of McHenry county, and a petition for an injunction was filed in the federal courts during the day by the Borden Condensed Milk company. Judge Landis will hear arguments on this Saturday morning. Injunctions in other counties affected by the strike also will be asked should the dispute remain unsettled.

**SEVERAL DEALERS CAPITULATE**

The situation was relieved somewhat by the capitulation of a number of dealers who will receive milk today. According to William J. Kittle, secretary of the Milk Producers' association, the largest of those to sign up at the farmers' prices was the Kee & Chapell company, which is the largest wholesaler and third largest retailer in the city. Eight plants operated by the company will be opened as a result, it was said. Mr. Kittle was responsible also for the statement that another large distributor may sign today.

The only three large dealers now holding out are the Ira J. Mix company, the Bowman company, and Borden. The last two have been receiving milk from as far east as New York and as far west as Iowa.

**WHOLESALE TRADE SUFFERS.**

Although the producers say that about half of Chicago's normal supply is being shipped to small can shippers and bottlers who have met their prices, the shortage has hit the wholesale trade pretty hard, and drivers for the larger concerns have been told to use their discretion in delivering to families in order that the supply may not be cut off where it is most needed.

Along the north shore the supply was said to have been cut 50 per cent even in the homes. A number of persons were unable to obtain their full supply of milk and some received no cream at all.

**AGAIN URGES ECONOMY.**

Dr. Robertson repeated his warning to the public to be economical in the use of milk.

"There has been a change in the milk situation in the dairy regions surrounding Chicago in the last twenty-four hours, affecting the milk supply to such an extent that the city faces a serious curtailment," he said, following a long conference with the milk dealers at the Hotel La Salle. "The indications are that the shortage for tomorrow will be much greater than has been anticipated. This means that in order that there be milk enough to go round every one should be willing to get along with less than the normal supply. The babies must not go unsupplied. I am sure the adult population will be willing to make the sacrifice."

**VILLAGE ASKS ARBITRATION.**

The conference of the health commissioner with the dealers came as a result of a resolution passed by the city council of Crystal Lake, urging him to use his influence in bringing about arbitration of the dispute. The communication was signed by Mayor William Pinnow of Crystal Lake and City Clerk John C. Flotow.

The Bowman, Borden, and Mix companies were represented at the conference.

"They did not appear as representatives of the Milk Dealers' association," said Dr. Robertson. "We understand that for them to enter into arbitration as an association would be a violation of the federal law prohibiting price fixing. They simply represented their own companies and are willing to come half way. I shall urge arbitration of all differences involved and if this proposal is rejected, I will ask that a working agreement be entered into so that the babies will not suffer while the strike continues. There is no danger of impure milk. The department is insisting on sanitary milk."

### Producers Will Attend.

Mayor Pinnow and a delegation of the milk board of Crystal Lake held a conference with Secretary Kittle at night. The latter then wired Dr. Robertson he believed the producers would have representatives present at the conference, although he had not the authority to speak for the association. R. B. Swift of Libertyville, president of the association, declared he had asked for a conference with the dealers a month ago and this had been refused.

### Refuse to Arbitrate.

"We are willing to confer but not to arbitrate," said Secretary Kittle. "We won't take one iota less than $1.55. We can't afford to. We have every Bowman plant tied up in the Chicago district and every Borden plant except the one at Sycamore and those at Dixon and Sterling. We hope to close the last two tomorrow. Judge Donnelly's refusal to prevent picketing is a victory for us. We don't wish to use violence. Every farmer has come over to our side when we get a chance to talk to him and show him where he is wrong."

The bill for an injunction filed in the United States District court recites that 80 per cent of the milk handled by the company is received from 2,420 dairymen who are members of the Milk Producers' association and who are under contract to deliver 725,000 pounds a day. The bill states that the company, which is losing more than $3,000 a day, is trying to keep them from breaking these contracts. Acts of violence at the company's plants at Hebron, Marengo, Sutton, and Elgin are mentioned.

### Clyne Gets Complaints.

District Attorney Charles F. Clyne said several complaints have been made to him by attorneys representing the various parties concerned.

Three hundred farmers from Marengo, Huntley, Algonquin, Union, Capron, Poplar Grove, and several other points drew a cordon of pickets about the Borden condensing plant at Belvidere, blockaded the roads, and turned back many farmers on their way to deliver milk. The pickets tried persuasion first and, when this failed, assumed a menacing attitude which served to change the minds of the "rebel" producers. Many farmers who have been selling milk independently agreed to join the producers' association.

### One Company Capitulates.

The embargo placed on the Younger plant at Garden Prairie was lifted when the company signed up at the increase in price demanded.

The supply of 30,000 pounds usually received by the Bowman company from Palatine was cut off following a meeting of 100 farmers in Seip's hall in Palatine, at which they unanimously agreed not to ship to any dealers who refuse to pay $1.55 per hundred pounds. Following the meeting at Palatine Sheriff John E. Traeger assigned ten deputy sheriffs to that town and Barrington to protect farmers who bring in milk from Lake and McHenry counties.

A deputy guarding one of two wagon loads of milk being delivered to the Bowman plant in Palatine by farmers from Long Grove was dragged from the wagon and disarmed by a picket. Other deputies ran to the man's aid and the farmer fled with the deputy's weapon. Today a delegation will go from Palatine to Long Grove to induce farmers there to join the strike.

### Mrs. Tyson Backs Farmers.

Mrs. Russell Tyson of 20 Goethe street, who owns a 500 acre farm near Brattleboro, Vt., and who will be one of the principal speakers at the middle west conference of the Women's National Agricultural and Horticultural association, which opens at the Art institute on April 12, declared that farmers should receive at least 9 cents a quart for milk.

"The sterilization, the milkmen's suits, the upkeep of the barns, and everything are expensive," she said. "The delivery of milk comes high and one should be willing to pay the farmers' prices for good, clean, pure milk. I think milk should never be delivered in bulk, but bottled and sterilized where it is produced. The best thing to do is to teach the farmers to produce milk cleanly and carefully and then pay them for their pains at least 9 cents a quart for whole milk and at least 10 or perhaps 12 cents for special babies' milk."

MILK PRODUCERS ASSOCIATION

THURSDAY, A. M. APRIL 6, 1916

Wisconsin Condensed Milk Company will not ship raw milk into Chicago until things are settled.

The dealers have injuncted the farmers to see if they can not get more of them to join the Association. Copy of injunction in bulletin tomorrow.

The plants at Geneva Lake, Bassets Station, Richmond, Elburne, Palatine, Belvidere and many shipping points closed this morning.

The Lake Zurith Creamery Co., Huntley Dairy Co., The National Dairy Co., Roxham at Antioch, Oatman, Jelke and Younger all buying their milk at the Association Price.

We advise and recommend that where the milk has been sold by our members at the full Association price they be permitted to ship and deliver their milk. This will help to bring the big fellows.

The greatest meeting ever held in the history of the dairy industry at Elgin yesterday, 800 men fully determined to stand to the very last for their rights.

400 determined men in a mammoth meeting at Naperville, Illinois, last night and so it goes all over the district.

Producers joining the Associations by the hundreds as fast as they can sign their names.

**Hold fast. Go after members. Keep us posted. Bulletin tomorrow.**

## Missionary Offered Stranger a Night's Lodging (with Bath).

Mr. Peter Johnson is a mission worker and he lives at 869 East Sixty-third street. He has other business, but he finds keen delight in helping the weary and heavy laden.

One night eight years ago he was preaching in a mission in Clark street, between Van Buren and Harrison streets, where the air is pungent and footsteps are irregular. His eye fell upon a frowsy person passing the door and the missioner called upon him to enter and be of good cheer. The frowsy one was quickly converted and knelt at the mourners' bench, where he wrestled mightily with the spirit. Presently, refreshed in soul, he arose, stole the missioner's overcoat, went across the street, and hocked it for 50 cents.

This was eight years ago. Yet it did not sour the charity of Mr. Peter Johnson. He continued to extend the hand of generosity to the perishing.

### The Scene Changes.

So last night Mr. Johnson was walking in State street near Van Buren, where the flower of chivalry is ragweed, and he chanced upon a wayfarer who was hungry, weary, dusty, and homeless.

"Come with me, stranger," said Mr. Johnson, "and I will give you a bed and food and a bit of money for the morrow."

The stranger was overwhelmed and he replied in abundant thanks. So they rode in a street car to the missionary's home in Sixty-third street, the missionary expatiating the while upon the beauties of a life well tuned in the ways of sanctity. In all of these things the wanderer took a wholesome interest. Presently they arrived in Mr. oJhnson's home.

### Yonder Is the Bath.

"Here," said the missionary, "is your bed for the night. You will find the bathroom there, and after you have slept I shall call you to breakfast and you can start the day feeling the better for your repose. It would be a blessing if you would begin life anew with a prayer before you sleep."

The stranger was touched. He reached for his handkerchief pocket. The missionary foresaw this and bade him be of stout heart and not weep. But the stranger clutched at his hip and after a bit of effort jerked forth—not a handkerchief but a large navy revolver, about a 42 centimeter.

"I guess," said he, "that I won't bother about the prayer or the sleep, but I'll just take your dough and be off."

### Then He Preached.

"Stranger," began the missionary, and then he talked. He missioned as he had never missioned before. With swift, sure strokes he painted the glories of the life everlasting. The stranger listened and listened. Presently a tear bubbled from his grimy eye and rolled down his cheek, hitting and missing the wrinkles and dust gathered there. Slowly he shoved the revolver back into his pocket. He burst into tears and sorrowfully shuffled his way out of the house.

It was not the man of eight years ago.

## Mother Wins Divorce from Man Once Accused of Embezzlement.

Frank Henning, the cashier who two years ago was accused of embezzling $50,000 from the Farmers' Bank of Schaumberg, Ill., and was freed by a technicality, was divorced yesterday by his wife, Mrs. Rose Henning, on charges of desertion. When Henning first fled his wife said that she would stick to him. Later she changed her attitude and taught her 5 year old child, Ruth, that Henning was dead.

# NEWSIE TELLS HOW HE GOT HIS PICTURE IN THE TRIBUNE

## Melbert L. Staley Turned This Story In to the City Editor and It's Running "Flat."

BY MELBERT L. STALEY.

[Submitted at regular rates.]

"Paper, sir?"

It was the newsie paraphrase of this invitation that got my picture in THE TRIBUNE yesterday and I sold a hundred more TRIBUNES because of that picture in the paper yesterday.

Displaying it on the stand is my advertising scheme, not conceit. The story about me yesterday explaining that a newsboy says "poipoi" and "pwapa" instead of "paper" because it is easier on the vocal chords is true. Every newsboy has found out that if he is polite he can yell any old thing and with a cheery "Thank you, sir," clinch the customer.

If a man reads THE TRIBUNE once he'll read it always. It only needs that little relationship of politeness to make him buy it here.

"I intend to go to college if I sell enough papers to keep me there," said Melbert L. Staley, 3224 Craft street, the newsie at Clark street and Belmont avenue, yesterday afternoon after being "caught with the goods." His picture in THE TRIBUNE stuck all over the stand.

# KEEPS LIST OF HIS GIRLS IN MEMORANDUM BOOK.

## Fred Hodgkins' Wife Gets the Record and It and "Brown Eyes" Letter Win Her Divorce.

"Brown Eyes" wasn't the only girl acquainted with Fred Hodgkins of 816 Wells street, whose wife, Mrs. Alice Hodgkins of 1104 North Dearborn street, divorced him yesterday. She showed Judge Kersten her husband's memorandum book, containing names, addresses, and telephone numbers of several girls. This letter was read:

"Dear Fred: Well, how's the boy feeling today, so far away from dear old Chicago? O, if you only knew how blue I get, you would write more letters to me and call me your dear old time sweetheart. Happy will the day be when you can leave off the 'old time' part of it and I can once again be your sweetheart.

"Well, I guess it doesn't do any good to dream. Dreams don't bring you anything. They only make you old and gray—and that will never do. Ever yours,

"BROWN EYES."

# GIRL FOUND AMONG FRIENDS

Miss Lillian Gimber, 21 years old, 6236 South Troy street, missing since Tuesday, when she went to the west side to complete a real estate deal, was reported found last night by relatives, but her whereabouts were not revealed. It was admitted that Miss Gimber was more or less affected nervously and her depressed condition was given as the reason for her disappearance.

The flask broke and the glass severed an artery in her leg. She bled to death on the sidewalk while her daughter, Lulu Godfrey, 19 years old, made frantic efforts to save her.

# WET RESTAURANT CLOSING AT 1 A.M. COMES UP TODAY

## Council to Act on Measures to Clamp on Lid and Increase Salaries.

Now that the election is past, the ordinance closing "wet" restaurants at 1 o'clock will be called up for passage by the city council at this afternoon's meeting.

It could have been called up a week ago, but several candidates for reëlection asked that they be spared a roll call's possible effect on their support at the polls. This request came from "wets" and "drys" alike, for so far no opposition has developed against the measure. The "wets" say the regulation should be enforced to eliminate discrimination against saloonkeepers who have no restaurants.

The council also will have before it the ordinance to increase the aldermanic salary from $3,000 to $3,500 a year, the maximum permitted by law. Ald. Oscar De Priest has a majority of the council signed up to vote for the ordinance.

Several members of the finance committee are expected to oppose the ordinance with arguments that the aldermanic salaries should not be raised in a year when scrubwomen and other employés on low wages were denied increases because of the city's financial condition.

A report to the effect that Chief Healey would be brought before the grand jury again today and asked to explain why he talked outside of the grand jury room concerning his testimony was denied by Mr. Sullivan. There is no law to prevent a person from telling what he knows to reporters. The assistant state's attorney was present when the chief gave out his interview and aided him in recalling certain things.

# LENGTHEN DAY IN GERMANY.

BERLIN, April 6.—[By wireless.]—The German federal council has passed a measure that on May 1 all clocks shall be set ahead one hour. The measure was proposed for hygienic and economic reasons, lengthening working time during daylight and decreasing the necessity for artificial light.

# SENATORS VOTE FOR VOLUNTEER ARMY, 36 TO 34

## Efforts of Guard Officers to Force It Out of Chamberlain Bill Fail.

[BY A STAFF CORRESPONDENT.]

Washington, D. C., April 6.—[Special.]—The effort of national guard officers throughout the country to force the senate to eliminate section 56 of the Chamberlain army bill, providing for a volunteer army, failed today when by a vote of 36 to 34 it rejected the motion of Senator Lee of Maryland to strige the paragraph from the measure.

Senators voting in favor of the volunteer army were:

### Militia Draws Fire.

The vote came after three days' wrangling over the national guard, during which Senator Chamberlain, chairman of the military committee, announced that he was ready to wipe the guard out of existence if it did not cease its political activities.

The advocates of the national guard held sway in the senate today. Senators Cummins of Iowa and Hardwick of Georgia took up most of the afternoon defending the various officials, Senator Chamberlain and others had charged with lobbying. With respect to Senator Chamberlain's assertion that the guard was attempting to make of itself a political as well as a military organization, Senator Cummins said:

"I am not one of those who think the guard is indulging in political activity. Rather I believe it is doing its utmost to make of itself an efficient military force, and whatever action it is taking with respect to this provision is being taken with that end in view."

Senator O'Gorman of New York, however, replied to Senator Cummins by reading to the senate a letter he had received from a New York national guard officer practically ordering him to vote for the Lee motion.

### Wilson Keeps Silence.

Throughout the day efforts were made by both sides in the senate to ascertain the attitude of the White House towards the volunteer army section of the bill. Had President Wilson cared to express his opinion of the section many votes would have been made for it or taken away from it, according to his view, but the president refused to commit himself.

### $34,297,050 for Forts.

The fortifications bill—second of the big preparedness measures—was reported favorably to the house today. It carries a total of $34,297,050, by far the largest bill of this sort ever brought before congress.

The outstanding features of the bill are these:

Huge increases in reserve ammunition for field, seacoast, and siege cannon.

The adoption of anti-aircraft guns.

Acquirement of the exclusive rights and installation of the Hammond radio controlled torpedo.

Fortification of New York and Chesapeake bays with sixteen inch guns.

Fortifications of Boston, San Francisco, Hawaii, and the Philippines with twelve inch guns, having a range of 30,000 yards.

Completion of the fortifications of Los Angeles and San Diego.

Appropriation of $1,000,000 to equip private plants with tools and machinery necessary to manufacture standard munitions for the army.

Provision that government arsenals shall be operated at their full economic capacity.

# SAVE YOUR HAIR! 25 CENT BOTTLE STOPS DANDRUFF

Every bit of dandruff disappears and hair stops coming out.

Try this! Your hair appears glossy, abundant, wavy and beautiful.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful.—Advertisement.

# LIFE OF AMERICAN SOLDIER PROVES HARD ROW TO HOE

BY CAPT. HENRY J. REILLY.

## QUESTIONS AND ANSWERS.

J. C. K. writes: "In the Chicago American of yesterday I noticed an editorial which proposed to use the army as workers on the Mississippi and the canal from Lake Michigan to that river. From time to time I have seen similar schemes for the use of the army during peace. What I don't understand is, if the time spent by a soldier in the army is not taken up with military work, but is sufficient to permit of him also doing nonmilitary work, why not shorten the enlistment to he amount of time needed to teach him his military duties alone?"

REPLY.

You have hit the nail on the head. The length of the enlistment should be long enough to teach the soldier the business of soldiering and nothing more. The trouble with the writer of the editorial which you mention and thousands of other people in this country is that they have no conception of how much hard, continuous, careful work under competent instructors is needed to make a soldier.

This misconception is not only true of civilians but is even true of a number of men who have received partial military training and who, knowing a little, think they know it all. A reasonably good infantry soldier could not possibly be made in less than a year of continuous, intensive training under the most competent instructors.

Many people of great experience are inclined to put the minimum period at two years. The trouble with too many is that they think the purely mechanical part of the training of a soldier is all there is to it. They entirely ignore the soul of the whole matter, which is the absorption of the discipline and spirit which will enable a soldier to handle successfully his weapons and carry out the military wishes of his superiors under the tremendous excitement of battle.

Incidentally, the people who imagine the officers and soldiers of the regular army and officers and sailors of the navy to be sitting around with nothing to do should go and spend a week at an army post or on board one of our battleships.

Many of them would soon come to the same conclusion as that come to by the boy who wanted to go to West Point until his father presented him with a book describing the life of a cadet at that institution. After reading it he changed his mind. On being pressed for the reason, he said: "Why, I thought all they had to do was go to a few parades and drills in that good looking uniform but if what this book tells me is true they worked the daylights out of them morning, noon, and night, week in and week out, and only give them one real vacation in the four years."

W. H. D. and a number of others, having written requesting information as to the makeup of our fleets, the following list is published:

[Note—[a] represents number of guns on board over four inch; [b] represents number of guns on board under four inch.]

Atlantic Fleet—Battleships: Wyoming, 33 [a], 4 [b]; Arkansas, 33 [a], 4 [b]; New York, 31 [a], 4 [b]; Delaware, 24 [a], 4 [b]; Texas, 31 [a], 4 [b]; Florida, 26 [a], 4 [b]; Kansas, 24 [a], 22 [b]; Utah, 26 [a], 4 [b]; Battleships second line: Michigan, 8 [a], 26 [b]; South Carolina, 8 [a], 26 [b]; New Jersey, 24 [a], 15 [b]; Nebraska, 24 [a], 16 [b]; Rhode Island, 24 [a], 16 [b]; Louisiana, 24 [a], 22 [b], Connecticut, 24 [a], 22 [b]; Minnesota, 24 [a]; New Hampshire, 24 [a], 22 [b]; and Vermont, 24 [a], 22 [b].

# PLANS BIG ENCAMPMENT FOR THE ILLINOIS MILITIA.

Springfield, Ill., April 6.—One of the most comprehensive encampments ever arranged for the Illinois national guard was announced today by Adj. Gen. Dickson.

Two camps, one at Fort Sheridan, Chicago, and the other at Camp Lincoln, Springfield, will be maintained. Six battalions of field artillery and the field hospital corps will go into camp with the regular army at Sparta, Wis. The engineer corps of Chicago will go into the joint United States army camp at Belvoir Tract, Va.

The first school of instructions for officers ever held in Illinois will be at Fort Sheridan Aug. 9-16.

# SOUTH CHICAGO WILL BE SAVED FROM THE ENEMY

## Col. Foreman and Officers Ride to City's Defense Tomorrow; They'll Camp in Open.

A decisive battle will be fought on Sunday at Ninety-fifth street near the lake shore. A strategic move by the First cavalry of the Illinois national guard in covering an infantry retreat will hold a hostile Red army advancing from Indianapolis in check until reinforcements arrive and South Chicago will be saved.

Word was received last night that several hundred Red cavalrymen had bivouacked on the east branch of the Du Page river between Wheaton and Downers Grove. Today, according to reliable information, Red infantry and artillery will detrain south of Lansing with a view to marching on South Chicago to capture the steel and munition plants and the large grain elevators. A battle will be fought tomorrow near Globe at which the Blue army defending Chicago will be defeated and compelled to fall back.

### Scouts Report Hourly.

Word will be sent to Col. Milton J. Foreman and by 1 p. m. his command will be leaving the armory at 1330 North Clark street. Camp will be pitched tomorrow evening at Seventy-eighth street and the lake, and tomorrow morning the troopers will ride to the attack.

Not even a blank cartridge will be fired during the engagement. Only the officers and first sergeants of the regiment will take part in the tactical ride and work out the problems based on situations that have arisen many times during the European war and which are likely to happen in any campaign.

The officers will sleep Saturday night in field tents and their meals will be prepared on the regular field equipment. They will return Sunday evening.

### Where They'll Train.

The annual encampment of the Illinois National guard, it was announced, will begin on July 16 at Fort Sheridan, and on Aug. 20 the naval reserve commands will go into camp at Camp Lincoln. The six battalions of field artillery will go to Sparta, Wis., with the regulars, as will the field hospital corps. The engineer corps will go to join the United States army camp at Belvoir Tract, Va. The signal corps will go into camp at Fort Sheridan at a date not yet set. The First cavalry will go on a two weeks' practice march through the Fox river valley.

### SWIFTS TO DRILL MEN.

Swift & Co., one of the largest Chicago employers, has taken up the business of soldier making.

The office men have been mustered in the new "Military club." The 125 young men who accepted the invitation to procure military training at the least possible loss of time and no cost were mustered in what will be known as "Company A of the Swift & Co. Military club" Wednesday evening. The entire working force, in all departments of the packing business will be given the opportunity later to organize and receive the army setting up exercises, training in the manual of arms, with Springfield rifles, instruction in the school of the soldier, and larger units later.

Complete uniforms will be provided by the company. Any employé between the age of 18 and 35 years is eligible for membership in the club, provided he can pass the physical examination.

### LEGION URGES DRILL FOR ALL

Enactment of laws compelling the registration and military training of all male citizens between the ages of 18 and 45 years of age was recommended in resolutions adopted at a meeting of the Military Order of the Loyal Legion of the United States at the Palmer house last night.

The resolutions read:

"Resolved, The congress of the United States should enact a law providing for the registration of all male citizens between the ages of 18 and 45 years, and with the specific declaration in the law that all such persons so registered shall automatically become the provincial army of the United States in the event of war.

"It does away, in case of war, with the sure necessity of an act of congress calling for conscription, thus obviating a repetition of the ignominious acts which attend the execution of the law drafting into the army's service the men needed for the defense of the nation's life in 1863."

# HEALEY BEFORE GRAND JURORS; ALL IS PEACE

## Chief Comes Away Smiling and Hoyne Aids Have No Complaint.

Chief of Police Healey met the state's attorney's office face to face yesterday and came away with clean sails.

He was the "surprise" witness in the grand jury investigation of the collection of graft in the Twenty-first ward "levee." Mr. Hoyne seeks the indictment of Francis A. Becker and "Spike" Hennessey who have been implicated by procurers of vice privileges.

For twenty minutes the chief was sharply questioned by Assistant State's Attorney Michael F Sullivan. Both men maintained the dignity of their office, and both at the conclusion of the inquiry expressed complete satisfaction with themselves.

Mr. Sullivan admitted Chief Healey knew nothing that would help the investigation. Several days ago Mr. Hoyne implied the chief had given Becker a revolver, advising Becker "he might need it." The chief convinced the jurors he knew neither Becker nor Hennessey.

### Healey Gives Facts.

Chief Healey, who originally disclosed the north side vice graft, related his conversation with Ethel Rice regarding her supposed payment of graft to John Labow and Abe Shapiro and said he directed the arrest of the men.

"When Spike Hennessey's name was mentioned," continued the chief, "I told them I didn't know him. Becker's name was mentioned, but I was not questioned regarding him. I explained I was just as anxious as any one else to stop the collection of tribute from gamblers and unfortunate women and was willing to assist in every way. They did not question me regarding general vice conditions in the city."

Becker has been credited with saying he "will explode something nasty about some of Hoyne's men" if an indictment is voted.

### New Disclosures Made?

Paul Shoop and Isadore Rosen, who, according to Mr. Hoyne, have confessed making collections and turning the money over to Becker and Hennessey, are said to have made damaging disclosures regarding the system and the names of the gamblers and disorderly house keepers who paid monthly tribute ranging from $25 to $50.

Important testimony for the state was also given by August Englehart, May Dwyer, Evelyn Stone, Irene Moss, Nellie Burns, Emma Ryan, William Warner, and David Smith.

# NONSUPPORT CHARGE MADE AGAINST HOWARD CAPPER.

## Wife of Haberdasher's Son Declares Husband Has Given Her Only $8 Since Last January.

Mrs. Josephine Capper, 24 years old, of 5926 Indiana avenue, applied for a warrant for the arrest of her husband, Howard C. Capper, 23 years old, of 5654 South Park avenue, yesterday in the Court of Domestic Relations. Nonsupport is charged. Mr. Capper is a son of John S. Capper of Capper & Capper.

Mrs. Capper alleges they were married Jan. 7, 1914, and separated Sept. 28, 1914. She also alleges in her complaint that the last time Capper contributed to her support was Jan. 11, 1916, when she received $8.

She gave her husband's occupation as a salesman, with a salary of $35 a week.

son and the complainant in the criminal proceedings instituted against him.

The trustees were asked whether they would be lenient if the missing cashier could offer a plan for making restitution Mr. Dyche, it was reported, showed a disposition to "allow justice to take its regular course." Other trustees displayed a change of front from their attitude at the time of Jackson's flight. At that time it was reported Jackson's return would be the signal for members of the faculty and business friends to make good his shortage.

# TURKS NEED RED CROSS AID.

## Local Treasurer Makes Appeal on Moslem Advices That Thousands Are Starving.

Orson Smith, the local treasurer of the Red Cross, acting upon advices from Washington, announced yesterday that the Chicago chapter is now in a position to receive contributions for Red Cross relief work for civilians of all races in Turkey.

"The Red Cross," said Mr. Smith, "advises that it received a cablegram from its representative in Constantinople stating there is great suffering, particularly at Constantinople and suburbs. There are 500,000 people, not comprising Armenian refugees, who need bread. Hundreds are dying of starvation. There is a high mortality and typhus is spreading."

# HUSBAND FOR POLYGAMY, WIFE'S DIVORCE CHARGE.

## Mrs. Edwina Ord Gets Decree—Rumor of Speedy Remarriage to C. D. Kinsey Doubted by Sister.

Mrs. Edwina D. Ord was granted by Judge Kersten a divorce from William Ord, sales manager for a manufacturing company, yesterday. It has been rumored that she might marry Carl De Elmo Kinsey, who recently was divorced by Mrs. Blanche Decker Kinsey of Oak Park.

"We were married in Detroit on April 30, 1907," Mrs. Ord testified. "We separated several times, but our final separation came on Dec. 15 last. Mr. Ord has made the remark that he thought marriage a farce and that there should be no such institution as marriage. A man, he said, should be free. He declared that he was a polygamist and would have his freedom. He confessed to me that once in 1911 and one time later he went to a hotel with another man and two girls and remained there."

Mr. Ord was not represented at the hearing.

# CHILDREN TAKEN FROM PREACHER AND ERRING WIFE

## Judge Grants the Rev. Mr. Clarkson Divorce, but Queries Him on Forgiveness.

**When they continued asking him, he lifted up himself and said unto them, He that is without sin among you, let him first cast a stone at her.**

The man on the bench turned and faced the minister.

"Lest I forget it," he said, "I want to ask you something that has been uppermost in my mind. You are entitled to a divorce under the proof. But she asks that she be allowed to keep the children.

"I ask you if you are true to your religion of forgiveness and hope for the future, why not apply the principles you preach to your wife and to your home?"

### Judge Stough the Speaker.

The speaker was Judge Samuel C. Stough. The man before him was the Rev. Nestor K. Clarkson, evangelist and street preacher. He had just won a divorce from his wife, Mabel Clarkson, the mother of his five children, on an uncontested charge that she had gone to a downtown hotel with another man.

The minister looked up and saw his wife's friends—missionaries and social workers—sobbing.

"Shall I answer, judge?" he ventured, hesitatingly.

### Both Dependent on Alms.

"No, no," the court replied. "She is penniless. You are dependent on voluntary contributions—on alms—for your existence. I am going to divorce you and relieve you both for the present of all responsibility for the children.

"I will decide tomorrow where I will send them. I will place them in some home."

Earlier in the hearing the Rev. Alice P. Aldrich, a Congregationalist minister and missionary for the Chicago Law and Order league, had testified she still believed Mrs. Clarkson a good woman and should have her children.

# WARNING TO CARD PLAYERS.

## Clean Living, New Health Magazine, Tells of Germ Perils Lurking in Pasteboards.

Health Commissioner Robertson yesterday distributed copies of the first issue of Clean Living, a magazine published by a donation given him by a friend of his department whose name he refuses to disclose. Dr. G. Frank Lydston contributes an article on "The Germ in the Cards," a warning against the danger of infection resulting from some card players' habit of wetting their fingers in order to handle the pasteboards more easily. Dr. Henry F. Lewis discusses "The Philosophy of Pain" and Dr. Maximilian Herzog sounds the warning, "Don't Eat Raw Pork." The little magazine is illustrated with cuts designed by members of the health department.

# REGIS TRIPP AGAIN HEROINE OF CROWN POINT WEDDING.

## Lawyer's Daughter, Who Eloped After Cafe Wooing, Later Divorced, Marries Newspaper Man.

Regis Tripp, heroine of a Crown Point marriage a year ago last January and a lightning divorce last June, again has resumed her rôle as heroine. She was wedded with the same stage setting—Crown Point—yesterday, to Everett B. Cheshire, a newspaper reporter of Des Moines, Ia.

Regis Tripp Cheshire is the daughter of the late Arnold Tripp, a prominent Chicago lawyer. One night in January, 1915, she and her girl chum, Lorraine Nelson, met Charles Parker and Frank McAvoy in the North Star Inn. The following day there was a hasty trip to Crown Point, and Miss Tripp became Mrs. Frank McAvoy and Miss Nelson Mrs. Charles Parker.

Not being of age, Mrs. Tripp objected to her daughter's marriage with McAvoy, who earned his living by singing at cabarets and selling perfume. A few months later Regis sued for divorce, and Judge Stough granted her a decree in twelve minutes. It was during this suit that she met Cheshire.

Regis evidently "put another one over" on her mother. When a reporter for THE TRIBUNE called up Mrs. Tripp's home, at 4821 Sheridan road, it was said Mrs. Tripp did not know a thing about her daughter's second wedding.

# "JINGO" IN CHICAGO TODAY.

## Advance Warning of the Anti-Preparedness Meeting Monday Night.

The fearful warning that the anti-preparedness group sent down Broadway in New York the other day will arrive in Chicago today as a percursor to a public meeting to be held in the Auditorium Monday night.

The "warning" is embodied as "Jingo," a fifteen foot model of a dinosaur, the "emblem" chosen by the organization which is preaching anti-militarism.

Among the speakers for the Auditorium meeting are the Rev. Washington Glidden, Rabbi Stephen A. Wise of New York, and Amos Pinchot.

# ARCHITECTS BUSY ON BOARD OF TRADE PLANS.

## Tentative Designs for New Structure May Be Ready Before the End of April.

Tentative plans for the erection of a new board of trade building to occupy the site of the present structure at Jackson boulevard and La Salle street probably will be completed before the end of April. Seven of the leading architectural firms in Chicago have been working on a general scheme for the building for the last six weeks and some of them already are in the hands of the building committee appointed by the board the first of the year.

As soon as the committee accepts a plan the architect will be instructed to proceed with the details and it is expected that the work of tearing down the old structure will be under way by fall.

J. P. Griffin, president of the board, has appointed John H. Jones as a member of the committee to succeed the late Edward A. Nickels. The other members are B. A. Eckhart, James A. Patten, George M. Reynolds, and Joseph Simons.

# M. V. L. MADE REDS—MAYOR.

## But Socialist Alderman Says That Thompson Himself Is Responsible.

Mayor Thompson yesterday congratulated the Municipal Voters' league on the size of the Socialist vote—45,000—in the election last Tuesday.

"The league should be elated," he said. "It indorsed six Socialists."

"But the mayor himself did more to bring out the Socialist vote than anybody else," said Ald. John C. Kennedy when told of the mayor's remark.

**Our Annual Easter Candy Sale Begins Today**

THIS is a great event for this store because we have been preparing for it for more than three months. The idea is to sell candies of quality and character at a price so low that it will attract widespread attention.

This store has established "something of a reputation" in its candy department and we mean to strengthen that reputation by this sale and to add thousands of buyers to the candy department.

Candy is a wholesome and beneficial article of diet, has food value of the highest order, and nearly every person will be benefited by a temperate use of it. Undoubtedly it would be used to a far greater extent if the prices for really good candy were not so high. This store has made it a point to sell candy only of unquestionable quality and at so reasonable a margin of profit as to take it out of the realm of luxuries and make of it a staple product.

We want especially the discriminating candy lover to try some of these candies advertised.

**Hand Rolled Chocolates 25c Lb.**
Big, wholesome chocolate jackets filled with rich, smooth, hand-rolled cream centers—flavored with fruit and many filled with chopped nuts. An exceptional candy at an exceptional price, so we would suggest buying liberally.

**Peanut Glace 19c Lb.**
Big, wholesome Virginia peanuts—the jumbo variety—in a most delicious glace coating. The peanuts are fresh from the roaster and have been used unsparingly. Cocoanut Glace may be had at the same price, if desired.

*—Stephen Decatur.*

## ROOSEVELT SETS THE PACE.

Col. Roosevelt has said that if the nation does not want a pussy foot, and if the Republican party, not wanting a pussy foot, wants him with the understanding of what it will be getting, it can take him. It can understand that it will be getting a man-child, and if the nation subsequently indorses its selection the nation will get a two fisted president.

The colonel says, as he frequently has said, that he abhors war, but hates several other things worse, and knows that the United States can get into conditions more hideous than that of war.

Roosevelt thus makes himself more of an avowed candidate for the Republican nomination than are any of the men working for the nomination. He has declared not so much his candidacy as his principles. It is upon the point of principles that the country is most in ignorance with respect to the others.

The east, with the parochialism which we all admire, confesses that the issue is between Roosevelt and Hughes, both New Yorkers. That they are the most conspicuous men in the thoughts of Republicans is true. That they monopolize opportunity may be doubted out in the west.

The main point is that Roosevelt has declared himself, downright, without stuttering or equivocation. He is in that respect a highly desirable candidate. He is known for what he thinks. Concerning the others we know little, concerning Hughes nothing.

Mr. Hughes, as we have said before, is in a position in which he cannot directly let the people know what he thinks on the subjects concerning which a candidate's thoughts ought to be known to the people. But if his name is to go before the Republican convention it ought to go preceded by an announcement, made indirectly if need be, but with authority, of what he believes and would do.

Folk probably have an idea of what Col. Roosevelt is driving at with his contribution of "pussy foot" to the present campaign. We agree with him to this extent—that pussy foot candidacies are undesirable. The nation will not want to pick a man in the dark.

## VOTING FOR FORD.

If the American people cannot raise its intelligence above the level represented by the vote in Michigan in favor of Henry Ford for the Republican presidential nomination, they will some day pay for their inertia in blood and shame.

Mr. Ford has good intention. He has exhibited on the subject of war and defense a complete want of good sense. The Michigan voters who gave him their indorsement doubtless have good intention. They are not showing good sense.

Good intention saves no man and no people from the consequences of a lack of good sense.

A passion for peace will not save the United States from the consequences of lazy thinking or no thinking.

The vote for Ford represents a process of reasoning like this: Mr. Ford is a good man who wants peace. I want peace. Therefore I am for Mr. Ford.

Unless the mass of Americans can be shaken out of the mental sloth and indifference to the lessons of experience which make such folly possible, we must await the brutal and unescapable teaching of disaster. That will surely come and come, we have reason to fear, soon.

Is there hope that America is awakening? Certainly there is evidence of it. Yet we would do well not to overestimate it. The Michigan Ford vote shows how great is the need for education and vigorous propaganda still. We have had the privilege of learning at a minimum cost from one of the most staggering lessons of all history. The European cataclysm is before us and we are hanging over the abyss. Yet there are millions of Americans who are dozing still or playing with iridescent bubbles of sentiment because of mental indolence or a moral weakness which shrinks from painful truths.

England, another country whose passion was peace, shut her eyes, too, and is now paying the price. Lord Roberts preached the plain facts for years before the catastrophe fell upon her. But they were unpleasant facts and England has many pacifists and optimists who drowned his voice in sophistry and abuse. Warning after warning flamed across the sky of European politics. Again and again Europe stood on the brink of this very war and managed to escape. So the pacifists jeered at the jingoes and alarmists and proved conclusively that the war now raging could never come. We have all that in America.

England hated the thought of war. Her distaste and her indifference were too much for logic and experience and cold facts. We, too, hate the thought of war. Are our distaste and our indifference to triumph over logic, experience, and cold facts?

The ignorance, the fallacies, the shirking and compromise of congress give us warning. The Ford vote is a warning. We cannot afford to despair and certainly Americans are waking. But the fight is only begun.

## WE PAY HIS TAX.

Baron Astor of Hevor, who used to be an American named William Waldorf Astor, is now an Englishman, and because he is one it is right and just that he should pay taxes to the English government. He is paying enormous sums. During the year he turned over in taxes almost a million and a half and under a new assessment he will pay $240,000 more.

Baron Astor is not morally despicable as are those expatriates who live abroad as American citizens and thus avoid every responsibility. He wanted to be an Englishman and he became one.

What Americans have the right to object to is that New York is paying Baron Astor's English taxes for him. Baron Astor did not make all his money by his own efforts. His ancestors bought real estate and allowed the energies of New Yorkers to make it valuable to them. Americans earned Baron Astor's money for him and are earning more for him now. It is money earned by Americans which remodeled Hevor castle and supports his prize cattle.

Baron Astor has no just claim to an income from the United States. He does nothing for this country. He is being paid for the cleverness and activity of his ancestors and their associates.

Perhaps a heavily graded inheritance tax would have prevented his change of allegiance. He bought his way into the English aristocracy with American money. But it would have relieved Americans from the necessity of paying English war taxes.

## BETRAYING THE GUARD.

Senator Chamberlain in his striking speech of Wednesday made the following assertion, with which not only THE TRIBUNE but, we are confident, the rank and file, the overwhelming majority of officers and men, of the national guard are in hearty sympathy.

"If the national guard comes here with a determination to prevent all other legislation for national defense, I say it ought to be wiped out of existence. If it seeks to be a political force, seeking to prevent legislation to raise a force to protect the country, I for one am in favor of eliminating it entirely.

"I want to make the national guard an effective military force, not an effective political machine, but if it is the guard's purpose, as has been evidenced during the last few days, to make of itself a political as well as a military force I am for wiping it out and doing it now."

To this Senator Nelson added this emphatic charge:

"The national guard is trying to hamstring this army bill. In all my experience in public life I have never seen such an instance of bald lobbying as this effort to beat the Chamberlain bill or make it subservient to the guard's interests. The national guard are fighting this bill because they fear it threatens their existence."

Neither of these senators meant the national guard in fact. It is not the national guard that is lobbying selfishly at Washington to make jobs for a few political guardsmen and to get pork at any price. It is a few ambitious gentlemen who represent themselves and neither the guard nor the interests of the guard. Men like Critchfield of Ohio do not express the standards or opinions of intelligent, patriotic guardsmen. They are exploiting and discrediting the guard.

It cannot be said that the guard is wholly without responsibility for the activities now purporting to be carried on in its behalf in Washington, and it is to be hoped the real public spirit and legitimate self-interest of the organization will show themselves now in a vigorous repudiation of the lobbyists. Guardsmen ought to let their senators and congressmen know without delay that they want sound military legislation and nothing less, and that they are not supporting the lobby.

The Chamberlain bill favors the real interests of the national guard and will make it more efficient. Its provisions for a volunteer force are more carefully devised than the original Garrison plan, and while they are not likely, in THE TRIBUNE'S opinion, to produce very important military results they offer no legitimate grounds for objection by patriotic guardsmen. The only proper and effectual system is universal military service, but until it is adopted we cannot afford to rest upon the national guard but must make as available as we can whatever resources the faulty volunteer system offers us.

Competent national guardsmen all know the inevitable defects of the guard. They know that with the exception of a negligible minority the guard is nowhere near ready for service and never will be in spite of the most devoted effort on the part of its members and the most favoring legislation. The guard has improved since 1898 and may be improved, but its basic conditions are hopeless so far as modern military standards are considered. In case of war against a real military power it would take from six months to a year at best to reorganize it and train it so it could be put through the ordeal of battle with reliance. The alternative is murder.

This is no time to shirk the truth. It is no time to permit a patriotic organization to be utilized by politicians for their own ends. Senator Chamberlain was entirely within the truth when he reminded the senate that the nation stands today on the verge of war. Can congress be forgiven for playing politics at such a time?

Our only reliance for some years to come is and must be the regular army. It will take time to enlarge even that, but this is the minimum that we can afford to accept. It is treason to the nation for national guard officials, who know, if they know anything, how little the guard represents in the way of military strength, to block or weaken a measure like the Chamberlain bill. Only the most unscrupulous selfishness could be capable of such action at such a time. The national guard utilized as a political agency becomes a fraud and a curse. All the self-sacrificing effort that is going into it would be betrayed, and the nation which looks to the guard would be betrayed.

That betrayal the guard will not permit, and it should act now before it is too late.

## IS BILL TRYING TO REDUCE?

Big Bill's satisfaction with the election returns indicates at least that he is not a glutton. It does not take much to satisfy his needs. Politically Bill is dieting. He could get along on the 33 cents a day meals that are making the girls who work see red. Also Bill believes in printing at the top of his carte de jour the legend, "Keep Cheerful." That motto makes a small fare go a long way even for a fat man.

## Editorial of the Day.

### BUSHIDO IN CHICAGO.

[From the New York World.]

Dr. T. B. Sachs, an expert in the white plague, resigned his post as head of the Chicago municipal tuberculosis hospital two weeks ago as a protest against making it "a city hall job factory." He has now committed suicide.

Dr. Sachs was accused before the civil service commission of "waste and extravagance." The Medical society defended him, but Mayor Thompson and the health commissioner pressed the charges. In a parting message he asks that the common council investigate and says that "the community should resist any attempt of unscrupulous contractors to appropriate money which belongs to the sick and the poor. The institution should remain as it was built, unsoiled by graft or politics, the heritage of the people."

Under the chivalric code of Japan a wronged man disembowels himself on his enemy's doorstep, and the enemy is forever disgraced. Dr. Sachs has followed this rule of "bushido." That he honestly believed he was right, and wronged, he has given strong proof. He cannot be cross questioned. Chicago knows its administration to be steeped in organization politics, but conclusions may be drawn hastily.

The strictest inquiry should lay bare the truth. Unless Dr. Sachs' mind was warped or inconceivably malignant his accusing corpse on the doorstep of Chicago is more eloquent than anything he could have said while alive.

I must sleep the hours away;
And it does no good to cry,
For they simply let me lie.
No one rocks or coddles me:
I am being 'trained,' you see.

There are roses on the wall,
But the basket is so tall
I can only see the flowers
When, at the appointed hours,
I am lifted out with care,
To be taken down the stair,

After I am dressed and fed
Back I go again to bed.
Sleeping, waking, there I lie,
And it does no good to cry.
I shan't have a bit of fun
Till this being 'trained' is done.

**NO RICKET.**

Sir: "I believe that if we attend to our own business we will never have another war." Thus, amidst cheers, the revered Champ Clark, and I am somehow reminded of an incident I once witnessed on a train in southern Kentucky.

At a small town in the mountains a lank native entered the smoking car, followed by one of those lean and coon-scarred hounds, all ribs and teeth, that figure so prominently in the business and social life of the region. The man took the first vacant seat, and the dog curled up at his feet. Pretty soon the porter came through the car.

"Is—is at air dawg yo dawg, mistah?"

"He air."

"Cain't have no dawgs in heah, mistah."

Silence.

"Yo gotta take at dawg outa heah, mistah; dey doan low no——"

The mountaineer reached for his hip pocket with practised swiftness, and the porter went through the front end of the car like a puff of smoke, leaving the door with the glass cracked and the hinges sprung. A moment later his voice was heard outside, addressed in frantic expostulation to the conductor.

"Boss, I tell yo right now, deys gwine to be a ricket heah sho! Fellah's got a houn dawg in de cah, an' when I tell him we doan low no dawgs, he fotch out a gun an' mighty neah blow mah haid off. He got a gun long's mah ahm—he got two guns—he got a whole passel——"

"All right, Sam, that'll do. There won't be no ricket."

There was no ricket, and the houn dawg slept peacefully through thirty miles or so of very beautiful mountain scenery. PADDED HAMMER.

### SCIATICA.

STEDMAN defines sciatica as sciatic neuritis, neuralgia of the sciatic nerve, felt at the back of the thighs and sometimes running down the calf of the leg. The sciatic nerve is the great nerve trunk of the leg. In the public mind any pain in the leg not located in a joint is known as sciatica. In many cases thought to be sciatica the pain is not even in the nerve trunk. In many others the pain is in the nerve, but the seat of the trouble is elsewhere.

In the Medical Record Dr. Hunt classifies cases of sciatica into four groups. First, there are the cases of sciatica in which the pain felt in the nerve is the result of pressure on the nerve at the point where is comes away from the spinal column. Injury to or disease in the bones of the lower end of the spinal column, or damage to the joint which joins the spine to the hip bones, affects the sciatic nerve and causes pain to be felt in the leg.

Second, pressure on the nerve in the pelvis by a tumor, a pregnant uterus, or a distended bowel causes a neuralgia in which the pain is felt in the leg rather than in the pelvis. To the causes belonging in these two groups may be added the cases of sciatica in which the real trouble is disease of the hip joint. In these cases the injury to the nerves of the hip makes itself felt in the leg.

Third, constitutional states such as syphilis, alcoholism, diabetes, and malaria.

Fourth, damage to the nerve trunk from injury or exposure to cold.

Plainly, the man who thinks he has sciatica and who wants to be rid of it should first find out what his trouble is. He should make certain the pain is in the nerve and not just somewhere in his leg. Next, he should investigate the possible conditions elsewhere in the body capable of causing pain in the sciatic nerve. What he is to do depends on what he finds. If the trouble is a broken arch he must treat his feet. If the hip joint is responsible treatment must be directed there and not to the nerve. If the pain is due to spinal cord disease, for instance locomotor ataxia, little is gained by treating the nerve. If the pain is the result of conditions in the pelvis attention must be directed to the organs in that locality. If syphilis, malaria, or diabetes is the cause the underlying disease is to be treated. Some men are called upon to choose between alcohol and sciatica.

**SMALLPOX PITS.**

F. C. P. writes: "Will you kindly advise me through your column how I may remove smallpox pits from my face? Any suggestion will be appreciated."

**REPLY.**

Can't be done. Persistent massage, using cold cream, will help a little. You ought to go to anti-vaccination meetings about once a week. In the language of the story, "It would be hard on dad but it would be fine for the pup."

**USE OF COUGH SIRUP.**

Mrs. P. writes: "Will you please give opinion in your 'Keep Well' column on these points: When a girl I heard that it was not a good thing to take a drug or sirup to relieve a cough as the 'cold' might develop into consumption. [1] Can there be any truth in this?

"In opposition to this I met a tubercular patient recently who constantly kept some sort of tablet in her mouth and seldom coughed, yet raised a good deal of sputum. [2] Do you approve of these tablets?

"A well grown boy of 19 years who lives a clean, healthful life on a farm has twice had white swellings come out close behind the ear, slightly above the lobe. The first ones—a year ago—were punctured after some time and discharged some bloody pus. These last ones have been there for five or six weeks. The three of them vary in size from half a hazel nut to a mere pimple. The boy is somewhat troubled with acne and pimples and had several boils and something like an abscess on lower jaw at various times a year ago. These white swellings are rather soft and not in the least painful. The largest now seems to be slowly getting back to normal skin color. [3] Are they dangerous and what is cause and remedy?"

**REPLY.**

1. Colds are liable to develop into consumption, or, to put it better, consumption is liable to be called a cold and treated as such by the use of ordinary cough medicines. The principal objections to cough sirups are [a] many of them contain paregoric; [b] they do no good; [c] the people who use them are prone to overlook a serious disease, such as consumption.

2. People with irritating coughs sometimes make use of troches to help suppress the cough. These are allowed to dissolve in the mouth. They do some good.

3. They are not dangerous. Such is my guess, but I do not know what they are.

**HOT LEMONADE AT BEDTIME.**

G. P. writes: "I am night clerk at a hotel, hours 12 p. m. to 7 a. m., and take my sleep from 8 a. m. to 4 p. m. Lately I have been unable to sleep, so have taken a glass of hot lemonade just before retiring for the last three weeks. Will the continued use of the lemonade be of benefit to me, or have harmful results?"

**REPLY.**

Will do you no harm. May do you some good.

**BROKEN LEG.**

J. B. writes: "I am 40 years old, weigh 265 pounds. Broke my ankle bone two weeks ago Sunday. The doctor at the hospital allowed me to come home with the foot in a cast. How long should the cast remain on? Has my weight and age got anything to do with it?"

**REPLY.**

You will have to wear a cast for about two weeks longer, but the cast should be removed every day for a few minutes' massage and passive exercise. On account of your weight you must go slow in the use of your injured foot. But that is the more reason for massage and passive exercise.

## LA MARQUISE DE FONTENOY.

[Copyright: 1916: By the Brentwood Company.]

NO little confusion is certain to be caused through the action of King George in calling out of abeyance three ancient baronies—namely: those of Strabolgi, of Burgh, and of Dudley—and in directing the government to introduce a bill in parliament for the removal of the act of attainder of 1603 upon the barony of Cobham, for there are already in the house of lords an Earl of Dudley and a Viscount Cobham, who are usually known as Lord Dudley and as Lord Cobham. Therefore the addition of another Lord Cobham and another Lord Dudley to the number of hereditary legislators cannot but give rise to embarrassing mistakes.

The new Lord Strabolgi, who as such takes his place, not at the tail end, but almost at the very head of the list of barons, owing to the fact of his peerage having been created in 1318, has hitherto been known as Mr. Cuthbert Matthias Kenworthy, a Yorkshire landowner, possessed of sufficient wealth to enable him to defray the enormous expense, amounting to some $150,000 or more, needed to establish before the committee of privileges of the house of lords his descent from that David de Strabolgi who, in response to the summons of King Edward II., sat as a peer in the parliament held at York in 1318 by that unfortunate monarch.

This first Lord Strabolgi had fought in the battle of Bannockburn four years previously and had later on played an important part in checking the invasion of northern England by the Scots under Robert Bruce. The barony of Strabolgi fell for the first time into abeyance in 1369 on the death of the third lord, who left only two daughters. It was called out of abeyance in 1496 on the extinction of all the other co-heirs, save Sir Edward Burgh, descended from the eldest daughter of the third baron. It fell again into abeyance in the year 1600, and has remained so until it was again called therefrom the other day by King George V. in favor of Mr. Kenworthy.

The new Lord Burgh is a gallant soldier with many campaigns to his record, was with Kitchener in the Soudan, and is now, as Col. Alexander Henry Leith, commanding the Third battalion of Gordon Highlanders at the front in France. He is the eldest son and heir of the Gen. Disney Leith, Laird of Glenkindie and of Westall, in Aberdeenshire. He is married to a daughter of Col. Mark Goldie, by whom he has two sons. The barony of Burgh is of somewhat less remote creation than that of Strabolgi, for it was created in September, 1487, by King Henry VII. in favor of Sir Thomas Burgh. It fell into abeyance on the death of the sixth baron, who died in infancy, leaving as coheirs six little girls, all of them his sisters.

The new Lord Dudley is also a soldier, a veteran of the South African war, and, commanding the Sixth battalion of the Worcestershire regiment at Saloniki, has been known until now as Col. Ferdinando Dudley Lea-Smith. The barony of Dudley, created in 1341 by Edward III. in favor of John Sutton (who had inherited Dudley castle through his wife, sister and sole heiress of Lord Somery of Dudley castle), fell into abeyance on the death, unmarried, of the fifteenth Baron Dudley in 1757, leaving several sisters as coheiresses to his peerage. It is from the youngest of these sisters that the new Lord Dudley is descended, and he will take his place in the upper chamber at Westminster as sixteenth Baron Dudley, having no connection with the Earl of Dudley, former governor general of the commonwealth of Australia and second earl of his line.

There will be no delay about these three new peers—namely: the Barons Strabolgi, Dudley, and Burgh—assuming possession of their seats in the house of lords. But it will probably need some weeks before the bill can be carried through parliament by command of the king for the removal of its attainder upon the barony of Cobham in favor of Gervase Disney Alexander, son and heir of the original claimant, the late Dr. Reginald Alexander, the leading physician of Halifax and one of the greatest English authorities on phthisis, who died only a few weeks ago.

The barony of Cobham was created in 1313 by Edward II. in favor of Henry de Cobham, fell into abeyance in 1417, and remained there until revived in 1437 in favor of Sir Edward Brooke, son of a granddaughter of the third Baron Cobham. It then remained in the Brooke family until in 1603, Henry Brooke, tenth Lord Cobham, was arraigned in connection with the alleged conspiracy of Sir Walter Raleigh.

Sir Walter, it may be remembered, was beheaded on Tower Hill on an unsupported charge of high treason. Lord Cobham, accused of being his accomplice, had his barony attainted by parliament and his estates in Kent confiscated. He spent the remainder of his days, that is to say, some eighteen years, imprisoned in a dungeon in the tower of London, where, according to some stories, he succumbed to violence. His extensive estates, including Cobham Hill, were bestowed by the crown upon Ludowick Stewart, the last of the Stewart dukes of Lennox, from whom they passed through the marriage of his sister to the Bligh Earls of Darnley, with whom they now remain.

Cobham hall and its park are of particular interest to every reader of Charles Dickens' works, for it was at the "Leather Bottle Inn," situated at the entrance of the park, that the immortal Pickwick found, after a most anxious search, his friend, Tracy Tupman, discussing a hearty dinner in lieu of having, as it was feared, committed suicide through blighted love.

The new Lord Cobham is descended from a sister of the attainted Lord Cobham, the fellow conspirator of Sir Walter Raleigh, and will take his place in the gilded chamber at Westminster as the eleventh Baron Cobham, enjoying precedence over all peers of the rank of baron created since the reign of King Edward II.

There is no connection whatsoever between this barony of Cobham, now about to be revived in favor of Gervase Disney Alexander, and the viscounty of Cobham, held by Charles Lyttelton, head of the Lyttelton family which is so famous in the annals of cricket and of other British sports. The viscounty of Cobham was originally created in favor of Sir Richard Temple, field marshal of the army, for his services as ambassador to Vienna and as a successful commander in Flanders. As he had no children, the viscounty was made with remainder to his sister and to her heirs, and through her marriage it passed into the family of the Grenvilles of Wotton, in Buckinghamshire. She was also created Countess Temple, and her descendant, Richard Temple, fourth Earl Temple, was advanced to the dukedom of Buckingham and of Chandos.

Will our so-called neutral president, guardian of international law, continue to the end to submit to this high handed contempt of our national rights?

Germany's disregard for our people's rights on the high seas is no more shameful to our national pride than John Bull's plundering of our mails on neutral ships—"guaranteed" by international law. How long will we stand for it?

**TOO BLIND TO SEE; TOO DEAD TO FEEL.**

Winona, Wis., April 5.—[Editor of The Tribune.]—If you will permit an expression more forceful than elegant I will say that your cartoon, "Shameful Deliberation," is a "hot one." For the sake of the country keep up the work. You still have a large task to perform in order to stir to a little patriotic life those who are too blind to see and too dead to feel. Those in congress who are virtually at this time blocking the vital needs of this country at the next election should be buried beyond recall. E. N. WILLIAMS.

**MR. HERRICK'S ENGLISH GODS.**

Peru, Ind., April 5.—[Editor of The Tribune.]—After reading Robert Herrick's article today, I hasten to congratulate you upon the publication of this piece of supreme asininity. If Mr. Herrick had any conception of the God of justice upon whom the kaiser calls with such confidence, he might be qualified to write on the question of German theology. Herrick evidently has a few dii penates of his own, and their provincial vision does not overreach merry England.

It is his smug assurance that all the justice is on the British side that makes such a ridiculous preachment possible. If such is the stuff you are going to feed us, please have some one write another heading for the page. D. L. MONAHAN.

**PUT 'EM IN THE FRONT RANK.**

Chicago, April 6.—[Editor of The Tribune.]—Supplementing your editorial of March 29, "Demanding War Vs. Fighting." You believe a law compelling those who advocate war to take up arms and face the bullets would lessen the pen and mouth warriors in our midst. But how about these "peace at any price" advocates and those opposed to adequate defense, which obviously is necessary?

I believe a similar law compelling these pacifists to take their place in the first line defense would lessen their willingness for us to remain defenseless.

It is true we do not want war, but should it be unavoidable we should be at least partially prepared. H. E. RICHARDSON.

**SHOULD CLEAN UP AT HOME FIRST.**

Chicago, April 6.—[Editor of The Tribune.]—The beauty and comfort of an American settlement in Mexico is compared with the squalor and ugliness of an adjacent town controlled by Mexicans and THE TRIBUNE asks that the United States take a hand and improve Mexico.

This idea sounds wise and good, but then we think of parts of Chicago, where there is poverty and dirt and filth as bad as anything in Mexico. Those who have seen mining camps, mining towns, factory towns, and even little agricultural communities in this country know that the people of the United States have not yet learned to keep house.

We must prepare our own affairs, clean our own house, and learn to manage our own collective enterprises before we can justly claim the right to "clean up Mexico."

Washington has been governed by congress since it was founded, yet we find only a few blocks from the capitol poverty and dirt and injustice that would appall a Mexican peon. This same congress, we must understand, would have to do the "cleaning up in Mexico."

OTTO MCFEELY.

**REFORMER WOULD STARVE IN A WEEK.**

Chicago, April 6.—[Editor of The Tribune.]—Of course it was a lark for these political equality women to dine on corned beef and cabbage and tea or ice cream and milk for just one luncheon, but what would happen to them if they ate those things regularly, or any other food of equal value? In due time they would be unfit to perform the tasks they might be called upon to do, such as the shop girls and factory girls have to do, who labor from 8 a. m. to 6 p. m. six days of the week and then mend, darn, and wash and iron on the seventh.

It is well and good to feel that people, especially girls, should always do what is right, and I believe that 90 per cent of the girls who are employed in factories and shops would be good girls if they could earn enough properly to clothe and feed themselves. Most girls aren't born bad and if given an even chance will do what is right. Another thing, how many cafeterias are there in Chicago who will serve a meal for 8, 9, or even 13 cents? I have been in a great many in the loop and all of them have had signs about stating that they would accept no check under 15 cents.

I have done no settlement work of any kind, have never lived or been among shop or factory girls, but I have been employed in an office downtown for nine years, and I do know that it takes money to eat good, nourishing food so as to be able to do efficient work and also to buy clothes with which to be presentable, and what can a girl do who earns $5, $6, or even $7 a week, with the cost of all things so far beyond reach and soaring higher each day. # SHIPPING AND RURAL CREDITS BILLS PUSHED

### Wilson Orders Congress to Pass Measures—Will Combine Rates Legislation.

Washington, D. C., April 6.—[Special.]—President Wilson today is understood to have made it clear to Representative Pou, chairman of the house committee on rules, that congress must pass without further delay the shipping bill and the rural credits bill.

As an important step the president summoned to a conference the secretary of commerce, Chairman Alexander of the house committee on merchant marine and fisheries, and several other members of the committee; also one of the investigators into the "shipping trust." The result of the conference was the determination to push Alexander's original shipping bill and incorporate in it the material portions of the Alexander bill relative to ocean rates. The purpose is to remove the objectionable features concerning rates from the main bill, and dispose of the subject by the less obnoxious legislation to prevent abuses."

**Opposition Is Vehement.**

Opposition to the adinistration program is vehement. The foremost objection is that to a board of political character, having in its roster of five the secretary of the navy and the secretary of commerce, both administration appointees.

The next great objection is that the program of engaging up to $5,000,000 of government funds for building or buying ships and leasing or selling them for merchant marine development has all the bad features of subsidy and none of the good ones. Instead of encouraging private interests to build new lines, it discourages them, the anti-administration forces point out.

**Ignore Ship Men's Pleas.**

Another material objection is that the whole program ignores the amendments to shipping legislation which ship owners, shippers, manufacturers, and merchants throughout the country have been urging with amazing unanimity.

The crowning objection expressed is that bottoms are now at such an extraordinary figure that the government could not begin to buy or build without a certain loss as soon as the war is over and prices return to normal. Without pressing any other point, the opponents of the Alexander measure urge immediate legislation creating a nonpolitical shipping board, comparable to the board of trade of England, and ask that this board's recommendations be followed.

## STANFORD HEIR CHARGES MOTHER IS CONSPIRATOR.

### Kin of Late Senator Avers He Was Adjudged Incompetent to Deprive Him of $500,000.

New York, April 6.—Walter Lathrop Hanson, grandnephew of the late United States Senator Leland Stanford of California, and heir to $500,000 of the Stanford millions, charged in an affidavit submitted to the Supreme court here today that his mother, Mrs. Aimee Lathrop Hanson of Brooklyn, N. Y., and her lawyer, former Judge Nash Rockwood of Saratoga, N. Y., conspired to have him declared incompetent to deprive him of his inheritance.

Hanson's affidavit was filed in connection with a suit brought by his wife, Mrs. Henrietta Reutti Hanson, formerly an actress, for $100,000 damages against Mrs. Aimee Lathrop Hanson for alleged alienation of the affections of Hanson. A suit brought by the elder Mrs. Hanson to have annulled her son's marriage, which followed an elopement in 1912, is pending in Columbia county.

# MADDEN URGES HOUSE INQUIRY ON WATER 'GRAB'

### Chicago Man Asks Facts Be Revealed in Regard to Muscle Shoals Bill.

Washington, D. C., April 6.—[Special.]—Another blow was given the backers of the Muscle Shoals water power grab today when Representative Madden of Illinois introduced in the house a resolution calling upon the judiciary committee to investigate their lobbying activities.

The resolution also directed the judiciary committee to investigate the charges preferred in the senate by Senator Underwood of Alabama on April 3 that the house had yielded to improper influences exerted by the Du Pont Powder company when it struck section 82 from the Hay army bill. This section was the Underwood-Hay joker sponsored by the Muscle Shoals people.

**Wants Action on Lobby.**

Mr. Madden specifically directed the committee to investigate the activities of Charles K. Landis and Hugh L. Cooper, whom Senator Underwood named as representing the Du Ponts, and also J. W. Worthington and Frank S. Washburn, who has been lobbying for the Muscle Shoals project since the opening of the present congress.

The senate military affairs committee at its meeting today devoted practically all of its time to a consideration of the Underwood scheme to get a Muscle Shoals joker attached to the army bill. The Alabama senator is making a strenuous effort to obtain the committee's indorsement of his amendment.

**Sherman to Push Fight.**

There were indications today that the Muscle Shoals senators will attempt to prevent the consideration of the Sherman resolution until the Chamberlain bill is out of the way. If they succeed in doing this the test will probably come on the Underwood amendment itself. Senator Sherman announced, however, he will insist upon the consideration of his resolution of inquiry before the senate acts on the Underwood joker.

## REBELS RULE CHINESE CITY.

### Swatow in Their Possession and Natives Fear Result of Attack by Government Troops.

AMOY, China, April 6.—Revolutionaries have the entire city of Swatow in their possession. Business is at a standstill.

The native population is reported to be panic-stricken, as they fear an attack by government troops from Canton.

The American gunboat Wilmington is protecting foreign interests at Swatow. The commander of the warship and the American consul are coöperating to prevent fighting in the foreign property area if an attempt is made by government troops to recapture that city. The rebel forces are well disciplined.

## WILL ORPET NOT WORRIED.

Will Orpet, accused of the murder of Miss Marion Lambert, the Lake Forest schoolgirl, was indifferent yesterday as to when or where he will be tried.

"I'll get free, anyhow," he said. "It doesn't matter where I am tried."

James H. Wilkerson, his attorney, said he would ask for further delay in order to perfect the defense. It is rumored that much new evidence has been found in Orpet's behalf.

## POLICEMAN'S TRANSFER STANDS, HEALEY SAYS.

### But Chief Says He Won't File Charges or Attempt to Stop Patrolman's Pension.

Chief Healey was told yesterday that Patrolman Daniel F. Kinney had sworn to resign unless an order transferring him from the Chicago avenue station to Cragin was withdrawn.

"The order stands," said the chief.

"I have been told that Kinney intended to resign April 15, anyway. He is eligible for a pension unless he is discharged from the force by the trial board."

The chief said he did not mean to intimate that charges would be preferred against Kinney for his criticism of the transfer order. Kinney said he was "sent to the woods" because he arrested Miss Violet Wilson, 2364 North Clark street, and Miss Edith McCarthy, 819 North Dearborn street, for creating a disturbance in a polling place. Chief Healey said he had not even heard of those arrests when he issued the order. The cases of the two women were continued by Judge Heap until tomorrow.

## MRS. EDWIN L. THACKER SAYS SPOUSE HAS WIFE NO. 2

### So She Files Bill for Divorce from Man Accused of $30,000 Forgeries.

Recent newspaper stories have recounted and verbalized the dramatic chase after and capture of Edwin L. Thacker, who is charged with having obtained $30,000 by practicing forgeries on his employers, Cosden & Co., oil dealers.

Traveling with his wife on an ocean liner, said the stories, Thacker was found out by wireless and was arrested when he landed at Barbados.

Yesterday Mrs. Anna Thacker filed a bill for divorce in the Circuit court. She says she's Edwin's real wife, but that on May 19, 1915, he married Eleanor Bloom bigamously.

The 29 Volumes Complete Unabridged

At an Amazingly Reduced Price

The New Encyclopaedia Britannica

You need them **In Your Home** where you can have them at your elbow, ready to answer all the questions the children ask; ready to supply your wife with every kind of "preparedness" for her daily tasks or her club; ready to supply you with endless diversion and entertainment for a quiet evening by the fireside; ready to help you "get up" a speech, or settle a knotty point; ready to supply you with all you missed in a college education if you didn't have one.

THEY ARE A MIRACLE of compactness. Think of it! Twenty-nine splendid volumes, with 30,000 pages, 41,000 articles, the contents equal to 400 books of ordinary size—all this on 32 inches of shelf room, 8 inches high.

(Or in a handsome little book-case, with which you can move them round the room wherever you want them. We supply it at a very low price.)

in a "Handy Volume" issue at 1/3 the Cost of the Larger Sized Cambridge Issue

You need them **At the Office** ready to tell you a thousand practical things—answer the thousand practical questions that come up every day about your business or profession. The new Encyclopaedia Britannica is not a book for "high-brows" alone. It was made especially for the busy men and women of to-day. It will tell you everything about cotton spinning, or the steel industry, or book-binding, about cement or gasoline manufacture, or sugar-making or China, or Canada or Cambodia; advise you about ceramics or printing or electric lighting or glass or co-operation and profit-sharing or the Franco-Prussian War or munitions or dust.

There never was any book like it in the history of the world. Just to prepare this new Eleventh Edition required eight years of editorial work, and cost a million and a half of dollars for this alone. The richest man in the world or the King of England or the Czar of all the Russias cannot buy a better book. And actually all of these own the Encyclopaedia Britannica. So do the great inventors like Mr. Edison and great executives like James J. Hill, and they all paid three times what you need pay.

You may need this work and it may be far more useful to you than to them.

Don't Miss This Rare Chance

The new "Handy Volume" issue of the new Eleventh Edition was expressly made for that larger public which cannot afford to pay from $150 to $250 per set for an encyclopaedia, which is the price of the larger page Cambridge University issue. An enormous edition was contracted for and the distribution of this edition arranged for by Sears, Roebuck and Company, the largest retail merchandising business in the world.

Because the costs of printing and distribution could be so heavily reduced, it was arranged to sell this new "Handy Volume" issue at an amazing price—one-third the price of the larger-paged issue. This price is so low that many people who have long wanted to possess the Encyclopaedia Britannica could not believe that this was the genuine Britannica, the new Eleventh Edition, complete and unabridged. With every set that is sold we give the Publisher's guarantee that it is, and that not a line nor page nor an illustration of any kind has been omitted.

And we send you the complete work, the entire 29 volumes upon a first payment of a SINGLE DOLLAR. After that easy monthly payments at a rate of a little more than 10 cents per day.

Further than that we guarantee that if for any reason you do not wish to keep the books after you have bought them and had them in your possession you may at any time within three weeks return them to us and we will refund to you every penny you have paid to us and the shipping costs in addition.

The Price of the War

But even this enormous printing is being rapidly exhausted and can last for only a short time longer. We have tried to arrange with the publishers for another printing, but they advise us that owing to the drastic increase in the cost of raw materials—paper, leather, binder's board, cost of printing, etc., it will be impossible to supply us with any more sets at such low prices.

Therefore we must advise you that if you wish to secure this remarkably convenient, easy-to-hold issue of the Britannica, you must place your order very soon. Send your name to-day for the 130-page book described opposite.

Judge for Yourself

Sets of the new "Handy Volume" issue in the various styles of binding are on view in this city as advertised below, and orders may be left there at present prices for a short time longer. There you may examine the books at your leisure and see for yourself what a wonderful mine of information and entertainment they are.

This Big Book (130 Pages) Free

It is not an easy thing to give any idea of this monumental work, which consists of 29 volumes, 30,000 pages, over 40,000 articles and a total of 44 million words. It is very much like trying to describe all the countries and cities and races of Europe in a page or two. But the publishers of the Encyclopaedia Britannica have prepared a very remarkable book of 130 pages which does attempt to give you some idea of the wonderful variety and real human interest of these volumes. It is illustrated with nearly 200 pictures directly from the Britannica itself and gives you a hundred interesting bits of information, revealing the Encyclopaedia Britannica from a hundred different points of view. It gives you portraits of 70 or more of the celebrated scholars and men of science, travelers and explorers, who have made the new Britannica; and it tells you, too, of the long array of great men like Sir Walter Scott, De Quincey, Macaulay, and Huxley, and scores of others who have contributed to the Britannica in past days. It tells the story of the beginnings of this famous work, back in the days of King George III., and how it quickly took rank as the greatest of all encyclopaedias.

Then there are interesting stories and clever dialogues describing how the Britannica may be useful to the most varied sorts of people and especially its unexpected interest for the wide-awake women of to-day.

It is as big as a magazine and far more interesting, and whether you intend to buy the Britannica now or not, you and every member of your family will thoroughly enjoy this book.

# MANY SEDITION CASES UP BEFORE COURTS IN INDIA

## British Nip Har Dyal's Dream of Driving English from Country.

BY OSCAR KING DAVIS.

BOMBAY, India, Feb. 21.—At Lahore a special court is in session trying the second batch of emissaries of Har Dyal. This court was organized under the new "defense of the realm" act, and there is no appeal from it, although the viceroy may mitigate its sentences.

A new viceroy for India has just been appointed. The one who is going home commuted the sentences of fifteen or twenty men convicted in the first trial at Lahore and gave them life imprisonment instead of the death penalty. For that he has been denounced all over India, and it has been used as another bit of evidence in support of the charge that he is at heart a German sympathizer.

At Benares another conspiracy trial is going on, and at various places about India, six or eight cases arising out of the Har Dyal conspiracy are being tried. The teaching of the seditionists in America was that murders and other crimes should be committed as often as was necessary to provide funds with which to carry on the great work of driving the British from India.

### British Caught Unprepared.

Of course it would take a great deal more than these conspirators, and many times their number, could ever hope to accomplish, to menace British rule in India.

This conspiracy, supported by natives brought from America, caught the British unprepared. One of the officials engaged in handling the matter now said frankly that it was by luck the British got their first information as to what was going on. The warning came in the nick of time. They grasped the situation at the first overt act, and from that time on the course of the seditionists grew steadily more difficult and dangerous, until, I believe, the official was justified when he said:

"The thing is dead. We have it by the throat and have choked the life out of it."

The immediate conspiracy has been choked to death, and unquestionably it has been made infinitely more difficult for future conspiracies to develop.

### War Stirs Indian Blood.

The war in Europe has, no doubt, made it somewhat easier for Har Dyal and his subleaders to spread sedition. It has stimulated the imagination and stirred the blood of the fighting men of the Punjab, and made it easier for these leaders to persuade their countrymen that it was within their power to drive the British out of India and substitute a rule of their own.

On the outbreak of the war in Europe a strong force of native troops was sent from India to Flanders. Indian troops have been used also in Egypt, Africa, at the Dardanelles, and with the Mesopotamian expedition. This has served two British purposes.

The British have never forgotten that the mutiny of 1857 was made possible by so many native troops having arms.

There has been no native artillery in India since that time, and at the beginning of this war so many native troops were sent out of India with their arms and equipment that the British troops far outnumbered the native troops left in their own country. A decided preponderance of arms in the hands of British troops was established, and thereby any enterprise of sedition was made much more difficult.

### Lessons Learned in Europe.

But that is not all. Throughout the far east, and especially in India, I have met Englishmen who were filled with satisfaction over the lesson learned by the native troops in Europe.

"They know now they can't fight the sahibs," is the way the British put it. "They had never dreamed of any such warfare as they have met in Flanders and France. It's not their kind of fighting, and they do not like it—they know they can't do it.

"There will never be any talk of mutiny among the native troops who have had a share in the fighting in this war. Every man who gets back from Europe will be an anti-sedition propagandist in India for the rest of his life. We never shall have any more trouble on account of sedition in the army here. That is one thing the war has done for us, and it is thoroughly done."

That is a comfortable belief for a British Indian to hold, but somehow the statement is not convincing to me. I should feel more like accepting it at par if I had heard a few natives express the same opinion.

### Natives Remember British Defeats.

When you come to get at native opinions you hear about the British defeats in Mesopotamia and elsewhere and the failure at the Dardanelles. Even Britishers have admitted quite frankly that the reverses before Bagdad had a material effect upon the situation in the Punjab and beyond. It increased unrest among several of the border tribes, and there is undeniable anxiety as to further developments in Mesopotamia.

Another thing upon which the British pride themselves is never having forgotten the lesson of 1857. But, in fact, they seem to have learned only a part of that lesson, or, at least, to remember only that they must not interfere with the religious beliefs or prejudices of the natives.

That is why life in India has been stagnating for the last half century. That is why there is no adoption of modern sanitary methods. That is why agriculture and industry and all the native life are stagnant.

# APACHE SCOUTS, 20 OF 'EM, OFF TO CAPTURE VILLA

## Indian Sleuths Leave Columbus Today to Aid Pershing's Hunt.

Columbus, N. M., April 6.—Encamped in little brown army tents, twenty Apache Indian scouts were preparing tonight to start tomorrow to Gen. Pershing's headquarters at San Geronimo ranch to take up the trail of Francisco Villa.

Only the arrival of Peaches, described as premier scout and trailer of the Apaches, was needed to complete their happiness in the prospect of taking the warpath again after more than thirty years of civilization, according to their interpreter.

Peaches was in the mountains and word did not reach him in time to start with the others from the White Mountain Apache reservation in Arizona. However, the men said that Peaches probably is riding hard in an attempt to reach Columbus before the border is crossed.

### Peaches Geronimo Captor.

Thirty years ago four of the twenty made a similar trip into Mexico to assist another cavalry command in the capture in the Sierra Madres of another outlaw—Geronimo, the war chief of the Apaches. It was Peaches, together with Sharley, another of the scouts, who, after Geronimo had made his escape from the soldiers at Mescalero, N. M., and again took up the warpath, went into the old medicine man's camp near Phœnix, Ariz., and captured him.

As the scouts, clad in the khaki of the cavalry, prepared for their departure tonight, only the eagle feathers, the Apache insignia of war, stuck into the tightly woven braids of long black hair, which hung over the shoulders of their army blouses, suggested the primitive native of America.

### Take Moccasins Along.

Tucked away in each man's shirt was a small package wrapped in buckskin, containing a pair of moccasins. Once on the trail of Villa, the scouts will discard their uniforms and continue the search as did their forefathers before the civilization of the white man enveloped them.

### Grieving Mother Ends Life.

Despondency over the death of her son is believed to have caused Mrs. Hannah Seastrom of 2434 Belle Plaine avenue to end her life in her home yesterday. Mrs. Seastrom was found dead in bed with one gas jet turned on.

# FORMER VILLA CHIEFTAIN SEIZED IN EL PASO ATTIC.

## Alleged Murderer of 18 Taken—Two Americans Arrested for Harboring Him.

El Paso, Tex., April 6.—Mrs. Angie Williams and A. J. Abrams were arrested tonight after the discovery in an attic of the house they occupied of Pablo Sianez, a former Villa general. All three were held for investigation.

Sianez is said to have a long record of murders to his account, among them those of several Americans. His last crime was the killing of another Mexican named Pablo Luna in Juarez last December after a quarrel over a woman.

After this he fled to Torreon, where he lived until a short time ago when a demand was made on Gen. Carranza by the citizens of Torreon for his arrest and execution. At the time it was stated that a list of eighteen murders, committed in cold blood, were charged to him. He disappeared and had not been heard from until his arrest tonight.

# GROWTH OF MORMON CHURCH SHOWN IN FINANCIAL REPORT

## Disbursements of Seventeen Million Dollars in Last Fourteen Years $3,279,900 for the Poor.

Salt Lake City, Utah, April 6.—Disbursements by the Mormon church amounting to almost $17,000,000 in the last fourteen years are shown by a financial statement presented to the eighty-ninth general conference of the church today by its president, Joseph F. Smith.

The report shows that in the period mentioned the church expended among other sums, $3,714,455 for church schools, $2,625,328 for operation and maintenance of missions in the United States and Europe, $2,007,733 for meeting houses and amusement halls, $3,279,900 for the support of the poor, and $1,555,000 for real estate surrounding the Mormon temple in Salt Lake City.

"The tithes of the church have not stuck to my hands nor to the hands of any of my associates," President Smith said in presenting his report today.

# BRAZIL QUELLS SEDITION.

## Movement to Incite Army and Police to Establish a Parliamentary Republic Put Down.

RIO JANEIRO, April 6.—A seditious movement organized by the federal deputy, Mauricio Lacerda, has been put down by the police and various arrests have been made. The government has opened an inquiry into the movement, which aimed at inciting certain elements in the army and the police to overthrow the government and establish a parliamentary republic.

hold goods by the section force from Acaponeta to Rosario. Handcars and baggage were robbed of all valuables.

The bandits compelled the section men to place the bodies on the hand cars and bring them to Rosario station. Special United States Agent James W. Keys took charge of the bodies and sent them to Mazatlan.

### WON'T RECALL ARMY.

Washington, D. C., April 6.—Categorical denial by Secretary Lansing late today was the official answer to persistent reports that the American troops might be withdrawn from Mexico shortly regardless of development in the hunt for Villa. Both Mr. Lansing and Secretary Baker of the war department indicated that there is no present intention of changing the original orders given Gen. Funston.

Dispatches from Mexico City telling of Carranza troops' progress in the chase of Villa aroused interest. Get. Gutierrez reported to the Mexican war department today that the capture of the bandit chieftain within a short time was certain. He said constitutionalist forces had located Villa and surrounded him.

Unofficial reports from the border said a trainload of supplies, shipped by private firms, had left Juarez today for Casas Grandes and Pearson, where they will be available to Gen. Pershing. Although the army authorities were not the actual shippers, it was believed the practical result would be the same.

### MAY MEET ARMY NEEDS.

Even without further action by or concessions from Carranza, such use of the railways, some officials think, may meet the needs of the United States without causing embarrassment to the de facto government. Others doubt this. State department dispatches during the day from Special Agent John L. Rodgers at Queretaro told of continuance of negotiations with Carranza on the railway question.

Following his talk with the president Secretary Lansing sent new instructions to Rodgers directing him to urge again upon Carranza prompt action, explaining, it is understood, that unless permission were granted for the use of the railroad it would be necessary for the United States greatly to increase its forces in Mexico.

### CARRANZA PLAYS GAME?

Despite the fact that the state department indicated as much as a week ago that Carranza would have no objection to the sending of supplies over the railroad to Pershing, it was stated at the war department this afternoon that no official reports from Gen. Funston disclose that the Carranza authorities at Juarez have accepted the shipments reported.

Whether the procrastination of Carranza over the railroad question is in any way connected with the statements attributed to Consul Garcia at El Paso and other Carranza officials suggesting the propriety of the American forces withdrawing from Mexico is a matter of considerable speculation here.

### GERMANY'S HAND SEEN.

Interest in political questions affecting the Mexican situation was renewed by receipt at the state department of correspondence between Horst von der Goltz, alleged German spy and aid of Capt. von Papen, the former German military attaché. It was understood some of the correspondence, submitted by the British government, dealt with activities of Von der Goltz in Mexico.

The only dispatch received today from Gen. Funston was regarding distribution of recent army recruits among the border patrol. There was no additional light thrown on Gen. Pershing's campaign.

### NEWS RELIEVES BORDER.

El Paso, Tex., April 6.—Secretary Lansing's flat denial that the government was considering the withdrawal of the troops from Mexico was received here with a decided feeling of relief. Two classes especially, army officers and American refugees, were emphatic in their pleasure over the official quietus which has been put on the persistent reports that the Pershing expedition was to be abandoned.

### On "Hot Trail" of Villa.

San Antonio, Tex., April 6.—A report from Col. W. C. Brown of the Tenth cavalry, received tonight, indicated that he at least believed Francisco Villa had fled from the district about Guerrero and was making his way south. He sent his report from Cusihuiriachic, southwest of Chihuahua, two days ago, and said that he was pursuing what he characterized as a "hot trail" of the fugitive chief.

Col. Brown referred to the skirmish his force had April 1 with 150 of Villa's men in which three Mexicans were killed. There were no American casualties. It was assumed at headquarters that this was the same engagement reported by Maj. Evans to Gen. Pershing. Maj. Evans sent no details of the engagement, but Gen. Pershing added that natives arriving at his camp had stated that the Americans had killed between thirty and forty of the Villa men.

The presence of a detachment of the Tenth cavalry at Cusihuiriachic on April 4 served to support the assumption today of officers at headquarters here that the advanced forces perhaps already had arrived at Satevo, fifty miles south of Chihuahua.

# ENLISTMENTS FALLING OFF.

## Chicago Leads with 51 Acceptances Recorded Out of a National Total of 622.

Washington, D. C., April 6.—[Special.]—Enlistments for the army during the first five day period of April fell considerably below the preceding six day period, which concluded the month of March. With two recruiting stations still unheard from, the applications for service numbered 2,780, and the acceptances 622. Chicago continues to lead in acceptances with fifty-one recorded, against thirty-five for San Francisco, and thirty-three for New York City. San Francisco had more applications than Chicago, but the percentage of rejections was very much higher.

New York, April 6.—At least 30,000 men are expected to avail themselves of the opportunity that will be afforded for military training in nine camps to be conducted under the general supervision of the United States army this spring and summer, it was announced here today. The camps will be located at Plattsburg, N. Y.; Fort Oglethorpe, Ga.; San Diego and Monterey, Cal.; Fort George Wright, Wash.; Fort Benjamin Harrison, Ind.; Fort Sheridan, Ill.; San Antonio, Tex., and Galveton, Tex.

THERE is always awe and wonder to the man of full sense at the self generated power and the control of the locomotive with its consort of vestibuled cars.

In full measure we liken the wonder of the automobile student in his admiration and appreciation of the Oakland Eight; a giant with its powerful high-speed engine, equal in any emergency to a faithful performance and unusual submission to control.

The eight cylinders overlapping in impulses guarantee a flow of power that is further augmented by its high-speed type—all of which is conducive to comfort and delight in the riding.

The Oakland Eight is a sound reality endowed with power, stability, the beauty and style which place it foremost among the eights of the day.

You will be pleased with this car and impressed with possibilities all its own.

*A Tale of Youth and Summer Time and The Baxter Family—Especially William*

"Nothing less than the genius of a man with the inspired heart of a boy could depict, as has Booth Tarkington in 'Seventeen,' his latest book, so literally, seachingly and alluringly, the seething emotions, the secret ambitions, the bitterness of defeat and of being misunderstood, the supreme elation of spirit, the poignant sensitiveness deeply hidden under cover of a phlegmatic self-containment and indifference, as exists in the make-up of the average boy of seventeen."—Brooklyn Eagle.

# STATE EVIDENCE AGAINST LORIMER SATISFIES JUDGE

## Court Says Jury Must Pass on Guilt of La Salle Banker.

The state yesterday rested its case in the prosecution of William Lorimer and immediately the rival attorneys plunged into prolonged arguments on the subject of eliminating certain of the charges contained in the three indictments. By agreement eighteen of the counts in the conspiracy indictment were dismissed as duplications of charges in other counts.

The twelve principal counts in the conspiracy indictment and the two embezzlement indictments charging Mr. Lorimer with allowing the La Salle Street Trust and Savings bank to receive deposits although he knew it to be insolvent still remain.

**Calls Counts "Silly."**

Immediately following the agreement to dismiss eighteen counts Albert Fink made the first of a series of motions directed against the remaining charges. Mr. Fink said he wished the jury to pass upon the main question of his client's guilt or innocence, but he saw no reason why the "silly" counts in the conspiracy indictment should not be eliminated.

Mr. Fink also plans to attack the indictment charging the receiving of a deposit "in checks" from the International Trust and Savings bank on June 11, 1914, the day before the La Salle collapsed.

Although no motion was made by Mr. Fink to take the entire case from the jury, Judge Dever intimated he believed there was sufficient evidence to warrant the verdict being left in the hands of the jury.

Mr. Fink's first motion was to direct a verdict of not guilty on count 8 of the conspiracy indictment, which covers the publication of statements in the newspapers purporting to give the bank's condition.

**Attitude of Judge.**

"The underlying question in this connection," Judge Dever said, "is the existence of a conspiracy. I believe I should make my rulings on the assumption there is evidence the conspiracy existed. I don't wish to be understood as saying there is such evidence as shows the existence of the conspiracy, but I do think there is sufficient evidence to warrant submitting the case to the jury."

Mr. Fink then protested the statements published in the newspapers only purported to show the bank's condition as exhibited by the books.

"I think such published statements should be made in good faith," Judge Dever said. "They are taken generally to show the true condition of the bank, the real value of its assets. Assuming the statement was made and that it was not true, the intent is a matter not for me but for the jury to determine."

**Harkin Last Witness.**

Daniel V. Harkin, formerly state bank examiner in Chicago and now national bank examiner in New York, was the last witness for the prosecution. Mr. Harkin told of his examination of the bank.

"After I arrived at the bank early one June morning," Mr. Harkin testified, "Mr. Munday came to me and said he didn't think there was enough cash to satisfy me. I found $32,000 in cash. Mr. Munday told me Mr. Lorimer was trying to raise some more money. Later I was called up to the directors' room, where I saw Mr. Lorimer. He told me he could get $60,000. I told him that wasn't anywhere near enough. I advised them to suspend. Then the directors met and after the meeting I was informed it had been decided to take my advice."

# TRIED TO SLAY ALL HER FAMILY

## Coroner Finds Woman Who Clubbed Girl and Slew Self Insane.

Aurora, Ill., April 6.—[Special.]—Mrs. Frances Bores, suffering from dementia, tried to kill her 9 year old child, Luella, last night and then shot and killed herself. The woman was a farmer's wife, and the tragedy took place in their farmhouse.

Casimer Bores, the husband, returned from Batavia late at night and discovered the house locked. When he was able to enter he found his wife's body in a smoke-filled room, with parts of her clothing still burning.

A stick, with which the woman had tried to kill her daughter, was thrust through the trigger guard, showing how she had discharged the shotgun which she used for er suicide.

A coroner's inquest today revealed incidents which convinced him that Mrs. Bores was possessed by a homicidal mania and that the night before her suicide she tried to kill the entire family by placing arsenic in the coffee.

**Child Probably Will Die.**

At the St. Charles hospital, where Luella was taken, the child today recovered consciousness, but was able to tell questioners little. The little girl's skull is fractured and she may die.

"I had been sick the night before," she told the sisters, "and when mother said we ought to go to bed I was willing. I got in bed first. I dropped off to sleep, and that is all I know, except that I am here now."

"Do you know who struck you?" she was asked.

"No; why don't you ask mother?" came the quick counter query. She had not been told her mother was dead.

**Sure Sister Was Demented.**

According to Mr. Bores and his son, and Mrs. A. R. Bennett of Aurora, a sister of the woman, Mrs. Bores had been acting strangely for several months. Mrs. Bennett said she was sure her sister was demented.

Everybody Else

Nobody else has to live with your husband.
Nobody else has to feed your baby.
Nobody else has to pay your butcher.
Nobody else has to find room to hang things in your closet.

But homemaking and housekeeping are very old institutions, and women have had much experience. To know what everybody else does will not solve your problems. But to know what everybody else does may help you solve your problems more successfully for yourself.

Here is one way to describe the

WOMAN'S HOME COMPANION

It tells you each month what other women are thinking and doing—

What other women are eating, and wearing, and reading—

How other women furnish their houses—

How other women save money—

How other women save work—

How other women bring up their children—

And dig in the garden, or run a motor car, or make a hat.

That's a great deal for 15 cents a month. And the Companion is more than all that—it is a source of inspiration and entertainment, as well as service. Its scope is as broad as the interests of home and woman's interests outside the home.

# INDIANA G. O. P. PICKS A TICKET FOR FALL RACE

## Indorses Fairbanks for President and Names Delegates and Electors.

Indianapolis, Ind., April 6.—The state Republican convention, which nominated two candidates for the United States senate and a complete state ticket, adopted a platform and elected four delegates at large to the national convention to be held at Chicago in June, was enlivened by a number of contests for places on the state ticket, but was regarded as harmonious throughout.

The twenty-six delegates to the national convention, elected by the thirteen congressional districts last night, and the four delegates at large, were instructed to present the name of Charles W. Fairbanks to the national convention as Indiana's choice for the presidential nomination.

### Wilson Is Criticized.

The platform adopted denounces the Wilson administration as "inefficient and extravagant," and declares it has "brought us business depression at home and discredit abroad," adding that "such prosperity as has attended the Democratic administration has been due almost wholly to woe and disaster which prevail in the old world."

The tariff plank demands the reënactment of a protective tariff at the earliest possible date.

The platform favors a privately owned and operated merchant marine under the American flag and "such preparedness as may be necessary upon land and sea to protect American citizens in their persons and property at home and abroad." Strict neutrality toward the nations engaged in the European war is also recommended.

The president's Mexican policy is characterized as "weak and indecisive" and as having brought us "increasing confusion and national humiliation."

### Ticket Nominated.

Following is the ticket named:

DELEGATES AT LARGE.

Will H. Hays, Sullivan.
Fred A. Sims, Frankfort.
Edward C. Toner, Anderson.
James A. Hemenway, Boonville.

PRESIDENTIAL ELECTORS AT LARGE.

Walter B. Riley, Lake county.
J. W. Dunbar, Floyd county.

UNITED STATES SENATOR.

Short term—James E. Watson, Rushville.
Long term—Harry S. New, Indianapolis.

GOVERNOR.

James P. Goodrich, Winchester.

LIEUTENANT GOVERNOR.

Edgar D. Bush, Salem.

SECRETARY OF STATE.

Edward Jackson, Newcastle.

AUDITOR OF STATE.

Otto L. Klauss, Evansville.

TREASURER OF STATE.

Ur. McMurtrie, Marion.

ATTORNEY GENERAL.

Ele Stansbury, Williamsport.

### La Follette Wins Ten Delegates.

Milwaukee, Wis., April 6.—Based on additional election returns from various parts of Wisconsin today, Gov. E. L. Philipp and his other three delegates at large together with twelve district delegates, have been elected to represent Wisconsin at the Republican national convention. The balance of ten, or a minority of the delegation, will be represented by men chosen under the leadership of United States Senator La Follette.

For Supreme court justice, Judge Franz Eschweiler, Milwaukee, appears to have been elected.

### Hadley Refuses Indorsement.

Excelsior Springs, Mo., April 6.—Republicans of Missouri in state convention here today named Jacob L. Babler of St. Louis national committeeman, elected Missouri's delegates at large, alternates, and presidential electors to the national convention, and adopted a platform lauding Herbert S. Hadley, former governor, for services given his party in the state and nation. Delegates to the national convention at Chicago were uninstructed for president.

John C. McKinley, of Unionville, Herbert S. Hadley of Kansas City, Thomas K. Niedringhaus of St. Louis, and John Schmoll of St. Louis were elected delegates at large.

Mr. Hadley, when informed that his friends were talking of indorsing him for president, told them he wanted no indorsement.

Cutouts from the Political Reel Not Told by the Headlines.

John Maynard Harlan will close his Chicago campaign for delegate at large to the Chicago convention with a noonday meeting at the Garrick theater and at Masonic temple, Sixty-fourth street and University avenue, tonight. "Mr. Roosevelt's statement," Mr. Harlan said, "proves that he wants the country prepared not for war but to insure peace. It should be a battle cry to Illinois voters. It should arouse latent Roosevelt sentiment in this state so that next Tuesday these voters will go to the polls, no matter what the weather, and vote for Harlan, and Harlan alone, as only through my candidacy can Roosevelt sentiment be expressed."

Mayor Thompson carried his campaign for delegate at large to the Coliseum convention into the West-Deneen wards last night. He spoke in the Third, Sixth, Thirty-first, and Thirty-second wards.

Anti-Saloon league workers from the Eleventh congressional district were in conference yesterday at Joliet. The league is preparing for a campaign for a dry legislature that would pass a county option law.

Mayor Thompson will speak tonight in the ward committee contests in the following places: Eleventh ward, Kissel hall, Nineteenth and Leavitt streets; Thirteenth ward, John Marshall High school; Twentieth ward, West Side Coliseum, 1215 Blue Island avenue; Twenty-first ward, 1210 North Clark street.

About fifty University of Chicago men have organized a Republican club for the purpose of stirring up enthusiasm in the university community. Their first activity will be a meeting tonight in Kent theater. Ald. Nance, Roy O. West, Abel Davis, and Morton D. Hull will speak. Prof. Curtis H. Walker will preside.

# MAYOR TO HAVE COUNTY TICKET IN THE PRIMARY

## City Hall Faction to Name Slate to Oppose Combine in Any Event.

City hall Republicans expect to nominate a Republican primary county ticket at a massmeeting to be held in the Coliseum or the First Regiment armory in the event the new county committee is controlled by a Deneen-Brundage combination and names a Deneen-Brundage slate. The city hall battle cry will be "Smash the machine and wallop the newspapers."

This was learned from an authentic source last night and it is said to have been agreed upon as the settled political policy of the city hall crowd, when the full effect of the Tuesday elections had been ascertained.

If this is true, the information tends to bear out the general verdict that any chance that may have existed for the Thompson-Lundin faction to win a majority of the county committee next Tuesday has been dissipated.

### Healy Goes Over to Galpin.

New alignments were reported from all over town. One that surprised the politicians was in the Eighteenth ward. Ald. William J. Healy, reëlected by 910 majority, usually listed as a friend of Mayor Thompson in the council, came out for Homer K. Galpin for committeeman against Carl T. Murray, Thompson's candidate.

Ald. John Kjellander, in the Twenty-third, repudiated any alliance with the Thompson forces in his ward, which is also the home ward of Mayor Thompson. The alderman took umbrage at an advertisement he attributed to Fred Lundin and published in Swedish newspapers, that Kjellander is for Alfred O. Erickson, the Thompson candidate.

"That is a lie," Ald. Kjellander said. "I am for Edward J. Brundage. I never have been for Erickson and I never will be."

### "Kelly" Out of Bailiwick.

"Kelly" stirred up the Twenty-fifth ward Republicans when the announcement went out from headquarters of George K. Schmidt, "home rule" candidate for committeeman, that the Twenty-third alderman is to speak for Schmidt.

Isaac J. Bryan, backed by Deneen Republicans in the Twenty-fifth, commented: "Where does the home rule argument get off when they have to send for Kjellander?"

# WILSON LOSING IN STRAW VOTE

## New York Nation Canvass Gives Him 1,557 Out of 3,482.

## HUGHES LEADS G. O. P.

New York, April 6.—The result of its canvass of its subscribers on the question of their preference for president at the November election was made public today by the Nation, a weekly edition of the New York Evening Post.

"The drift of political attachment shown by the figures makes, on its face a showing highly unfavorable to Wilson's prospects, supposing the Republican party to be united in the coming campaign," the paper says in commenting on the poll.

### 3,482 State Their Choice.

The total number of inquiries sent out was 6,200. In return 3,546 replies were received. Of the persons replying 3,482 stated their choice for the coming election, the remaining sixty-four being undecided.

The results are told as follows:

"Of the 3,482 votes, Wilson has 1,557, Hughes 980, Roosevelt 376, Root 355, Taft 60, while the remaining 154 votes are divided among a large number of other names no one of which gets more than thirty-two. Of this scattering vote, however, it is to be noted that nearly the whole goes to Republican candidates; the Democrats (Bryan 9, Underwood 5) get only fourteen, the Socialists only seven of them, leaving 133 to the Republicans.

### Table of the Vote.

"Accordingly the returns as to preferences for 1916 may be stated in the first place as follows:

| | |
|---|---|
| Wilson | 1,557 |
| Hughes | 980 |
| Roosevelt | 376 |
| Root | 355 |
| Taft | 60 |
| Scattering | 154 |
| Total | 3,482 |

"And, secondly, throwing the fourteen Bryan and Underwood votes to Wilson, lumping the Republican votes other than those for Roosevelt, and leaving out the Socialist votes, we have this table:

| | |
|---|---|
| Wilson | 1,571 |
| Republican | 1,528 |
| Roosevelt | 376 |
| Total | 3,475 |

## COURT AMENDMENT LOST BY 2,867, CANVASS SHOWS.

Total Vote Cast 465,530—325,569 Men and 139,961 Women—Official Count Reveals.

The proposed amendment to the Municipal court act was shown to have been defeated by 2,867 votes in the official canvass of the returns from Tuesday's election, which was completed shortly before midnight last night. The police returns showed a majority of five against it.

The total vote cast was 465,530. Of these 325,569 were men and 139,961 women.

The vote on the Lincoln park bond issue follows:

| | Men. | Women. | Total. |
|---|---|---|---|
| For | 31,209 | 9,975 | 41,184 |
| Against | 18,953 | 7,071 | 26,024 |

For judge of the Municipal court Doyle received 465,530 votes; Swanson, 206/195; Deison 38,533; and Harding, 5,161.

# WINNETKA PLANS SCIENTIFIC WAR UPON MOSQUITO

## Engages Entomologist to Study Habits and Breeding Spots as a Preliminary.

Winnetka is going after the mosquito with the zeal and thoroughness of a scientific research. Immediately adjacent suburbs are to share in the benefits of the enterprise.

The disease carrying pest is not merely to be made the object of a superficial campaign of oil and slapsticks, but of a laboratory campaign in the hands of E. M. Schalck, who has specialized in entomology, and is a graduate of the University of Illinois school of science.

The north shore section lying south of South avenue, Glencoe, has been set out in six districts and each of these will be in charge of a chief, who will be thoroughly drilled in his work by Mr. Schalck. The campaign does not contemplate an immediate attack on the mosquito, but rather a compilation of intimate facts concerning the habits of mosquitoes in the immediate vicinity.

### Plot Flight of Insects.

In this connection the flight of the insects bred in various localities will be observed. If it is determined that the mosquitoes of one breeding place have a flight of only a few hundred yards the remedy is easily found. But if it is seen that mosquitoes in the Skokie section fly to the lake [a distance of two and one-eighth miles on the average], then a different means of obliteration must be sought.

The collated work of the experts will be reduced to a huge map of the district and from this may be determined every breeding place of mosquitoes in the vicinity. Inasmuch as it has been found that mosquitoes are bred in stagnant water these spots will be given treatment first.

### U. S. Will Co-operate.

Aid has been promised by the federal government, by a number of property holders in Winnetka, and by the Northwestern railway. Similar coöperation is expected from the Skokie Country club, the Indian Hill club, and other property owners. The results of the campaign will be recorded for scientific archives. The Village Improvement association, which has undertaken the work, will gratefully receive contributions, however small, to the Mosquito Control fund. All such contributions may be sent to the treasurer of the association, Henry A. Gardner of 76 West Monroe street, Chicago.

# ROGER'S PLAN TO WIN

## Sullivan Strength to Go to Pindell and Burke to Beat Harrison.

Sullivan organization Democrats in about half of the Chicago wards will go to the polls Tuesday instructed to vote for Robert E. Burke for the vacant spot in the state committee slate for delegates-at-large. In the other half the workers will have sample ballots marked for Henry M. Pindell of Peoria.

This was disclosed yesterday when the final recommendations of the executive committee were determined. Contrary to general expectation, the organization instructions are that Gov. Dunne shall be supported solidly throughout the city.

Practical effect, as politicians seemed to agree, will be that Burke, who is running as an "unpledged" delegate, may get on the delegation, and that former Mayor Harrison, who is scheduled to be the top man on the anti-Sullivan slate, stands to lose.

"We will clean up Tuesday," was the statement of Frank S. Ryan, chairman of the Sullivan organization committee.

"We do not concede a state committeeman or a district delegate to the other faction in Cook county, except in one or two instances where there is more or less factional harmony. Mr. Sullivan's friends will be in a great majority in the St. Louis delegation and National Committeeman Charles Boeschenstein will be reëlected."

# NO SUCH THING AS WOMEN ANGELS, DECLARES VOLIVA.

## Overseer, Who Propounded Flat Earth Theory, Quite Certain All Such Persons Were Male.

Wilbur Glenn Voliva, overseer of Zion, set another little matter right last night.

"These beautiful women angels of the artists are all wrong," he said at his meeting at Zion tabernacle. "All the angels you read about in the Bible are men. It was a man who wrestled with Jacob, a man who appeared to Hagar in the wilderness, a man who stood in front of Balaam's ass. You might as well forget your lovely female angels, for there weren't any."

A woman in his audience, evidently pondering the Voliva flat earth dictum, interrupted the speaker.

"Overseer," she said, apropos of nothing, "there's a round shadow on the moon!"

"That don't prove anything," returned Voliva. "That's only some bald headed man with his head out of a window."

# TRUCK KILLS 6 YEAR OLD BOY

Joseph Hamusiak, 6 years old, of 1313 West Chicago avenue, was struck and instantly killed by an automobile truck owned by the Henry A. Zorn Paper Box company, 612 North Oakley avenue, last night at West Chicago and North Campbell avenues.

Peter F. Parker of 2435 Grenshaw street, who was struck by an automobile March 26, died last night in St. Elizabeth's hospital.

# ILLINOISAN PRIZE BEAUTY, YALE "TECH" SENIORS VOTE.

## Donald C. Armour of Evanston Called Handsomest—William C. Keeley Jr. Most Amiable.

New Haven, Conn., April 6.—Donald C. Armour of Evanston, Ill., has been voted the handsomest man in the senior class of the Sheffield Scientific school of Yale university. Mr. Armour's good looks are described as of "the masculine type" and "not such as to arouse the anger of his own sex."

William Carroll Keeley Jr. of Chicago was voted the best natured man in his class. The class spendthrift this year dispersed $4,500, while the prize for economy goes to an unnamed student, who managed to get through the year on $150.

One hundred and ninety-two students brought the tobacco habit with them, while only forty-four acquired it after arriving. One hundred and twelve students knew the taste of liquor previous to their arrival, while twenty-nine succumbed to the temptation during student days. Eighteen upper classmen are engaged to be married, while four possessed wives before enrolling. There are more than three times as many Republicans as any other political faith.

# NAVY LEAGUE MEN TO MEET.

## Several Chicago Delegates to Attend Convention in Washington Next Week.

Numerous Chicago delegates to the annual convention of the Navy league, which is to be held in Washington from April 10 to 14, will leave here Saturday and Sunday.

Among the speakers announced are Prof. Albert Bushnell Hart of Harvard university, "Naval Defense and the Monroe Doctrine"; Congressman Augustus P. Gardner of Massachusetts, "Why Congress Is Reluctant to Develop the Navy"; Assistant Secretary of the Navy Franklin D. Roosevelt, "Navy Personnel and the Reserve"; William Mather Lewis, mayor of Lake Forest, "The National Attitude and Preparedness"; David Jayne Hill, former ambassador, "The Essential Element of American Policy"; Henry B. Joy, president of the Packard Motor company; J. Bernard Walker, editor of the Scientific American; President Edmund J. James, and Poultney Bigelow.

Among the Chicago delegates are William G. Strong, A. R. Brunker, H. N. Elmer, Gerard Van Schaick, George H. Lamberton, and Elam L. Clarke.

# INDICT 15 WRECK LOOTERS.

## Secret True Bills Returned Against Rescuers at Amherst—Few Valuables Recovered.

Elyria, O., April 6.—Fifteen secret indictments against looters who robbed victims at the scene of the Amherst wreck were returned here today by the Lorain county grand jury. Only $11 in cash was recovered from the wreck in which twenty-eight were killed and forty injured and no jewelry was turned over to the authorities by the rescuers. It is believed that more than $2,000 in money and a large quantity of jewelry was stolen.

# JOHN BORDEN AFTER WHALES

## He and Others Are Going to Hunt Seals, Too, in Alaskan Waters.

Rumors that the seals and whales off the Alaskan coasts have retreated into the interior of Asia for safety have followed the announcement that John Borden, Charles K. Knickerbocker, and Rochester B. Slaughter have about completed arrangements for their forthcoming sealing and whaling expedition. Passports have been issued to the hunters by United States Commissioner Mason and the schooner Big Bear is to sail in a few weeks from Seattle.

## Nonresident Buys Twenty-four Flat Building at Glenwood and Arthur Avenues.

A nonresident, W. A. Sanford of Big Rapids, Mich., has purchased from Martin I. Corby the high grade twenty-four aparement building at the southwest corner of Glenwood and Arthur avenues, for a reported consideration of about $110,000. The building occupies a lot 121x151 feet and the sale was subject to an incumbrance of $64,500 at 6 per cent. In part payment the purchaser conveyed a farm of 177 acres near Paris, Mich. Robert C. Johnson represented Mr. Corby and Lee Mendenhall represented Mr. Sanford.

Record was made of the transfer of the extra high grade twelve apartment building in Hyde Park boulevard, formerly East End avenue, 100 feet south of Fifty-third street, which was conveyed by E. H. Davis to Samuel M. Cline. The lot is 150x150 feet, east front, the apartments containing nine rooms with three baths. An indicated consideration of $149,000, subject to an incumbrance of $56,000, is given, but it is said the transaction is to a considerable extent of a formal character.

### Hardy Acquires Leasehold.

Record also was made of the acquirement by Francis H. Hardy from the Chicago Motor Car company of the leasehold interest in the 61x127 feet, south front, in Twenty-fourth street, 133 feet east of Michigan avenue, for an indicated consideration of $60,000. It adjoins property acquired by Mr. Hardy a short time ago.

The property in Lakeside avenue, 158 feet east of Sheridan road, lot 60x165 feet, south front, with six flat building, has been conveyed by Samuel Kline to William H. Platt, for an indicated consideration of $28,000, subject to an incumbrance of $12,000. O. L. Brockett of Gordon Strong & Co. was the broker.

### Sixteenth Street Sale.

Louis Shapiro has purchased from Hyman Karr and Joseph D. Schmidt the property at the northeast corner of Sixteenth street and Clifton Park avenue, lot 125x50 feet, improved with a one and two story building, containing seven stores and two flats, for a reported consideration of $33,000, subject to an incumbrance of $15,000. In connection with this deal Mr. Shapiro conveyed to James Reader the property at 927 South Claremont avenue, improved with a six apartment building, for a reported consideration of $13,500. The Liberty Realty company represented all parties to the transaction.

Elizabeth Bertha has sold to Rose Conn the three apartment building at 5121 University avenue, 173 feet south of Hyde Park boulevard, lot 50x164 feet, west front, for a reported consideration of $38,000, subject to $24,000. In part payment the purchaser conveyed the property in Michigan avenue, 395 feet north of Fifty-third street, lot 30x178 feet, west front, with three flat building, at an indicated consideration of $18,000, subject to an incumbrance of $6,000. This subsequently was sold to Jacob Berman. Willie & Frankenstein were the brokers.

### Ardmore Avenue Deal.

Henry F. Miller has acquired from C. O. Carlson the property in Ardmore avenue, 166 feet west of Wayne avenue, lot 55x110 feet, north front, with flat improvements, for an indicated consideration of $23,400, subject to an incumbrance of $23,400, subject to an incumbrance of $15,000.

E. C. Brownlee has leased for Frederick Barnheisel to Joe Roussel the store and basement at 518 South Wabash avenue for a term of ten years at a total rent of $45,000, or $4,500 a year. The premises will be occupied as a French restaurant and buffet.

The same broker has leased to the Thurber Art galleries one-half of the fifth floor in the Barnheisel building at 616-20 South Michigan avenue, for five years, at a term rent of $22,500; to Rudolf Bohunek, artist, space on the eighth floor of same building for five years at a term rent of $12,000; to the Barrett Changer company space on the third floor for five years at a term rent of $10,500; to the Chicago Camera club space on the seventh floor for five years at a term rent of $9,000.

### Irving Park Trade.

The property in Hutchinson street, at the northeast corner of Lockwood avenue, lot 39 5-10x125 feet, with improvements, has been conveyed by Harry Hansen to Edward Munroe, consideration nominal, subject to an incumbrance of $22,000.

Cecil Dixon has conveyed to Katherine O. O'Malley the property in Crawford avenue, 500 feet north of Waveland avenue, lot 100x125 feet, and other property for an indicated consideration of $24,500 subject to an incumbrance of $8,500.

### S. W. Straus Speaks.

Simon W. Straus, president of S. W. Straus & Co., mortgage loan brokers, who talked on "The Rebuilding of Our American Cities" at the weekly luncheon of the Chicago real estate board yesterday, said in part:

"We are a nation of wasters. Extravagance is the curse of our civilization; carelessness is the bane of our national life. And it is only recently that we have begun to learn the importance of eliminating waste in our real estate operations, constructing and operating in such a way as to get the most out of the property.

"I think there is too much contentment, too much satisfaction among real estate owners. Show me a contented man and I will show you a man who has ceased to grow—who has gone back rather than forward. It is discontent that makes for progress.

### Realty the Basis.

"Real estate—city land and farm land—is the solid basis on which our national prosperity rests. Real estate is always the last commodity to be affected when business becomes dull and prices fall. It also is the last to rally after a depression. But in general we can make this broad assertion—that the basis of the nation's prosperity is the measure of the prosperity of its real estate, and the prosperity of real estate depends upon the use we make of it, which, in turn, determines its earning power.

"In the final analysis, when you get right down to fundamentals, you discover this broad truth: Earning power determines the value of any property. This is broadly and generally true. It is as true of farms as it is of city real estate.

Regarding the development of real estate mortgage bond loans, he said the great lesson taught by Chicago in this field is being learned in other cities. "Recently," he said, "the Chicago type of first mortgage bonds has been introduced successfully in New York and Philadelphia, where a great field awaits it."

# SKIN TROUBLE DISFIGURED FACE

Went All Over Hands. Skin Very Red and Burning. Lost Rest. Could Not Put Hands in Water.

## HEALED BY CUTICURA SOAP AND OINTMENT

"My skin began to get rough and peeling. It went all over my face and hands and on my neck, and every time I would wash I took some skin off. My skin was very red and burning and I had to scratch and my face was disfigured. I lost rest at night, and I could not put my hands in water.

"One day I found a Cuticura Soap and Ointment advertisement. I first bought a box of Cuticura Ointment and then a cake of Cuticura Soap, and after using them about a week my face began to get well, and I used about two cakes of Cuticura Soap and two boxes of Ointment and I was healed." (Signed) Edward Podolski, 3037 Gresham Ave., Chicago, Ill., Sept. 20, 1915.

**Sample Each Free by Mail**

With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

# Reasons for Our Record

Sometimes we are asked how the record of this House is possible—34 years without loss to any investor. The reasons, in brief, are these—the *care* with which we select and purchase bond issues, the *thoroughness* with which we safeguard them, and the *vigilant watchfulness* with which we protect our clients' interests. The

# Bonds

we offer yield 5½% to 6%, and are surrounded by a definite system of safeguards, known as the *Straus Plan*. They are directly secured by first mortgages on the best improved real estate in Chicago, New York, and other large cities. Denominations, $1,000, $500, and $100. If you want perfect safety with a good interest rate on your investment,

# Milk Shortage

TO OUR CUSTOMERS:

During the necessary shortage of milk in Chicago, occasioned by the attitude of the Milk Producers' Association, we ask the indulgence of our customers for the inconveniences to which they may be put.

We are making every effort to supply milk and cream to our regular trade. We have contracts with farmers for sufficient milk to meet all demands of our retail customers, provided the deliveries of milk to our plants are not prevented by force.

We ask that the housewives of Chicago co-operate with us to the extent of informing our drivers where there are infants or invalids in the families, and every attempt will be made to serve a sufficient supply to meet such needs as those families may have.

All milk and cream which we shall deliver will be of the same high standard that we have heretofore maintained. If we can have the co-operation of our customers for a few days we feel assured that milk will soon be available to completely supply our trade.

## WHEN ITCHING STOPS

There is one safe, dependable treatment that relieves itching torture instantly and that cleanses and soothes the skin.

Ask any druggist for a 25c bottle of zemo and apply it as directed. Soon you will find that pimples, blackheads, eczema, ringworm and similar skin troubles will disappear.

A little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes all skin eruptions and makes the skin soft, smooth and healthy.

Zemo, Cleveland.

# MEEKER EXPECTS MEAT WILL RISE AFTER THE WAR

## Chicago Packer Says European Demand for Live Cattle Will Advance Prices.

[BY A STAFF CORRESPONDENT.]

Washington, D. C., April 6.—[Special.]—Meat prices will continue to rise after the European war closes, notwithstanding the anticipation of the packers that the present heavy exportations of meat and meat products will cease with the close of the war. Such was the statement made before the house judiciary committee today by Arthur Meeker, vice president of Armour & Co.

Mr. Meeker appeared before the committee to oppose the resolution introduced some time ago by Representative Borland of Missouri directing the federal trade commission to make an inquiry into the cattle raising and packing house industries. The committee has indicated its intention of reporting the resolution to the house with a recommendation for passage.

**Meeker Questioned on Exports.**

Near the close of the hearing Representative Carlin of Virginia asked this question:

"What will happen to the export business when the war closes and what will be the effect on the market of this country?"

"I think the exportation of dressed beef will fall off from its present proportions considerably," Mr. Meeker replied. "But I think that this will be at least partially offset by the increased demand for cattle on the hoof to restock the farms of Europe."

"Then I can see little ahead in the way of hope for the beefsteak eater," Representative Carlin said.

The packers, through their attorneys and through five witnesses, all happy contented farmers and cattle raisers owning from 600 to 100,000 acres of land each expressed their opposition to any federal inquiry into the beef industry.

**Packers Renew Objections.**

The packers reiterated their objections that it was not necessary; that they would furnish the bureau of markets all the information needed to satisfy the live stock men of the profits they were making and on what they based their prices on live stock. The farmers expressed a fear that an inquiry "would disturb business conditions and get nowhere in the long run." During the day denial in one form or other was made to practically every charge that had been made by the live stock men against the packers.

[illegible] S. Hayner of Taylorville, Ill., said he had made money, and that the cattle men of his neighborhood wanted no investigation. He said it would simply disturb business conditions, and that the Illinois Live Stock association had taken a position and refused to indorse the Borland resolution.

**Porch Fall Fatal to Child.**

A fall from the rear porch of her home resulted yesterday in the death of Helen Cousin, [illegible] years old, of 1454 South Racine avenue.

## Parisian Costumes and Wraps of Society Women to Be Offered at White Elephant Sale.

TOMORROW there will be a special sale (at the White Elephant sale) of dresses and wraps which have adorned the figures of Chicago society women. Manikins will parade dressed in the creations, a number of which were designed by Worth, Callot, Drecoll, and other Parisian designers.

The feature of yesterday was a letter from Col. Roosevelt, together with a steel bullet with which he killed an elephant in Africa. The women expect to sell the bullet.

Mrs. J. T. Harahan received the communication, which reads:

"My Dear Mrs. Harahan: Of course I remember you well. I wish you all luck in your White Elephant sale, and I send you herewith a bullet with which, six years ago in Africa, I shot a black elephant. Sincerely yours,

"THEODORE ROOSEVELT."

The second day's sale netted about $2,500. It is being conducted at 171 North Wabash avenue.

# EXPLOSION OF BOMB SHAKES BUILDINGS ON YALE CAMPUS.

## Blast Smashes Doors and Windows of Dormitory—Missile Thrown by Unknown Person.

New Haven, Conn., April 6.—[Special.]—The Yale campus police are tonight investigating an explosion which took place in the courtyard of Wright hall today during recitation hours.

Doors and windows were smashed and two instructors, Samuel Hemininway and C. M. Clemence of the English department, narrowly escaped injury.

All that could be learned was that an unknown person threw what seemed to be a bomb from the dormitory into the courtyard. The missile exploded with terrific force.

What was left of the bomb showed it to be a terra cotta tile such as used in buildings which was cemented on each end and was filled with some highly explosive material. A fuse was attached and this was lighted just before it was thrown.

# NEW YORK RAIDS GAMBLERS.

## Massachusetts State Official One of the 730 Whose Names Are Taken by the Police.

New York, April 6.—In several raids on alleged gambling resorts the police tonight arrested thirty-seven persons and took the names of 730 others. Among the latter, according to the raiders, was a Massachusetts state official and an alderman of a New Jersey city.

# FINDS TWO OF HIS KIN SLAIN.

## Nephew Also Reports Theft of $3,000 from Two Aunts to Seattle, Wash., Police.

Seattle, Wash., April 6.—The bodies of Mrs. Corinne Wheeler, 76 years old, and Mrs. Kate B. Swift, aged 53, were found in their home here early today by H. S. King, their nephew. The heads of both women had been crushed and $3,000 supposed to have been hidden in the house was missing, he reported to the police.

# SUE JOY MORTON AND DIRECTORS FOR ACCOUNTING

## Great Western Cereal Receivers Charge Diversion of $300,000 of Company Money.

A bill for an accounting was filed yesterday in the Circuit court of Cook county by William A. Tilden and Charles D. Thompson, receivers of the Great Western Cereal company, through their attorneys, Sims, Welch & Godman, again Joy Morton and certain former directors of the Cereal company to recover approximately $300,000 alleged to have been diverted by Mr. Morton as president of the cereal company from its proper corporate purposes.

The affairs of the cereal company have been before the courts for a number of years. In June, 1911, Joy Morton, then president, with the concurrence of a board of directors which, it is alleged, he controlled, sold the Joliet and Fort Dodge plants, the "Mother's brand," and the good will of the oatmeal business of the cereal company to its principal competitor, the Quaker Oats company.

**Bevan Starts Investigation.**

Dr. Arthur Dean Bevan of Chicago and certain minority stockholders thereupon instituted an investigation, discovering certain alleged irregularities, which are the basis of the present suit. As the result of this investigation, Vice Chancellor Lewis of Jersey City directed the receivers to bring the present action.

It is alleged in the bill that approximately $100,000 was paid to Mr. Morton as commissions on loans which he, as president, obtained for the cereal company, and that approximately $160,000 was illegally paid out as dividends upon the preferred stock, of which Mr. Morton held some 3,000 shares, upon which he received $112,188. It also is alleged that approximately $133,000 was illegally paid as salaries to members of the executive committee, of which Mr. Morton was a member.

**Here Are the Defendants.**

The other defendants are Mark Morton, Sterling Morton, Daniel Peterkin, E. H. Stearns, S. T. Butler, F. F. Bliss Jr., David Oliver Jr., W. L. Gregson, F. P. Sawyer, and the Great Western Cereal company.

# NOBLEMAN WEDS AUTHORESS

## Marriage of Earl Russell and Countess von Arnim a Month Ago Learned in London.

[SPECIAL CABLE TO CHICAGO TRIBUNE.]

LONDON, April 6.—Earl Russell, it became known today, was married a month ago to the Countess von Arnim, widow of Count Henning August von Arnim, author of "Elizabeth and Her German Garden" and other books.

**Church Societies to Have Rally.**

Presbyterian young people of all the Chicago Presbyterian churches, representing the Christian Endeavor Societies, the Sunday schools, and other organizations, will meet in the Third Presbyterian church, Ashland and Ogden avenues, tomorrow at 3 o'clock for an afternoon and evening rally.

# POLICEMAN DISMISSED FOR GRAND LITTLE SPREE.

## It Began March 20, Evidence Shows, and Ended in Bridewell Six Days Later.

Fred N. Wright, a patrolman assigned to the Stanton avenue station, was discharged yesterday on recommendation of the civil service trial board, which heard testimony on Wednesday tending to show that the patrolman went on a drunken bout on March 20, which ended in the bridewell hospital on March 26.

Summarized, the testimony against Wright was:

March 20, after being fined for intoxication, reported intoxicated. Excused from duty.

March 21, appeared at roll call "under the influence of liquor."

March 23, found intoxicated and lying on the sidewalk. Taken to the Provident hospital.

March 24, hospital officials requested his removal as "he was making a nuisance of himself." Taken to People's hospital.

March 26, taken to the bridewell hospital after authorities at People's hospital requested his removal, "it requiring four officers to control him in the auto patrol."

# WILSON'S NAME ON BALLOT.

## Papers Certifying He Is Candidate for President Filed with Pennsylvania Secretary of State.

Harrisburg, Pa., April 6.—Papers certifying that Woodrow Wilson is a candidate for the Democratic nomination for president were filed today at the office of the secretary of the commonwealth. The certification was made by the Democratic state committee and Mr. Wilson's name will be placed on the primary ballot. The primaries for all parties in Pennsylvania will be held May 16.

# PLANS TO FIGHT LYNCH LAW.

## Organization of Eighteen Southern Colleges Formed to Take Up Active Work.

Birmingham, Ala., April 6.—Eighteen southern colleges were represented at the organization here tonight of the Association of Southern Church Colleges, which will take up actively the work of fighting lynch law in the south.

# WANT 500 BIBLE CLASSES.

## County Sunday School Association Would Foster Groups of One Hundred Men.

The plan to organize 500 adult Bible classes of 100 men each and as many more women's Bible classes was given a boost yesterday at the meeting of the Cook County Sunday School association when the selection of a special secretary to carry on the work of organization was indorsed by vote. The meeting was held in the Woodlawn United Presbyterian church. The Sunday school convention will close tonight after an all day's session. This evening in the Woodlawn Baptist church a banquet will be held at which the athletic trophies will be distributed to those who have won honors during the year. A convention banquet will also be held in the Woodlawn Methodist Episcopal church.

*The Reliability of Shaw Cabs*

A few short years ago no careful man would permit his wife or daughter to ride in a taxi-cab unescorted. The drivers were reckless, and unreliable. The cabs were unsanitary and unsafe.

Note the difference in conditions today. Women and children ride freely, and at all hours, in Shaw Cabs, and husbands and fathers have absolute confidence in the ability of the Shaw Company to deliver their precious charges safely at the end of the route.

The members of the leading clubs in this city have almost as much confidence in Shaw and Shaw drivers as they have in their family doctors. They unhesitatingly use Shaw Cabs to send their women folks and children about the city and its environs at all hours of the day and night, and they know they will get there safely and come home safely.

That's wonderful confidence to have in a taxi-cab company and it is a condition that does not obtain in any other city in the world. ***And the result of it is that the Shaw Company carries more women and children than all the other livery companies in Chicago combined.***

We employ real men as drivers—men who have wives and children of their own—who have real human hearts in their bosoms and who are anxious to "make good" not only with their passengers but also with the company that trusts and takes care of them.

**Shaw Rates Reduced 25%**

The new rates are as follows: BY THE METER—30 cents for the first third of a mile; 10 cents for every third of a mile thereafter; 15 cents extra for each passenger above one, for the entire trip.

BY THE HOUR—$3. On this rate six passengers ride for the same rate as one. For example, you and five of your friends can ride from Madison and Michigan to the South Shore Country Club and back for $3, as the trip requires an hour. All you have to do to get the hour rate is to mention it to the driver before you enter the car. Your charge begins when you enter the cab and ends when you leave it. No charge for calling.

## Easter Fashions Radiantly New and Charming in

## Misses' Suits, Coats and Frocks

## $27.50, $35, $37.50

If ever assortments were gathered with forethought and care it is these presented in the misses' section to-day.

Youth and springtime inspired them surely, for never were more sparkingly fresh, girlish styles in such charming varieties offered in

### Misses' Suits at $27.50 and $37.50

**For Every Possible Occasion**

At $27.50 there are wool poplin suits in the style sketched at the right in navy blue, with crisp white collars. Just one of so many styles at this price.

At $37.50 serge suits of navy blue with cape collar, pocket flaps, fitted seams, the newest of the new—sketched at the right center.

### Misses' Coats Unusual at $27.50

**Sports Styles, Street Coats, Utility Coats**

At $27.50 are coats of gabardine for example, lined throughout in soft silk. These you may choose in tan or blue in the style pictured at the center.

Sports coats in the all-favored checks at $27.50.

And smart utility coats of dark serges at $27.50.

### *Newer Mode Motifs to Be Noted*

In Suits—longer coats are just dawning, in "tailored" suits. Checks are also in blue or brown with white. Stitching accents the lines in many of the newest suits.

In Coats—linings grow gayer wherever they are. Full-skirted coats dispense with linings altogether. Color touches are everywhere.

In Frocks—pastel plaid taffetas are very charming. "Stand-offish" collars accord becomingly with quaint bodices. Pockets are on afternoon frocks, cleverly placed.

### Frocks of Taffetas at $27.50 and $35

**In Checks and Pastel Plaids—Very New**

At $27.50 the checked taffeta frock with its quaint fitted bodice and cool, dainty sleeves of white crepe. Sketched at the left.

At $35, plaid taffeta frocks in the three-tier tunic style at the left center. With bodice entirely of white Georgette crepe.

## LUTHER BURBANK

### His Methods and Discoveries Their Practical Application

These personal records of Luther Burbank represent not only this money expenditure, but his forty years' activity—the discoveries and transformations wrought by the "Plant Wizard."

Burbank is for the Nature lover. He is for the land owner—the gardener—the truck farmer—the flower lover. He has done big, interesting things toward increasing farm land profits and reducing the cost of living. He has revised Nature's book of plant wonders.

No other books even remotely resemble these works of Burbank. They treat in specific detail of Burbank's accomplishments—how to apply them to your own garden, orchard or farm. They picture, in the form of beautiful direct color photographic reproductions, literally thousands of experiments and phenomena—made by a process of natural color photography perfected on Luther Burbank's own grounds.

We have been identified, constructively, with the idea from its inception, and now are able to offer the entire 12 volumes—3,690 pages—1,260 hand mounted direct color photographs—bound in the new linen weave Holliston Book Cloth—for $50.

# COLONEL SILENT WHILE FRIENDS RALLY TO CALL

## Candidacy Causes Supporters of Hughes to Change Tactics—Now Urge Silence.

## ADMIT ROOSEVELT STRENGTH.

Oyster Bay, N. Y., April 6.—[Special.]—There were no pilgrims to Sagamore Hill today and Col. Roosevelt was left free to clear up pressing correspondence preparatory to going to New York tomorrow and to New England Sunday.

To the declaration of terms upon which he will agree to accept the Republican nomination for president published in the morning papers Col. Roosevelt had nothing to add. For the present at least, those closest to the former president say, he is standing pat, leaving it for the country to say whether or not his terms are acceptable.

"That's me," he says in substance. "Am I the man you want?"

**Not Worried Over Politicians.**

And on the answer to that question made by the public he is content to rest. As to how it may affect the old time politicians Col. Roosevelt is not particular. No one knows better than he that he will not be nominated if the professional politicians can force the nomination of another with safety to their political skins.

Tangible evidence that it is the masses upon whom he may depend is seen in the bulk of mail that is pouring in on him. It comes from all sections of the country, and he has had to employ additional clerks.

**Effect on Hughes Candidacy.**

New York, April 6.—[Special.]—The pitching of Theodore Roosevelt's hat into the ring, this time with a broad band of red, white, and blue on it, caused a flutter in the hearts of politicians, timid and otherwise, today.

That something like this was sure to follow the meeting of Mr. Root, Senator Lodge, Gen. Wood, and the colonel at the home of Robert Bacon last week was a foregone conclusion, and the chief question in the minds of those most interested was why it came so quickly.

Indicative of the impression which the Roosevelt statement made on the Republican leaders today there came a withdrawal by State Chairman Frederick C. Tanner of the statement which he made on Wednesday regarding Justice Hughes. Mr. Tanner was sure today that he was not of the opinion that Justice Hughes ought to let the country know whether or not he was a candidate. Finally he said that he made no statement whatever on Wednesday.

**Advise Justice to Wait.**

It appeared from talks with Hughes men that they do not want the justice to make any declaration at present. The idea is that he should await developments and the possibilities of developments, in view of the likelihood of additional bombshells from the direction of Oyster Bay.

Those who would advise Justice Hughes believe that he should withhold any statement until the atmosphere has cleared. They figure that it may not be necessary for him to make any statement. No statement would be necessary if sentiment for Col. Roosevelt should develop to the point where the Republicans could not choose but nominate him.

Congressman Victor Murdock today expressed confidence that Roosevelt would be nominated by both the Republican and Progressive conventions. "Col. Roosevelt has been making rapid gains recently in the east and middle west," Murdock said.

**Comment in Washington.**

Washington, D. C., April 6.—The announcement from Oyster Bay that Col. Roosevelt will be a candidate was received with mixed emotions here. Republicans as a rule took it as a matter of course and as something not altogether unexpected. Democrats, on the other hand, tried to appear joyful, but secretly confessed fears.

"It is fruitless to make prognostications at this time," said Representative Mann. "The Republican convention, I am sure, will select the strongest man in the field. There can be no doubt Col. Roosevelt has strong support in his part of the country. He is a strong man with strong convictions. The same is true of Justice Hughes in my part of the country."

"Of course, Roosevelt is a strong and popular man," commented Uncle Joe Cannon. "I am not prepared to guess who the candidate will be, but I am convinced the convention will nominate a real Republican."

## HOSTESS

The Count and Countess James Minotto, who were married in Chicago a few months ago, were hosts at a dinner Wednesday night at the Plaza hotel in Buenos Aires. The countess was Ida May Swift, daughter of Louis Swift, the packer. The dinner was in honor of the secretary of the treasury and Mrs. McAdoo and the American delegation to the Pan-American conference in Buenos Aires.

Among the other guests were the American ambassador and Mrs. Stimson, the ministers of Italy, Spain, and Sweden, the president of the Argentine government bank, Manuel Iriondo; the delegate of the Chilean government, Luis Izquierdo, and the leading members of Argentine society.

Count Minotto is visiting Argentina in the interest of the Guaranty Trust company of New York.

# T. R. MAY CHANGE KEYNOTE CHOICE

## Mann to Wield Gavel if New Angle Doesn't Affect Committee.

Col. Roosevelt's notice to the Republican party that he is willing to be considered as a presidential possibility may have changed the plans of the subcommittee of the Republican national committee. The subcommittee meets at the Congress hotel today to name a temporary chairman of the Coliseum convention.

Unless there has been a radical revolution of earlier arrangements, Chairman Hilles will announce today that Congressman James R. Mann will wield the gavel and sound the 1916 keynote.

As was told in THE TRIBUNE, when the subcommittee met last month, Congressman Mann was formally chosen, as far as the subcommittee was concerned. Announcement of his selection was deferred by Chairman Hilles overnight.

**Held Up by Smith Appeal.**

Early the next morning Committeeman Warren of Michigan notified his colleagues on the subcommittee that he had received a telegram from Senator William Alden Smith of Michigan suggesting that the announcement of Congressman Mann's selection be deferred until after the Michigan primaries, which were held Monday.

Latest returns from Michigan show that Senator Smith has been defeated in the presidential preference primaries by Henry Ford.

Col. Roosevelt's friends are not for Mann for temporary chairman, but they realize that he cannot be defeated, either in the full national committee, to which the subcommittee must report, or in the national convention. This much was ascertained yesterday to be an assured fact. It was one of the things discussed at the Roosevelt-Root conference, surmise has it.

The Roosevelt campaigners would prefer Senator Lodge of Massachusetts for temporary chairman.

**May Be Change of View.**

However, the new twist to the presidential situation, developed by Col. Roosevelt's "Barkis is willin'" statement, combined with a renewed assurance that Justice Hughes will not refuse the nomination if it comes to him, may have changed the determination of the subcommittee established in March to recommend Mann for the temporary chairmanship.

It is known that the real Sherman Republicans in Illinois were greatly incensed at the report that Mann had been picked. This was due entirely to Congressman Mann's speech at the Hamilton club, withdrawing himself as a candidate for the presidency and classing Senator Sherman as a "two spot." This has had its effect, it is believed, in Republican senatorial circles in Washington.

# 'Cardui' Cheered Southern Folks Who Felt Po'ly

## Witness Tells His Trials as Clerk in Col. Wright's Drug Store.

## WHAT AILED MATTIE?

When old Col. Winslow Wright ran a store down in Scranton, South Carolina, he had a young fellow working for him who had three serious things to contend with. One was a brother who got drunk, the other was an ambition to become a doctor, and the third was Jack Lee, who drank Wine of Cardui.

That was fifteen years ago. Now the young man has become a doctor, and he has moved away from Jack Lee and his brother to Trilby, Fla. But he didn't get away from Wine of Cardui. It was there before he thought of coming. And besides that he found that 80 per cent of the inhabitants were drinking it for such diseases as hookworm, malaria, appendicitis, tuberculosis, pellagra, gonorrhea, amenorrhea, bad colds, ovaritis, and stomach trouble.

**Opened Drug Store.**

He started a sanatorium at Trilby, and to help pay expenses he opened a small drug store, and sent for his brother to take charge.

On the witness stand in Federal Judge Carpenter's court, where the makers of Wine of Cardui are suing the American Medical association for $300,000, alleging libel, the young man said his name is H. B. Byrd.

"When I first came across Wine of Cardui," he said, "I was working as a clerk in Col. Winslow Wright's general store at Scranton. I noticed that many men came in and bought from one to a dozen bottles of Wine of Cardui. One man named Jack Lee bought it in $10 lots. He would open up a bottle right away and go out in the back yard and drink it down in one big gulp.

**Grand Little Jags.**

"He would get awful drunk. My brother got to drinking it also."

"How many times did you see Jack Lee buy a dozen bottles during the year and a half you were working there?"

"More than a hundred times."

"Then I became a physician and went to Trilby, and my brother, Steven, went to Homerville, Ga. I started a sanatorium and a drug store, and sent for my brother. He still had the liquor habit, but I didn't think he could get it in Trilby. He conducted the business of the drug store and one day I noticed that the shelves contained Wine of Cardui, and my brother was getting drunk on it. I've seen him drink three and four bottles in one afternoon."

**She Felt Po'ly.**

"Do you know any one else who drank Wine of Cardui?"

"Yes, a girl named Mattie Knight came to my sanatorium suffering with tuberculosis, hookworm, malaria, appendicitis, pelagra, and various other diseases."

"One girl had all of those things the matter with her?"

"That's all I found on a superficial examination."

"Go on."

"Well she had been drinking Wine of Cardui to cure her. Instead it aggravated most of the diseases.

"Then another girl named Lulu McKindry, 19 years old, came to me. She had hookworm, tuberculosis, amenorrhea, and pellagra. She had been drinking Wine of Cardui for a number of months. I made her quit it."

"What did you do for all of those diseases?"

"I dosed her up with iron, arsenic, quinine, and strychnine."

"Did she live?"

"From last reports she is alive."

**The Witness Surprised.**

When Dr. Byrd was turned over to the plaintiffs for cross-examination Attorney Francis Walker suddenly asked:

"How did you get into this case?"

"Who get in what case?" was Dr. Byrd's surprised answer. The court crowd laughed.

"Was Jack Lee an alcoholic drunkard?" continued the attorney.

"No, he was a Wine of Cardui drunkard."

"Did you ever see him get drunk on anything else?"

"Yes, on Hostetter's Bitters, Electric Bitters, and Peruna."

"Did you know what he intended to do when he took the bottles out to the back yard?"

"Nope, you can't tell what those kind of fellows are going to do."

"What kind of fellows?"

"Wine of Cardui fellows."

In the morning session Attorney Scofield for the defense read to the jury the pamphlet, "Ladies' Birthday Almanac," issued by the Wine of Cardui people. The book extolled the merits of Wine of Cardui on every other page and the remaining pages contained religious hymns and calendars.

An advertisement from the New Orleans Picayune which stated "surgical operations could be avoided by using Wine of Cardui" was also read.

## CONVICT WATSEKA DOCTOR.

### Found Guilty in Denver of Conspiracy to Perform an Abortion.

Dr. Robert J. Mason, a former Watseka, Ill., physician, who lived for a time in Chicago, was convicted in Denver yesterday of conspiracy to have an abortion performed on Miss Ruth K. Merriweather, a Denver girl who died there Dec. 4, 1914.

The conviction is an aftermath of a previous trial in which Dr. Floyd W. Noble was acquitted of a charge that he performed the operation at Mason's request.

Miss Merriweather was engaged to marry Dr. Mason, not knowing that he had a wife and child in Watseka. Love letters which passed between the two when Mason was in Chicago and Des Moines were read at the trial. Several of them referred to an operation to be performed by Dr. Noble.

# TRACE DEATH OF MRS. MIDDLETON TO CHOIR FIDDLER

## Police Charge August Deutschmann with Murder, but Rearrest Engel.

## HIS FIANCEE CRIES IN CELL.

Despite his repeated assertions of innocence and the dramatic efforts of his Sunday school teacher-sweetheart to save him, August Deutschmann, fiddler in a church choir, was formally charged with the murder of Mrs. Agnes Middleton yesterday.

The body of the widow of 40 was found Wednesday morning in her bed above her general store at 3267 Armitage avenue. Her throat was cut, her skull fractured, and her forehead crushed in.

Jealousy, love, or money may have been the motive, the police say. Capt. Thomas Meagher of the Shakespeare avenue station said the police have woven a chain of circumstantial evidence around the church fiddler that will be hard for him to break.

**Known as "Kubelik."**

Deutschmann was the first suspect taken by the police. He is a violin tutor and is known on the west side as "Kubelik." On Sundays he plays at the services of the Weaver Memorial church at Dickens and Kedzie streets.

Two other suspects—Fred Engel, owner of the moving picture theater next door, and Harry Erwin, a salesman for the Sperry & Hutchinson company—were in custody most of the day, but were released. Although friends of the murdered woman declared they were devoted admirers of Mrs. Middleton, they won their release, according to Lieut. Palczynski, by insisting they had always avoided women. At night, however, Engel was rearrested on new evidence.

**Enter: Fortune Telling.**

Engel, according to evidence picked up by detectives, told Mrs. Middleton's fortune less than two weeks ago and warned her "she would not die a natural death."

Erwin, by the account of Norma Neilson, the clerk in Mrs. Middleton's shop, was a persistent suitor, spending many evenings at the Middleton home and calling her "dearie" and "honey."

Hilda Nelson, the dead womans closest friend, said some pills found hidden in the widow's room had been recommended to her by Erwin.

William Hanson of 1901 Sawyer avenue was passing the Middleton home at 12:30 the morning of the murder. He says he noticed a light in the parlor of the home.

Deutschmann says he retired at 10 o'clock. He says he slept soundly until 7:30.

**Why Deutschmann Is Prisoner.**

The police say they are holding Deutschmann because:

Bloodstains were found on the inside of the cuff of one of his shirts.

The razor, used in slashing the throat of the widow, was accessible to the roomer.

The hatchet, with which the police believe Mrs. Middleton's skull was crushed, was found stained with blood, hidden beneath the rear porch steps. The hatchet was used by Mrs. Middleton for chopping kindling wood and its presence in the house was known to Deutschmann.

The widow's night dress was unstained. There was no evidence of a struggle. The razor was found beneath her head.

The window leading on to the roof was open. If the murderer came in that way the widow would have heard him opening the window, and probably would have screamed in alarm.

Deutschmann says he heard no scream.

Deutschmann says he retired at 10 o'clock. Why was the light burning in the parlor at 12? He says he put it out before he went to bed.

All the doors were locked. The murderer would have to come in the window or be on the inside. The police believe he was on the inside.

**Operation on His Brain.**

Mrs. Helge Neilson, the clerk's mother, declared that if Deutschmann committed the crime he did it while temporarily insane.

"He had an operation on his brain," she said, "and his ears were bothering him. It may have made him weak minded. He wasn't a man that any woman would fall in love with, anyway."

The police theory now is that Deutschmann was jilted by the widow and killed her for revenge. He had roomed in her home for four years and knew she had inherited $5,000 from her husband. He opened the window and bureau drawers and took Mrs. Middleton's diamond rings, they believe, to throw detectives off the scent.

Deutschmann presented a pitiable figure when visitors went to see him in his cell at the West North avenue station.

One of the callers was his fiancée, Miss Molly Nelson, a Sunday school teacher living at 1907 Richmond street. She fainted in the middle of her interview and afterward declared her belief in his innocence.

**"Innocent," She Says.**

"Why, he is as harmless as a child," she sobbed. "We were to be married soon. I know he didn't love this widow. He just told me we would get married after he gets out.

"I have known him for several years. We were introduced by the pastor of our church. He played the violin in the choir. Each Sunday afternoon I teach Sunday school. How could a man with such connections commit so brutal a crime?"

"Will you marry him if he is acquitted?" she was asked.

"I will marry him, though the world says he is guilty," she replied, with a touch of theatrical.

Miss Nelson admitted her father objected to her marriage. She said she has an equity of $2,000 in her home and that her father, who is old and blind, fears Deutschmann will get the money and leave him destitute.

After Miss Nelson had gone Johnny Coulon, former bantamweight champion, called on Deutschmann with Attorney John W. Lee. The prize fighter offered to furnish bail whenever it is needed.

From other sources it was learned Miss Nelson's love for the fiddler was not reciprocated so boundlessly. Miss Nielson, the clerk, says Deutschmann was not serious in his attentions to Miss Nelson.

"Why, he didn't love her at all," said Miss Nielson. "I don't think he intended to marry her."

**Some Kempis Quotations.**

A copy of Thomas à Kempis' "Imitation of Christ" was found among the widow's possessions. Several passages were marked. The quotations would indicate the widow was in the habit of reproaching some one for his or her vanity. The marked paragraphs follow:

*He is truly great who has great love.*

*Esteem not thyself better than others, lest perhaps in the sight of God, who knoweth what is in man, thou be accounted worse than they.*

*If there be any good in thee, believe that there is much more in others, that so thou mayest preserve humility.*

*If every year we would root out one vice we would sooner become perfect.*

Deutschmann will be given a preliminary hearing before Judge Flannigan this morning.

## MEDILL M'CORMICK BUYS ESTATE ON ROCK RIVER.

### More than 1,200 Acres on Both Banks Bought or Contracted For —Plans Dairy Farm.

Rockford, Ill., April 6.—[Special.]—Medill McCormick has bought or contracted to purchase more than 1,200 acres of land on Rock river, between Rockford and Byron, in Ogle county, including Byron bluffs, one of the most picturesque points in the Rock river valley. Mr. and Mrs. McCormick expect to move to the bluffs about May 1, occupying a temporary bungalow until a beautiful country home is completed.

McCormick farm will have a river frontage of nearly two and one-half miles. I includes land on both sides of the stream. Among tracts bought or contracted for are what are known as Flynn and John Burch farms and part of Charles Rood farm. They are just over the south line of Winnebago county in Ogle.

Mr. McCormick said he has in view an extensive dairy establishment. Deals for acquisition of property have been under way for considerable period. No consideration has been given out, but it is understood more than $100,000 has been paid by Mr. McCormick's agent.

## MOST SMOKY CITY: CHICAGO, ST. LOUIS, OR PITTSBURGH?

### Same Test Being Applied to Each Municipality to Ascertain Fall of Soot in Year.

St. Louis, Mo., April 6.—[Special.]—St. Louis, Pittsburgh, Chicago, and Cincinnati have under way a relative smoke test to determine which city is the least smoky. In order to ascertain the amount of soot fall for the year ending April 1, 1917, the same test is being applied to each city.

In St. Louis the test is being conducted by Washington university students under the direction of Prof. E. L. Ohle, chairman of the smoke abatement committee of the Civic league.

Thirty-six glass jars four inches in diameter and ten inches deep have been placed in various parts of the city on the roofs of low buildings where they will not be disturbed by air currents. Once a month for a year the jars will be collected and the contents weighed and analyzed and comparisons with the other cities made.

A cablegram from the queen of Belgium conveying to the people of the United States her appreciation of the plan to celebrate tomorrow, King Albert's birthday, as "Belgian flag day," was received in New York yesterday by Mrs. William Cumming Story, president general of the Daughters of the American Revolution.

The cable follows:

"I am delighted with your idea. Nothing could touch me more than to see the king's, my husband's, birthday celebrated by a manifestation of charity through the distribution of 10,000,000 Belgian flags in return for an offering for the destitute in Belgium. I express my grateful appreciation."

## PLANS ANOTHER ARREST IN WAITE MURDER CASE.

### New York District Attorney Hints at New Developments — Will Question Embalmer Again.

New York, April 6.—Another arrest probably will be made tomorrow in the case of Dr. Arthur Warren Waite, who has confessed the murder of his father-in-law, John E. Peck of Grand Rapids, according to a statement made tonight by District Attorney Swann. Among those who will be questioned tomorrow by Mr. Swann will be Eugene Oliver Kane, embalmer, to whom Waite says he gave $9,000 in the hope of obtaining evidence that arsenic was used in embalming Mr. Peck's body.

Mr. Swann made public tonight a letter written by Waite on March 20 to a brokerage firm with which he had dealings.

"I want you to do me a favor," the letter said. "I send a check for $1,025 and a draft for $3,393. Will you please pay these to your account and sell sufficient stocks—say New York Central—to bring this amount up to $15,000, and make out a check for that amount—$15,000—to Eugene O. Kane and mail said check to me immediately?

"You might put this letter away so no one else can refer to it, and of course I depend on you to favor me with the utmost discretion at all times and to all questioners."

The letter was written the day on which Kane admits receiving from Waite a check for $9,400, which he says he never cashed.

Additional evidence was obtained today regarding Waite's study of germs at Flower hospital in this city. The young dentist is said to have expressed a desire to obtain slides of the most virulent cultures in existence.

## JANE ADDAMS SEEKS REST AT MRS. BOWEN'S HOME.

### Hull House Leader Suffering from Tuberculosis of the Kidneys, Her Peace Alternate Announces.

In order to get as much rest and fresh air as possible Miss Jane Addams left Hull house yesterday and went to the residence of Mrs. Joseph T. Bowen in Astor street.

Miss Addams returned from California on Sunday. When she was examined by her physician, Dr. James B. Herrick, it was found she was suffering from tuberculosis of the kidney. She gave up at once her intention of sailing to Stockholm to attend the peace tribunal.

The announcement of Miss Addams' illness came first from the east, where Miss Emily Greene Balch, who will sit as alternate for Miss Addams at the peace conference, issued a statement.

"Miss Addams is undergoing treatment for tuberculosis of the kidney, with diabetic complications," read the statement. "Her health is in a precarious condition. It is hoped a few more months of rest and treatment will enable her to make the trip abroad."

"Dr. Herrick has ordered me to rest, to get all the fresh air I can, and to take care of my diet," Miss Addams said. "I expect to stay here at Mrs. Bowen's while recuperating."

## WANTS SCHOOLS OPEN ALL YEAR

### Supt. Shoop Asks Authority to Make Test with Ten.

John D. Shoop set about yesterday to make himself the most unpopular superintendent, from the juvenile standpoint, that Chicago ever has had. He wants to abolish the summer vacation.

At the meeting of the school management committee of the board of education he asked for authority to establish in at least ten schools an all year course.

**May Shorten School Work.**

The proposed schools will not be the same as former vacation schools, which were opened chiefly for the purpose of keeping children off the streets. The work in these is to be along the same lines as the regular term work. Mr. Shoop believes that children may finish their elementary school work in a year and a half to two years' less time.

"It will give school children a greater opportunity to secure the advantages of high school training," he said.

**Some Trustees Object.**

The committee asked Mr. Shoop to bring in a written report on the proposal. Some of the trustees objected to the scheme on the ground that the parents would throw the entire responsibility of rearing children upon the schools.

Mr. Shoop hopes to make a start with a few schools this summer and gradually increase the number of vacation schools. Although the regular courses will be followed, there will be a lot of outdoor work along the lines of the studies of the children.

## "SCIENCE OF RE-ELECTION," CONGRESS STUDY, HE SAYS.

### Secretary of National Voters' League Talks on Needed Reforms in Washington Legislative Body.

"A new school has developed in congress," said Lynn Haines, secretary of the National Voters' league at Washington, D. C., who spoke at the City club yesterday. "The school has reduced congress to an exact science—the science of reëlection. The political plunder system has two elements, the pork barrel and the wholesale manipulation of public opinion. The Congressional Record is not to be relied strictly upon. Often votes and bills are changed when put in the record.

"The National Voters' league has outlined and will fight for changes to compel congress to act in the open along lines of simple honesty and efficiency and through the fully expressed will of a majority of its members.

"To increase the efficiency of the central government there should be but one house in congress. The membership of congress should be reduced to a workable number and the presidential veto and the power of the courts to annul legislation should be done away with."

# MRS. MODJESKA TRIES TO SHIELD HUSBAND'S NAME

## Declines to Discuss His Birth Except to Say She Told Her Attorney the Truth.

## EMOTION RENT ON THE STAND

Although Mrs. Felicie Modjeska is evidently determined to win the higher separation allowance for which she is suing Ralph Modjeska, the bridge expert, she is unwilling to introduce any sensational evidence in the trial.

Another reference came up yesterday about the cloud cast over the birth of Mr. Modjeski. His wife was unwilling to discuss it other than to say that she told his attorney the truth about her husband's birth and that she told her husband at the time of his last suit for divorce that she would do everything in her power to defend the family name.

"I told him I didn't want to have to go through the same proceedings as his mother," said Mrs. Modjeska in a low voice.

Mrs. Modjeska is also said to have written the truth about Mr. Modjeski's birth to her son Felix in California, but says that this was in accordance with an agreement with her husband.

**Emotion Racks Wife.**

Mrs. Modjeska took the stand both afternoon and morning. She was dressed entirely in black, and remained veiled. It was difficult for her to control her voice, and from time to time she lost her composure and became confused about dates.

She testified to the complete agreement and friendliness between herself and her husband up to the time he started his divorce proceedings, and also stated the three conditions under which she was willing to procure a divorce when Mr. Modjeski offered her $100,000, including insurance.

**One of the Conditions.**

One of these conditions was that he should live with the family for three years, until Marylka should be old enough to marry, and if at any time during those years she should marry he would be free at once.

"I should be too old for my freedom after three years," Mr. Modjeski is stated to have said.

In the afternoon Charles, the youngest son, who returned from Cornell university to testify, took the stand. He read several affectionate letters written to him by his father at different periods.

Mr. Modjeski leaned forward intently during the reading, but his son did not glance at him—looking only at his mother.

**Whole Family with Mother.**

The whole family seems to have sided with the mother—one of the facts counsel for the defendant brought out, alleging the mother had influenced them. They sat smiling and whispering on one side of the table, while on the other was the father whose letters showed how fond he was of them, especially the boy.

Mrs. Modjeska stated that she could not live in the manner to which she had been accustomed for less than $500 or $600 a month. At present she is getting $350 for herself and daughter.

Cross-examination of Mrs. Modjeska was postponed until Monday owing to delay in translating several letters from Polish into English.

## WECKLER VOICES NEED OF HARBOR BUILDING POLICY.

### Tells Transportation Association Chicago Is Paying the Price for Ambition to Be Railroad Center.

Chicago needs a definite long time harbor building policy, and public interest in the new municipal pier, which will be opened this spring, will demand such action. This is the recommendation and prediction of Adam F. Weckler, harbor master, in a speech before the Transportation association yesterday at the Hotel Sherman.

"The harbor was the original advantage that made Chicago a great city," he declared. "But the city wanted to become known as the greatest railroad center of the world, and it has paid the price. The railroads own most of the land along the river, and I have not noticed that it was held for the benefit of shipping.

"In addition to the pier the city should own a fleet of lighterage boats, the tunnel should be extended 1,000 feet to the pier, and arrangements made to bring the elevated lines up to the entrance. Other piers must also be built."

## HELD IN LITERARY SWINDLE.

### U. S. Agents Arrest Alexander Jessup for Duping Aspiring Writers Through Fictitious Magazine.

New York, April 6.—Alexander Jessup, who described himself as an editor and author, was arrested today by postoffice inspectors and held for trial in the federal District court here on a charge of using the mails to defraud. Jessup's accusers allege he duped aspiring writers in a new literary swindle.

Jessup, it is charged, inserted advertisements in magazines soliciting contributions from budding authors for his short story magazine, the Blue Moon. When manuscripts were submitted to him, Jessup, it is charged, suggested that he be paid various sums for his services as editor. The government claims the Blue Moon magazine is a myth. Jessup is the son of a Protestant clergyman. He claims to have written a number of novels and edited English and French classics.

# HEMPLE DROPS NELSON IN 7TH FOR TEN COUNT

## Right to Jaw Causes Surprise—Bitter Root Kid Beats Hedlin.

**Kenosha, Wis., April 6.**
**Decisions of "The Tribune" fight representative are:**
**Jack Hemple knocked out Lee Nelson (7).**
**Harry Copen beat Johnny Werzbach (6).**
**Eddie Tancl stopped Mickey Anderson (2).**
**Bitter Root Kid beat Rabbit Hedlin (8).**
**(Signed.) RAY C. PEARSON.**

BY RAY C. PEARSON.

Kenosha, Wis., April 6.—[Special.]—Jack Hemple, sparring partner of Champion Jess Willard, had a little surprise party at Kenosha tonight. Entering the ring the under dog in the betting for his battle with Lee Nelson, the elongated Chicago scrapper, Hemple dropped Nelson for the full count in the seventh.

Hemple after being shaded in three of the first six rounds, winning two, and getting an even break in one, suddenly shot a straight right to Nelson's jaw with so much force that Lee's underpinning showed evidence of refusing to support him. Hemple quickly got wise to the damage he had done and followed up his advantage ferociously.

### Swings Right to Jaw.

Jack soaked right and left to Nelson's head and Lee was practically out on his feet. Hemple then aimed his right for the jaw and let it go. It connected and Nelson stretched full length on the canvas, where Referee Duffy counted him out.

The finish was surprising, for up to the time of the knockout not a punch had been landed that did any material damage. As an aspirant for championship honors it cannot be said either has much chance.

### Show Real Speed at Start.

They started off at good speed and Nelson showed a good right hand, for several times he caught Hemple on the chin with it. The blows did not carry knockout steam, but they forced Jack to cover up. It was Nelson's round easily, as was also the second, which was a repetition of the first.

Hemple took the honors in the third and fourth, but the fifth was an even one. Nelson opened up in the sixth and piled up many points, giving him a shade just before the final round.

Hemple took a hand in aggressive fighting in the seventh. He dashed after Nelson, swinging right to the jaw and following with a left hook to the other side. Then he repeated the trick, and as Nelson let go with a right swing, Hemple's right shot to the chin. The blow had power behind it and it staggered the Chicagoan. Nelson's hands dropped and Hemple tore after him, swinging both hands for the head. Nelson wabbled around the ring, and another short right flush to the chin knocked him to the canvas, where he was counted out.

### Result of Preliminaries.

The first bout of six rounds resulted in an easy win for Harry Copen over Johnny Werzbach. Copen substituted for Marino Nelson. Both boys were Kenosha scrappers.

Eddie Tancl of Chicago made his comeback trial against Mickey Anderson, also of Chicago, in the second bout, but it was hardly a fair test. Anderson quit cold in the second round when a left jab put his left optic on the blink. The referee saw Anderson was desirous of getting out of the ring, and after he had flopped a couple of times the bout was stopped. They met at catchweights.

The Bitter Root Kid of Montana was bitter stuff for Rabbit Hedlin in the semi-windup. The Montana man is the freakiest ring man seen in these parts in many a day. He works in a shell, and from that position shoots left jabs and right hooks. He hit Hedlin when and where he wanted to and in the eighth round knocked Rabbit to the canvas with a straight right to the jaw after Hedlin had missed with a right swing.

Bitter Root tried to finish Rabbit then and there, but there wasn't enough time left in this round. The Montana boy left the ring unmarked, while Hedlin had a split lip and a cut over his left eye and was bleeding from the nose. They weighed in at 135 pounds at 3 o'clock.

# *WELSH-MITCHELL SCRAP TONIGHT*

Chicago fight fans are invited to take another trip into Wisconsin tonight to enjoy their favorite pastime. Freddie Welsh, lightweight champion, is billed to step ten rounds with Ritchie Mitchell at Milwaukee, and the mill is expected to attract considerable Chicago cash. Welsh is not exactly a favorite with Milwaukee fistic followers, but Mitchell is the beer town's candidate for the lightweight title, and the home bugs are sure to turn out in force to see him perform against the British champion.

Welsh breezed into Chicago yesterday and left last night for the scene of action. While here he volunteered the information that he would meet the winner of the clash between Charley White and Matt Wells at Kansas City, so it sounds as if Charley is slated for another crack at the big title.

A special train will be run over the Chicago, Milwaukee and St. Paul road to take care of local fans who want to see the Milwaukee bout tonight.

# WHITE BEATS WELLS IN DECISION BATTLE; SWITCHES TO RIGHT

BY FRANK A. ALEXANDER.

Kansas City, Mo., April 6.—[Special.]—Charley White, wise old owl, rose to fame in the pugilistic world by developing a left hook that took his opponents by surprise. Now the wisdom is cropping out again. Opponents are expecting that left now and Charley is surprising them with a right cross. That's the way the Chicago boy earned a decisive verdict over Matt Wells of England in a fifteen round battle in Convention hall tonight.

It would take more than fifteen rounds of punching to stop this Wells person. White didn't knock him out—he didn't even knock him down. But that does not say that he did not punish Matthew. Time and again the Briton felt the sting of a right cross flush on the jaw. Once or twice his knees sagged, but never did they hit the floor, and Matt always was ready for more.

### White Lands Clean Blows.

There are those who believe the aggressiveness of Wells entitled him to more consideration in the decision dealing. It is true that Wells did most of the leading. But White's clean punching was too big an advantage for mere aggressiveness. Wells never landed a damaging blow. His left jab was a snappy, well oiled affair, that frequently caught White's nose, but it had no sting.

A summary of the fifteen rounds shows that White had eight of them, two by big margins. Wells had three, and the remaining four were even.

### Wells Holds On in Eleventh.

White's big rounds were the eleventh and the fourteenth. In the eleventh he almost dropped the Briton, who held on to save himself. In the fourteenth the Chicago boy gave Wells a severe beating, but could not drop his man.

### COLLEGE BASEBALL.

# STECHER TO APPLY SCISSORS TONIGHT

Joe Stecher and his famous scissors hold will be on exhibition tonight at the Coliseum. The Nebraska wrestling marvel and Bill Hokuf, the giant Bohemian, will furnish the feature bout of a card that includes two other matches calculated to inspire enthusiasm among local mat fans.

Charley Cutler and John Frieberg, the unmasked masked marvel of one time fame, will grapple in the semi-final, another finish contest. Ben Reuben, former amateur champion ,and Lou Talaber will put on a middleweight bout as an appetizer to the two heavyweight clashes.

Expert opinion concerning the Stecher-Hokuf match indicates that those who know the game expect the Nebraska farmer to add the Bohemian to his list of victims without much trouble. What little betting has been done on the bout resulted mostly from a difference of opinion regarding the length of time Hokuf will be able to avoid Stecher's deadly scissors.

Hokuf will tip the scales at around 255 pounds, giving him an edge of some fifty pounds.

# FLORISTS BUMP PIN LEADERS

The Florists upset all the dope in the North Chicago Bowling league by taking three straight from the leading Birk Bros. and hanging up a new team average record of 1,049, made with counts of 996, 1,055, and 1,096. Fred Price was the leading pin getter with a rating of 235 1-3, while three other members had better than 200.

To satisfy himself and any skeptics that he is correct in his surmise, he will attempt to establish a new world's record for this distance at the opening Sheepshead Bay meet, May 13, and will use the reconstructed Fiat Cyclone in the time trial.

Not all the American made automobiles that are being exported are destined for military service. There is a demand for United States cars in foreign lands that are at peace, and to meet that demand the Cole Motor Car company of Indianapolis has completed arrangements whereby Chipman, Ltd., of London, with two branches in Australia and New Zealand, will be its representative in these two British colonies. Through this arrangement the Cole will have agents in Sydney, Melbourne, and Perth, Australia, and in Wellington, New Zealand.

# HAWAIIAN LOSES TO M'GILLIVRAY IN 220 CONTEST

## Kahanamoku Outstrokes Field in Century—World Plunge Mark to Smith.

BY WALTER H. ECKERSALL.

A new world's record in the sixty foot plunge and the defeat of Duke Kahanamoku, Hawaiian swimmer, who holds many world's short distance records, featured the meet held in the Illinois Athletic club pool last night.

Dave Smith of the Illinois A. C. plunged the length of the tank, sixty feet, in :18. He made the new mark on his last dive after he had tied the former record held by J. P. Lichter of the C. A. A.

### Perry Gains on Turns.

With his powerful crawl stroke, Perry McGillivray of the I. A. C. defeated Duke Kahanamoku in the invitation 220 yard race. Perry's victory was due to his ability to make the turns and his familiarity with the tank. He got away to a good start and never was in danger of defeat.

Duke, however, came back in the 100 yard event and defeated A. C. Raithel, star dash man of the Tricolor. The Hawaiian led from start to finish and was the class of the field. The real race was between Raithel of the I. A. C. and Johnson of Northwestern university for second place.

### Summary of Events.

Plunge for distance—Won by Smith, I. A. C.; J. P. Lichter, C. A. A., and Redmon, U. of Chicago, tied for second. Time, :18. [New world's record.]

100 yard championship, junior—Won by A. Siegel; D. Jones, second. Time, :58. [Two starters.]

100 yard backstroke, invitation—Won by Hebner, I. A. C.; Scoles, Northwestern U., second; Raymond, Northwestern U., third. Time, 1:15 1-5.

Club relay, 160 yards—Won by Mehlem's team [Mehlem, Siegel, Royal, L. McGillivray]; Vosburgh's team second. Time, 1:20 2-5.

200 yard breast stroke—Won by Taylor, C. A. A.; Shirley, U. of Chicago, second. Time, 2:45 1-5.

100 yard members' handicap—Won by Haigh, :11; Barrows, :08, second; Richardson, scratch, third. Time, 1:22.

100 yard invitation swim—Won by Kahanamoku; Raithel, I. A. C., second; Johnson, Northwestern U., third. Time, :54. [Equals world's record time.]

440 yard swim, class B championship—Won by Evers; Ferguson, second; Miller, third. Time, 6:09 4-5.

100 yard interscholastic swim—Won by Floyd Town, Lane Tech.; Ralph Hussagh, Evanston A., second; M. Hayford, Evanston A., third. Time, :59 4-5.

220 yard swim, invitation—Won by McGillivray, I. A. C.; Clement Browne, Hamilton club, and Duke Kahanamoku tied for second. Time, 2:32 2-5.

Toledo, O., April 6.—[Special.]—In a game devoid of safety plays, Hugh Heal of Toledo defeated John Moore of Chicago, 50 to 40, in 65 innings. Heal's high run was 6; Moore's, 4.

Engle [28] defeated Marr [25], 28 to 20, in the final game of the three cushion tournament at the Dearborn room. Engle and Quitmeier will play off for first prize.

Lewis defeated Hayward, 40 to 31, the class B tournament at Massey's. Schiff [43] defeated Falk [47], 43 to 31, in class A. Ward and Shea play tonight.

Hagemeyer defeated Crear [30], 50 to 20, in the pocket billiard tournament at Bensinger's. In the three cushion tournament Burmeister defeated Forrest [32], 32 to 21, and Gauer [32] defeated Haber [35], 32 to 34.

# WIVES GIVEN PRIZES WON IN CUE TOURNEY

When representatives of Nick Bruck's room won first prize in the South Side Three Cushion Traveling league they were confronted with the problem of dividing a diamond ring among three.

The trio of players interested were Rudy Hommes of semi-pro baseball fame; Glen Fisher, the bowling expert, and Arthur Albro. They organized a board of strategy and settled the problem by taking the value of the ring and buying wrist watches for their wives. Three modern Solomons.

This was the story told by Bruck at the annual banquet of the league last night at the Woodlawn café. Owners and representatives of all competing rooms were present.

President John Weekum distributed the other prizes as follows: Diamond stickpin to Frasor's room, cuff buttons to De Luxe room, perfectos to Metcalf's, and a cue for high run of 7 to William F. Jenkins.

# ALABAMA BEATS ILLINI, 4-0.

Tuscaloosa, Ala., April 6.—[Special.]—Illinois was unable to hit Wikle, the Alabama pitcher, and the southerners won today's game, 4 to 0. Wikle allowed only four hits and kept them well scattered. Alabama found Halas for all runs in the first inning. Score:

## FOURNIER HURT AS SOX TOPPLE TOPEKA, 12 TO 3

### Injury to Ankle Not Regarded Serious—Scott Hurls the Route.

BY I. E. SANBORN.

Topeka, Kas., April 6.—[Special.]—At the rate the good White Six machine is getting bunged up Manager Rowland may have to play the Volunteers against Detroit on Wednesday. Right after Jim Scott started for home this afternoon Jack Fournier wrenched his doubtful ankle and had to retire from the game with Topeka. The injury at first diagnosis does not appear serious and it will not be known until tomorrow whether or not Jack will go to Chicago or complete the exhibition trip.

Incidentally, the White Sox mauled out another victory, Topeka being the victim and the score, 12 to 3. The game was played in temperature close to freezing, compelling the players to wear sweaters except when at bat. Some of them did even then. There may be other additions to the hospital list in consequence.

**White Sox Get 16 Hits.**

The Regulars gathered sixteen hits off the Western league pitchers in spite of some wretched guessing by Umpire Abbott. The wrecking quartet made only half of them. Eddie Collins rapped out three besides drawing a pass. Fournier made two before getting hurt. Jackson and Felsch were content with two apiece. Eddie Murphy again qualified for membership in the wreckers by delivering three singles in five chances.

Joe Fautsch was promised to the first squad to give Manager Rowland a chance to look the youngster over and see if reports coming from the Volunteer camp were true. He found they were, for Fautsch soaked out two clean hits, the first one in a pinch with the bases full and two out. That drove in two of the three runs scored in the third round. Fautsch also sacrificed Felsch ahead in the second. In the field he had little to do and booted one of his chances. He was nervously aware of the test he was undergoing. Manager Rowland has so much utility material for the infield that it is going to be a hard task to choose the most valuable men to retain.

**Scott Works Whole Game.**

Scott worked the whole route without difficulty, and let the locals down with seven hits, without putting a lot of stuff on the ball. At that the Topeka lineup contained several familiar names belonging to men who used to be pretty fair in fast company.

Scott left on an afternoon train to consult a nose and ear expert in Chicago. The cold which he caught the last day at Mineral Wells resulted in such congestion in his head that no ordinary treatment will relieve the malady, and it is doubtful when he will be able to pitch again. He was first choice for the opening game of the season, but that is considered out of the question. Score:

### NOTES OF THE WHITE SOX.

Topeka, Kas., April 6.—[Special.]—The Regulars and Volunteers hobnobbed here today, as the second team's date was at St. Mary's college, only a short ride away. The Regulars envied the Volunteers, whose schedule permits them to sleep three nights in real beds right here.

Rowland's Regulars left early tonight for Des Moines, where they are booked to meet Frank Isbell's team tomorrow.

The Regulars were able to take in the fight at Kansas City, as they had a lay over of nearly two hours between trains at just the right time to see the main bout.

Joe Agler, once a Cub, looked natural first basing for Topeka. Weaver once more went hitless and was the only man that played the whole game except Cicotte to go without a hit.

## SOX YOUNGSTERS CRUSH ST. MARYS

St. Mary's, Kas., April 6.—[Special.]—The Sox Yannigans beat St. Mary's college, 17 to 5. In spite of the cold a big crowd was out. Walsh pitched the first three innings and Benz ended it. Joe feels strong again.

Capt. Canary, Devitt, and McGluin of St. Mary's are Chicago boys. So is Wilverding, the regular center fielder, but he was sick today. The college boys were nervous, but played fast ball. Score:

### HAL CHASE SIGNED BY REDS.

Cincinnati, O., April 6.—[Special.]—Hal Chase, former American league star and later with the Feds, has been signed by Cincinnati. The salary was not made public. Mollwitz, present first baseman, will be retained. President Herrmann said Chase was signed because Mollwitz's throwing arm is not in good condition. He broke his collarbone last fall and the injury has not entirely healed.

## Cubs and Shreveport Draw in Great Fielding Battle, 0-0

BY JAMES CRUSINBERRY.

Shreveport, La., April 6.—[Special.]—If it hadn't been for some tremendous fielding by the Cubs, they would have been licked today by the peppery Shreveport boys. As it was, the two teams battled at a terrific pace for seven innings and then rain interfered with the score 0 to 0.

On each side the fellows were clouting the ball on the nose time after time, and yet the register shows the Cubs made only one hit and the Gassers only two, so one may judge from that how active the athletes were in the field. Eddie Mulligan was the only Chicagoan to lam one to safe ground. It was a beauty two base drive to right center in the fifth inning, but there were two out and the blow proved harmless.

The Cubs had men on the bases much of the time, as they drew seven passes, but they couldn't put a single runner farther than the third corner.

Wonderful plays by Heine Zim and Max Flack in the fourth inning prevented the Gassers from counting at least once.

Kneaves, the first man up, laced one down the third base line that was meant for a two bagger in any league, but Heine made a lunge to his right and stabbed the ball with his bare hand, and, though he skidded away over into foul ground, he recovered his poise and nailed his man at first base by a full step.

**Flack Makes Great Catch.**

The next fellow boosted out, then Barr, a swarthy outfielder, smacked the ball right on the seam and sent it in a line for the fence in right center. Flack was off with a sprinter's stride when the bat hit the ball, and he was still in a sprinter's stride when he made a final leap and stabbed the ball with one hand. It was a corking catch—one that will hardly be duplicated all season.

The Gassers did some big league fielding stunts themselves, or the Cubs might have had a run or two.

Twice Heine Zimmerman was the first man up. Once he lined one toward left like a bullet, and the shortstop stabbed it. Another time Heine drove one to deep left, and just before it was about to knock a board off the fence the left fielder leaped into the air and pulled it down. Another time Vic Saier hit one of his characteristic drives to right center, only to have the right fielder race across the green and nab it like a star big leaguer.

Claude Hendrix was the hurler for the Cubs and a rangy wild man named Hiett was slabbing for the locals. Claude looked faster than at any time this spring, but regardless of that the Gassers made the boys chase to the fences. Score:

### Notes of the Cubs.

Shreveport, La., April 6.—[Special.]—One more game with the Gassers and then the Cubs will move on to Memphis.

The local umpire failed to show up, so Jim Vaughn took his place and went through the battle with no kicks made.

The rain which stopped the game was a slow, chilly drizzle that threatened to continue all night and perhaps prevent the final game here.

Manager Tinker, who also is President Tinker of the Federal League Oil company of this city, presided at a meeting of the board of directors of the oil company this morning. Afterwards he announced that the oil holdings were likely to be sold at a profit of about 100 per cent.

Indications are that Manager Tinker will open the season with the same lineup and batting order he used today. There was a possibility of Zeider replacing Yerkes, but the latter has been getting faster each day since leaving Tampa.

## RED SOX BLANK BROOKLYN IN FIRST OF SERIES, 6 TO 0.

Brooklyn, N. Y., April 6.—The world's champion Boston Red Sox began a three game series against Brooklyn today, shutting out the Superbas, 6 to 0. Both Mays and McHale pitched in midseason form, each allowing only two hits. Johnston's two bagger in the ninth was the only hit that went past the Boston infield. Score:

## DUBUQUERS TO COME HERE FOR INAUGURAL OF AMERICAN SEASON

BY J. J. ALCOCK.

White Sox fans who inhabit Dubuque are going to stir things up around Chicago on Wednesday, when Comiskey's pennant chasers will inaugurate the American league flag chase on the south side. A delegation of 100 Dubuquers, who call themselves Comiskey-Rowland-White Sox boosters, will be here for the opening. They plan to let Chicago know that folks down in Manager Rowland's home town understand all the tricks about the art of baseball rooting.

Part of the program calls for a parade from their headquarters at the New Southern hotel to Comiskey park. The pageant will be headed by the band from Dubuque college and the musical boys will help keep things lively after reaching the park.

**Play in Dubuque in May.**

In return for Comiskey's attention he and his White Sox will be handed the keys of the Iowa city when the team goes there on May 3 for an exhibition game against the Dubuque college nine. Red Faber, who started his baseball education at that fount of learning, will pitch for his alma mater.

Arthur W. Johnson yesterday was elected president of the new Cub Rooters' club at a meeting in the New Morrison hotel. Harry C. Moir was named treasurer and Eli G. Sturm secretary. Originally this club started out to be a "200" organization, with the membership limited to that number, but it now looks as if the roster may soar to 500.

**Plan Big Auto Parade.**

A final meeting to arrange for the Cub opening on April 20 will be held next Friday evening at 5 o'clock at headquarters on the B floor of the hotel. An auto parade from Grant park to Camp de Weeghman is part of the program planned.

### SOX 3 TO 1, CUBS 10 TO 1; BOSTON CLUBS FAVORITES.

New York, April 6.—Baseball gamblers are making both Boston teams favorites in their books, with the White Sox ranked third in the American league quotations and the Cubs held at 10 to 1 in the National league. Odds of 11 to 5 are offered against the chances of the Boston Braves. The Red Sox are shorter priced choices, at 8 to 5. Detroit is marked at 5 to 2 and the White Sox at 3 to 1 in the Johnsonian league. Even money is the market figure against the White Sox's chances for second place.

### BRAVES VISIT PRESIDENT.

Washington, D. C., April 6.—President Wilson is a versatile rooter. Last week he shook hands with the Brooklyn Robins and gave them his good wishes. Today the Boston Braves, headed by Capt. Johnny Evers, called at the White House. "Well, I hope you win," the president said.

**Browns to Release Baumgardner.**

St. Louis, Mo., April 6.—Pitcher George Baumgardner of the St. Louis Americans was given ten days' release notice today.

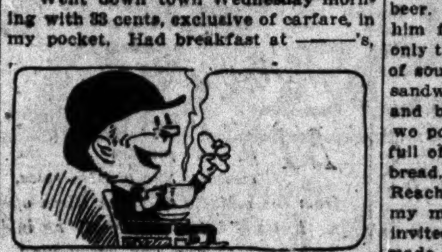
### GORGING ON $.33.

THAT it is not only possible but extremely easy to get enough and more than enough to eat on 33 cents a day is proven by the following reports from investigators selected by The Wake to look into this interesting matter:

**Report of Investigator A.**

"Went down town Wednesday morning with 33 cents, exclusive of carfare, in my pocket. Had breakfast at ——'s,



paying 10 cents for coffee and rolls. Got hungry again at 10 o'clock. Went into ——'s saloon and met Joe Hooper, a friend of mine, at the bar. Went up and shook hands with him and asked him how his baby was getting along. He told me and asked me to have a drink. I took a drink and moseyed over to the lunch counter. Got a roast beef sandwich. Went back to the bar and asked him again how his baby was getting along. Just as the beer was finished I asked him if the baby could talk yet. He asked me to have another drink. Took another drink and again moseyed over to the lunch counter and got some liver with gravy and two slices of bread. Went back to the bar and listened to report of the baby's conversation. Drank up my drink quickly and looked restless. Joe asked me to have another. I said, 'It's my turn.' 'All right,' he said, and made as if to finish his drink. 'It certainly must be interesting to have a baby in the house,' said I. Joe put down his drink. I listened for a while and then moseyed over to the lunch counter and got some slaw and a handful of crackers. Went back to the bar and listened some more. Looked at my watch. Said: 'My goodness! I had no idea it was so late. If you'll excuse me, old scout, I'll have to run along.' 'Sure, that's all right,' said Joe. 'Remember me to the wife and that kid,' I said, and left. Went into ——'s, a saloon where they have the best lunch in town. Met Harry Lake. Suggested that we shake dice for the beer. This was 11:40. Shook dice with him for beers until 4:20 and was stuck only twice. Between beers got two plates of soup, three plates of baked beans, five sandwiches consisting of farm sausage and bread, four roast beef sandwiches, two pockets full of popcorn, two pockets full of pretzels, five or six pieces of plain bread, and all the crackers I could hold. Reached my office at 5 o'clock and signed my mail. Called up my sister and was invited out to her house for dinner. She made fudge in the evening. On the way home spent my 3 cents on a stick of gum and two handfuls of salted peanuts."

**Report of Investigator B.**

"Went down town with 33 cents besides carfare in my jeans. Went to the Palmer house for breakfast. Kept my cap in my pocket. Had fruit, cereal, fish, ham and eggs, cakes, toast, and coffee. Pretended I saw a friend outside the door and rushed out to see him. Did not come back. Went to the office and worked till 12:30. Went to formerly Rector's for lunch. Kept cap in my pocket. Had oysters, soup, fish, a steak, potatoes, a salad, pie, and coffee. Yelled 'Fire!' and ran out. Back to the office and worked till 5:30. Went to the College inn for dinner. Kept cap in my pocket. Had grapefruit cocktail, soup, frogs' legs, corned beef and cabbage, liver and onions, tomato salad, beets, apple pie, French pastry, and coffee. Waited for dance music and went over and asked a girl at another table to dance. She refused coldly and her escort told me to get out before I was put out. I got out. Saw a picture show. Afterwards went in ——'s, a saloon, and shook dice with the barkeeper. I was stuck three times, at a dime a game, out of seven games. Had seven beers and four roast beef sandwiches. Bought two evening papers and a stick of gum and went home."

**Report of Investigator C.**

"Played poker all Tuesday night and drank everything in sight. Went down town Wednesday morning with 33 cents aside from carfare. Felt so sleepy and generally miserable all day that I couldn't

eat a thing. Went home with 33 cents."

### HERZOG ROWS WITH UMP; COLUMBUS AWARDED GAME.

Columbus, O., April 6.—Columbus was awarded today's game with Cincinnati, 9 to 0, when Manager Herzog refused to leave the field in the eighth inning. He was coaching at third when Mollwitz made a hit that put his team ahead. A short time before there had been a dispute over a decision by Umpire Biterhalter. When Mollwitz scored two runners, Herzog renewed his quarrel with the umpire and was ordered to the bench. He stood in the coaching box until Umpire Friel declared the game forfeited.

## CARDINALS SLUG BROWN HURLERS AND WIN, 4 TO 2

### Pound Davenport from Slab by Three Tallies in First; Bescher 'Beaned.'

St. Louis, Mo., April 6.—Davenport and Fincher were easy for the St. Louis Cardinals and the latter took the fourth game of the city series from the Browns, 4 to 2.

Davenport lasted one inning, a double and three singles giving the Cards a lead of three runs which the Americans could not overcome. Doak was effective throughout. In the fourth Bescher was hit on the head by one of Fincher's shoots and was carried unconscious from the field. Score:

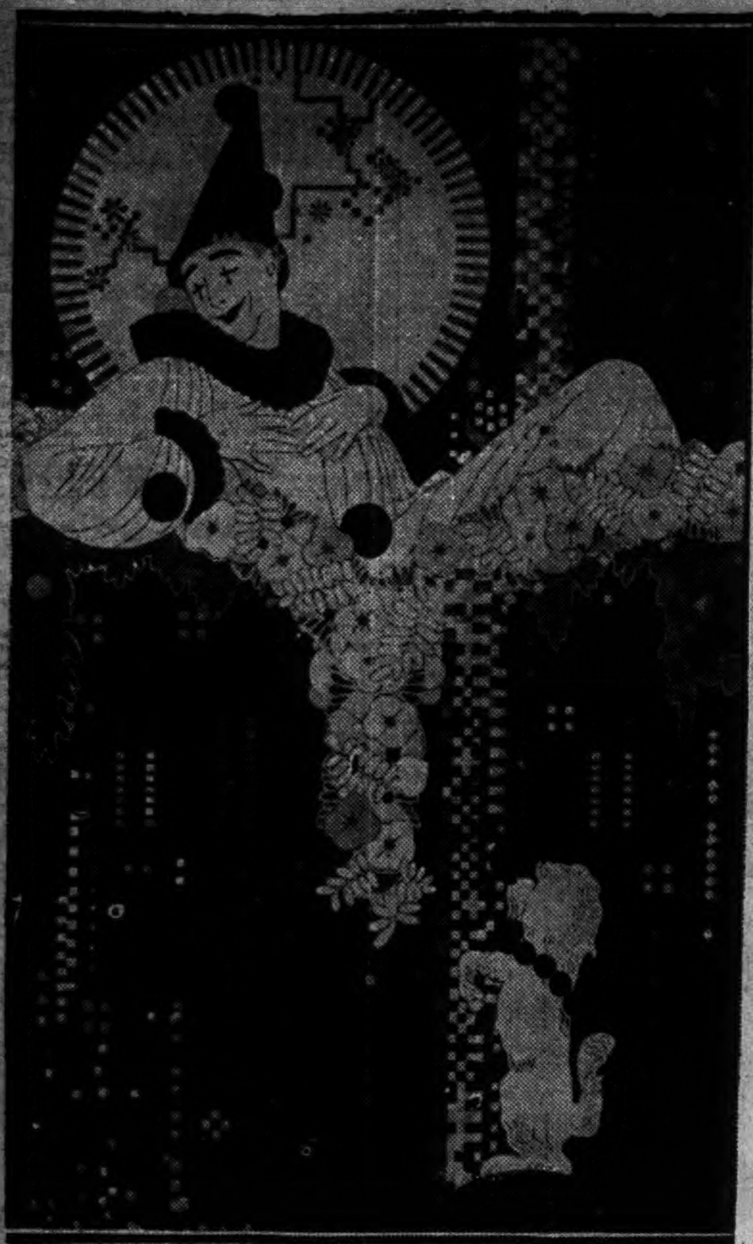
## In the Field of Art.



*Mural Decoration for Academy Theater by Alfonso Iannelli*

BY LOUISE JAMES BARGELT.

THERE is a witchery about certain mural decorations, a primitive survival perhaps of the days of our long ago ancestors, when art was in its beginning and man's first symbolical utterances found expression on the walls of caves and the sides of stone hovels. And I felt this same haunting witchery when I stood before Alfonso Iannelli's mural decorations at the architectural exhibit at the Art institute. Gloriously colorful, fantastically shaped, they are meant purely to serve the lighter moods of man, and none could fill better than they this principal raison d'etre of all pictorial decorations.

◆

About them there is none of the anaemia of our modern grays and ashy violets. They are fascinating in their sheer brilliance, without possessing any jarring or discordant notes, and utterly contrasting with the impressive mural decoration by Eugene F. Savage called "Idealism," which is all of softest pastel shadings.

◆

Of course, after all, in every decorative design there is an obligation on the part of the artist to be guided by the color conditions of the building. These may require a rich or a delicate scheme. But at no time is there any reason for a chalky or an ashy color, since the first duty of mural decoration is to be beautiful, joyous, inspiriting. And these murals of Alfonso Iannelli for theater decorations are charmingly adequate in this respect.

## Real Love Stories

### She Bagged Game, at That.

AS a young girl Alice came from the city to a small country town to visit her cousins, and Tom, her older brother, who was a great tease, came with her. It was Tom who proposed to call in the neighbors' young folks and have a snipe hunt.

Of course, Alice had never heard of a snipe hunt, and most of the girls were as ignorant as she, but all were eager for what sounded like a frolic.

After "counting out," it fell to Alice's lot to hold the sack while the others went to drive up the snipes. Of course, the bunch went off together to play other pranks and laugh about Alice way down in the pasture. After John had been

home some time he was laughing and telling his mother about Alice, the little city girl, being led blindfolded to the edge of the wood to hold the sack. "And she's no doubt there yet," he laughed.

His mother was horrified, and bade him go immediately and take that little girl to his aunt's; which he did very graciously. He found her on the fence crying softly and shaking with nervous fright. John was really sorry, and helped her down, rubbed her cold hands, talked soothingly to her, and even put his arm around her, kissing her and calling her little sister. Whenever they met John greeted her with the nickname of snipe hunter, and she enjoyed it.

During their college days they corresponded, he always addressing her as "My dear snipe hunter," and she signing herself as "Your grateful snipe hunter."

Now their children are in college.

## The Amateur Gardener

### by Eben E. Rexford

### The Enemies of the Rose.

IF we want fine roses we must fight for them. No other plant has more enemies. And these enemies are of the kind that cannot be compromised. They must be routed entirely if we would enjoy the fruits of our labor in growing this plant.

I believe in treatment that anticipates the attack of these enemies and discourages them from attempting to establish themselves on the plants. Take it for granted that they will come, if not interfered with, and begin the fight against them before they get here. In other words, act on the offensive before defense becomes necessary. To use a term that is quite popular today we should go in for "preparedness."

◆

The rose bug will come along about the time the buds of our roses are half grown. It will be followed promptly by the worms which feed on flower and foliage. And there will be other pests of a most destructive character. If we are wise we will act as if they were already there, and by so doing we may prevent them from taking possession of our plants—and prevention is always better than cure.

◆

We are often advised to make use of a hellebore, or kerosene emulsion, or Paris green in waging warfare against these nuisances. But hellebore is of no value whatever unless strictly fresh, and we are seldom able to obtain it in that condition. Kerosene emulsion is quite effective, but most amateur gardeners fail to use it because it requires considerable skill in its preparation.

Paris green will kill the bugs and worms, but unless used with extreme caution it will burn the foliage of the plant and blight its buds, thus proving itself a cure that is as bad as the disease against which it is used.

My treatment of rose pests is this: Early in the season, shortly after the bushes have leaved out, I lay in a supply of the tobacco extract which florists sell under the name of nicoticide, and then and there I begin the fight. I make an infusion of the liquid as directed on the cans or bottles in which it comes, and I apply it to my plants with a sprayer in such a manner as to have it reach every portion of them.

◆

I get some one to bend the bushes over so that I can throw the liquid on the underside of the foliage. I give this application daily, until it is so late in the season that I know there is no danger of attack.

In order to achieve success prompt and thorough action is demanded, and it must not be abandoned until the season's crop of flowers has been perfected.

## FLICKERINGS from FILM LAND

### Mr. Fairbanks Tries Writing His Scenario.

"THE GOOD BAD MAN."
Produced by Fine Arts.
Directed by Allan Dwan.
Released by Triangle.
Presented at the Colonial.

| | |
|---|---|
| "Passin' through" | Douglas Fairbanks |
| His mother | Mary Alden |
| Treasurer of the mine | Bessie Love |
| The wolf | Sam de Grasse |
| The marshal | Pomeroy Cannon |
| The sheriff | Fred Burns |

BY KITTY KELLY.

IN casting up the cinemac accounts for this coming year, a pair of valuable assets will be listed as Douglas Fairbanks and Bessie Love. Both have come within comparative recency to the shimmering celluloid, one from successful dramatic attainment and the other from her school books, and both are to the enduring profit—if they stay—of the photodrama.

While enthusing over Mr. Fairbanks' screen presence and acting ability, one wouldn't go so far as to include therein his scenaroic talent, as evidenced by his present particular vehicle, "The Good Bad Man," for whose substance he is responsible.

With the ache of the west in his comedy soul and the longing to swash around like the cowboy outlaws, and ride like the the wind, he was not content till he had a story of that sort. So he wrote it himself, and a queer thing he made of it—no queerer than about two-thirds of everybody else's things, however.

◆

His quixotic hero is a good characterization, particularly as played by himself. In fact, everything about the photoplay is good but the skeleton self on which it is hung. It is splendidly acted throughout by competent players and by wonderful types; it is interestingly directed; it is scenically effective and photographically it is excellent.

The story is about a brave and wholesome youth who was worried over his father's loss in the limbo of oblivion. So he took to outlawing just to forget, and held up things like bags of groceries to give to little boys who were likewise minus the important paternal attachment. When he wanted anything for himself, like a ticket punch, for instance, he just went out and held up the nearest limited and so supplied his desires. He called himself "Passin' through," a genius stroke of nomenclature.

Coincidence helped him out, bringing a record of the father and giving him something definite to fight, which is what the most of the rest of the film is.

◆

Altogether, it is a pretty wild stretch of rattling melodrama, all suffused with the wholesomeness and energy and the irradiating spirit of boyishness that means Douglas Fairbanks, and tinged with the simple naturalness that means Bessie Love.

For the sake of its excellent workmanship and for the elemental spirit of it, as well as the good fun Mr. Fairbanks put into his regular being before the camera, "The Good Bad Man" provides a pleasant hour of seeing, no matter if quite a number of folk—delicately incisored by the censors—do shuffle off this mortal coil.

There is likewise to be seen a funful Keystone, "By Stork Delivery," containing among other things Mack Swain and a small black baby.

### Edison to Resume Producing.

Edison announces it will resume on the 25th of this month, releasing through the regular General Film service. Of the little releasing vacation the company has this to say:

"The elapsed time since we discontinued releasing through the General Film company has given us a long hoped for opportunity to 'get our breath,' so to speak; to make certain necessary changes in our producing organization, to secure a new and better line of stories, to improve our mechanical facilities—in short, to 'clean house' and prepare for a fresh start. Of the results of our period of apparent idleness we are justifiably proud."

Edison's coming productions will be interesting material for observation. Judging by some of the points mentioned above, there are a number of companies that a vacation wouldn't harm.

*Mary Alden*

*MARY ALDEN is one of the sincere players for the screen. She creates roles, from the mulatto in "The Birth of a Nation" to the mother in "Ghosts," of any and every kind, that impress and continue on the mental retina. In "The Good Bad Man" is a good illustration of her versatility in the bit she has, where she ranges from a dance hall girl to a happy young mother and an old, broken woman.*

*She came out from Biograph with Mr. Griffith, the only one chosen from among the Klaw & Erlanger recruits, she tells one proudly. Besides being a skilled player she is a charming woman. She has serious ideas about the screen drama and she possesses a sense of humor.*

## MARION HARLAND'S HELPING HAND

### by MARION HARLAND

### Why Parcels Go Wrong.

"SEEING so many requests for quilt pieces, I am sending some to you to send where needed. I hope they will convey to the one who receives them the spirit in which they are sent. W. W."

After many haltings and hindrances the parcel, passed from pillar to post (literally when one thinks of postoffices), fell into my hands. It was marked at the last "post": "Received in bad condition." A mild way of describing extreme shabbiness that left both ends ragged, the contents protruding, and the superscription blurred into illegibility. We guessed at, rather than read it, packed the parcel anew, and dispatched it as we thought fittest. It was received thankfully. When you can make us happy by another supply (which can never come amiss) send for the address of waiting quilt maker, and when you have this in hand direct your donation to her instead of to us or to the newspaper office. Time, stamps, and dire perplexity are saved by obedience to this rule.

◆

### Marking Quilt Patterns.

"Allow me to make a suggestion for marking quilts, asked for by a Cornerite. Mix laundry starch with bluing water, then saturate a piece of twine in it and snap it over the line you wish to quilt. This is quite satisfactory where only straight line work is required. I. S."

The above is a sufficient reply to the member who asked for a way of marking quilting patterns which would not remain indelible when the work was done. The plan indicated by I. S. is simple and the lines are easily effaced. We are her debtors.

◆

### Flavoring for Desserts.

"I should like to give one hint. In cooking almost any dessert I use nutmeg instead of vanilla. It is cheaper and gives a more delicious flavor. J. S. M."

Let me subjoin a scrap of information anent this same nutmeg, which cannot be surpassed for spiciness. It is a trifle strong for delicate stomachs, and it is well in such cases to substitute ground mace. As we all know, this is the outer sheath of the nutmeg, and has its fragrant flavor but in a milder degree. There is no pungency about it and it is more easily digested.

◆

### Pennants and Music.

"I have been reading that somebody wants to give away pennants and music. I should like very much to have them. Could you please ask if some one has the piece of music named "Moonlight on the Hudson"? It is about twenty years old.

"NELLIE W. S."

Both of your requests are registered safely with your address in our books with the fervent hope that we may speedily write beneath "Answered."

## Beauty Hints

### by Antoinette Donnelly

VANITY: I am afraid there is nothing you can do, Miss Vanity, to reduce the size of your mouth, but I should not worry over it or be ashamed of it if I were you, for it is something you cannot help. Be happy in the thought that large mouths belong to big hearted, whole souled people. Take good care of your teeth. Be smiling and bright and make yourself so fascinating that no one will ever notice your mouth.

◆

MARGUERITE W.: Habitual outdoor exercise is one of the most effectual means of prolonging life. Begin your exercises moderately and gradually add to them as your strength increases, and they will soon become a delight. Dance whenever opportunity presents itself. Your face is probably dry and peels because it lacks oil. Massage your face each night with a good skin food. This will supply the oil that is lacking.

◆

WORRIED: Free water drinking is one of the efficient measures against constipation. A large glass of water, not necessarily hot, is excellent. The abundant eating of fruit and green vegetables if persisted in is the most efficient means of overcoming constipation. Ripe, raw fruits and cooked fruits are particularly efficient; baked apples, stewed figs, and prunes are especially helpful. An alcohol rub is frequently given after a Turkish bath. It is stimulating and there is less danger of catching cold after its use.

### A Sirup Secret.

RECENTLY some one has asked me to repeat a recipe printed some years ago for a chocolate sirup, a sirup that is good for sundaes, for sauces, for a sparkling water drink, even for a plain milk drink.

Imitation maple sirup and imitation other sirups, and sirups in which fruits are poached, are made what they are by a simple addition which some people call a secret. It is by the addition of a little vanilla flavoring, the presence of which in sirups is so little understood by those who eat them, that they are so delicately improved. Three drops only are added to a sirup of equal parts extremely dark brown sugar and white to make it seem like a maple sirup, but I am fussy about maple sirup, because I used to make my own from fresh sap.

**Chocolate Sirup.**

Shave an ounce (three tablespoons) of easily soluble chocolate into a saucepan, and pour over it gradually a cup of boiling water, stirring all the time. Stir over the fire then until the chocolate is dissolved. Add two cups of granulated sugar and stir until it begins to boil. After it once boils, cook for three minutes; then strain and cool. When cool add one teaspoon of vanilla extract. Bottle and keep in a cool place. Use for drinks, over ice cream, or heat up and use on a rolled pancake.

## BRIGHT SAYINGS of the CHILDREN

George was playing a chair was a train. Ruth, his little sister, insisted on getting on it. "You can't get on here, Ruthie, 'cause this is a freight train," he said. "That's all right," said Ruthie, jumping on, "'cause I'm an animal."

My little nephew came from abroad to visit me. When leaving home his greatest sorrow was to part with a pet kitten. One day, while out walking with me, he saw a kitten the likeness of his own. Joyfully running to it and patting it, he exclaimed, in his own language: "How do you do, my little kitten? How do you like America?"

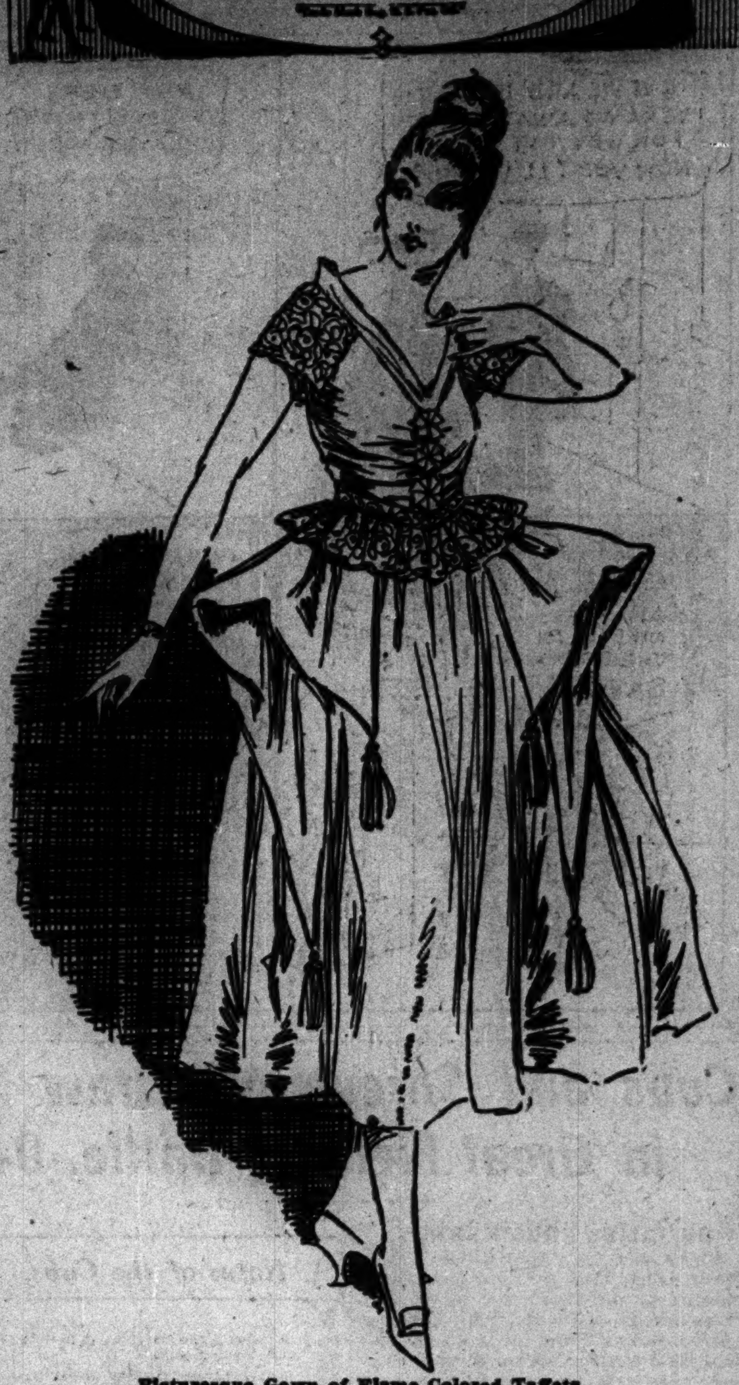
## FASHION'S BLUE BOOK



Picturesque Gown of Flame Colored Taffeta.

BY JEAN SEIVWRIGHT.

[Copyright: 1916: By The Chicago Tribune and the New York Globe.]

THIS season many of the most beautiful gowns are elaborated with exquisite laces. Chantilly and filet are much used, while thread laces enriched with wonderful traceries of silver and gold are also combined with the lustrous silks for formal afternoon and evening affairs.

In the accompanying illustration an exceedingly attractive gown is depicted. This is originated in a shimmering flame colored taffeta. The skirt, short and decidedly full, is fashioned with quaintly modeled puffs, that flare far on the hips, while heavy tassels of matching silk add to the decorative effect of this handsome gown.

The bodice, drawn snugly toward the figure, is finished with a flaring peplum of lace, while delightfully picturesque shoulder capes are also fashioned from the silver threaded lace.

Doubtless in reference to Fashion's commands trim ribbon cockades adorn the front of this gown, for rarely has a season seen such a lavish use of these decorations. Everywhere ribbons appear in novel arrangements. For evening the filmy skirts of tulle become more colorful because of the lattice work of brightly tinted ribbons that adorn the underskirt, and on the corsage one finds that ribbons of different widths are skillfully manipulated to form shoulder straps or loop up the dainty corsage draperies.

EAT MORE Ice Cream and ask for HYDROX
IN a food so good as Ice Cream, it would be a pity not to get the best. The Government demands a certain standard in every gallon of Ice Cream below which it is against the law to go. But Hydrox sets a standard so much higher than the Government's that there is no comparison.
Because many people know this, it is not hard to find a place where they sell Hydrox Ice Cream. We make nearly a million gallons a year for the city of Chicago alone.
It is time to begin eating plenty of Ice Cream now. Time to give plenty to the children. This is the changing season when systems get out of order easily. So eat more Ice Cream and ask for Hydrox. It is rich in food value and easy to digest. In short, it is as good as it tastes.

# SOCIETY and Entertainments

## Mr. and Mrs. Ward to Visit Chicago.

EVERY one is eagerly looking forward to the visit of Mr. and Mrs. Herbert Ward of Paris, who will arrive in Chicago on Monday to be the guests of Mr. and Mrs. Bryan Lathrop of 120 Bellevue place. Mr. Ward is an Englishman by birth and his wife is an American. He is a sculptor, and the French government has purchased three of his statues, which are permanently on exhibition in the Luxembourg.

He has one of the most beautiful studios in Paris and possesses one of the greatest collection of African war arms and big game heads in the world. Since the beginning of the present war, although past middle life, Mr. Ward has been in charge of the ambulance corps, and has had many interesting experiences at the front. He was wounded and has come to America to recuperate.

He has given several addresses on "War Time Sketches in France," with the aid of his stereopticon and original drawings, for the benefit of the American clearing house in Paris for war relief for France and her allies. He will give a series of addresses here for the same purpose, the first to be at the residence of Mr. and Mrs. Richard T. Crane Jr., 1550 Lake Shore drive, next Thursday evening.

The second address will be given at the residence of Mr. and Mrs. Chauncey J. Blair, 4830 Drexel boulevard, the following evening, April 14, and the third will be in charge of Mrs. L. D. Hildreth at the Evanston Woman's club on Sunday afternoon, April 16.

Mr. and Mrs. Philip D. Armour of 1200 Lake Shore drive are being congratulated on the birth of a daughter. She was born at 3 o'clock yesterday morning. Mrs. Armour was formerly Miss Gwendolin Condon of New York.

Mr. and Mrs. Albert L. Baker of Oak Park announce the engagement of their daughter, Genevieve Joy, to John Thomas Barlow, son of Mr. and Mrs. William T. Barlow of New York.

Mr. and Mrs. William F. Burrows of 4847 Woodlawn avenue will entertain at a dinner dance on Saturday evening, April 22, in honor of Miss Mildred Swigart and Arthur Andrews Burrows, whose marriage will take place April 25.

Miss Caroline Willets, Miss Frances Holbrook, and Miss Grace Andrews of Highland Park left yesterday for a house party at the W. W. Willets winter home in Thomasville, Fla. They will return after Easter.

The Drama league announces a meeting in the interest of the Shakspeare tercentenary—and incidentally in support of "The Weavers"—at the Princess theater this afternoon at 4 o'clock.

The speakers will be: Horace J. Bridges, on "The Weavers"; Augustin Duncan, on "The Story of Caliban by the Yellow Sands," the Shakspeare Masque, by Percy Mackaye; Donald Robertson, on "The Shakspeare Celebration and the Theater in Chicago"; Charles D. Lowry on "The Schools and the Civic Celebration."

## A Glimpse of the Dickinson Family.

BY CINDERELLA.

WHEN Mr. and Mrs. J. M. Dickinson went off this week for a little journey in the west they left a very happy household behind them. This household consists of J. McGavock Dickinson Jr., their third and youngest son, whose engagement to Miss Margaret Smith, a daughter of Mr. and Mrs. Rufus Smith of Cincinnati, is being announced.

McGavock Dickinson, who was graduated last year from the Harvard Law school, is following in his father's vocation and looks extremely like him. He is a very agreeable combination of a southerner who likes to live in the north and yet who loves the tradition of the south, like all his family.

Henry Dickinson, an older brother, who was a Yale man and who has lived in Seattle since his marriage, has recently gone from a business career into jurisprudence, and his name now adorns an office doorway in Memphis, Tenn.

Mr. Dickinson was the owner of that famous Tennessee estate, Belle Meade, an immense property almost feudal in its history and extent. During his term as secretary of war he was obliged to sell it, having nobody in the family to manage it.

Now, by some turn of the wheel of fortune, the property is said to belong to the Dickinsons again, and Henry Dickinson is on hand to oversee it.

Suffrage circles are quite on the jump this week, and well they may be, with Mrs. Inez Milholland Boissevain en route to Chicago, not to mention Mrs. Oliver Belmont, Mrs. John Rogers, and Mrs. Harriet Stanton Blatch. All these ladies are due on Monday.

Mrs. Boissevain will stay with Mrs. Edith Faryo Andrews, who hopes to entertain for her guest in any moments of ease she may snatch from her suffrage mission.

Mrs. Bossevain, who is a lawyer by profession, is very brilliant, very handsome, and also quite young, being by no means one of the old war horses of the cause.

She has other close friends here and some college mates, including Mrs. Glidden Osborne, Miss Margaret Conover, and Miss Harriet Walton.

## Engagements Are Announced.

New York, April 6.—[Special.]—Mr. and Mrs. David Walter McCord of 383 Park avenue have announced the engagemen of their daughter, Miss Dorothy D. McCord, to William J. Lippincott, son of J. E. Lippincott of Cincinnati. Miss Mc Cord was introduced to society three years ago at her parents' country home, Hither house, at East Hampton, L. I. The date of the wedding has not been set.

Another engagement just announced is that of Miss Carolyn Mann, daughter of Mrs. Francis W. Mann of Troy, N. Y., to Evelyn Du Pont Irving of 1 East Thirty-fifth street. Mr. Irving was graduated from Harvard in 1909.

Dr. and Mrs. A. G. Griffin of Malden Mass., have announced the engagement of their daughter, Miss Margaret Dickey Griffin, to Milton C. Lightner from the University of Michigan in 1910 and later from the Harvard law school.

# MUSIC AND THE MUSICIANS

## Haydn Society at Orchestra Hall.

BY ERIC DE LAMARTER.

RARE performances of Haydn's "The Seasons" almost have kept this classic alive in memory, but so rare are they that the Haydn Choral society pounced upon it with the enthusiasm of a young and ambitious ensemble for a novelty and presented it last evening at Orchestra hall. Obviously the organization enjoyed singing it. So did the soloists. The audience seemed to find placid enjoyment in the sound of gentle music—part of it for the pure pleasure of the ear and the others for its antiquarian interest.

If ever a musician paralleled the patrician daintiness of Jean Antoine Watteau's canvases, the Croatian Haydn did it with the score of "The Seasons." It was a rare combination of composer and librettist—the poem being the work of one of the minor English lyricists of an age of Watteau-like verse making, James Thomson.

"Spring," "Summer," "Autumn," and "Winter" are the captions of the four cantos, the old time oratorio enthusiasts will remember. The characters (soloists) are Simon, a bass farmer; Jane, his soprano daughter, and Lucas, a tenor countryman, with a sort of "Greek chorus" of country people and hunters.

> Forth fly the tepid Liars
> And from the southern shores allure
> The messenger of Spring.

sings Jane, and the country maidens and huntresses, presumably, chant back:

> Come, gentle Spring, ethereal mildness, come;
> And from her wintry grave bid drowsy nature rise.

And the music, like unto it, is of a perpetually limpid purity and elegance, the bubbling of a spring of melodious inspirations. Though Haydn wrote "The Seasons" under protest, feeling that "The Creation" had exhausted him, the reason for its equal popularity with the better known work is perfectly patent.

The performance of last evening was one that bespoke care and love in its preparation. The choral tone was solid, the attacks and dynamic elements after the good old school, and the simplicity of Conductor Owens' interpretation not the least of its virtues.

The soloists were Hazel Dell Neff, soprano; Warren Proctor, tenor, and Marion Green, bass. Miss Neff's tone is of the more pleasant coloratura type—clean of a flute-like timber, not large, but of good range and evenness. Her singing of the air, "Oh how Pleasing," for one example, was charming in a style of prettiness, though technical virtuosity was not displayed.

Mr. Proctor rises rapidly in the public's estimation with each appearance—for his brief backsliding into opera is forgiven him. Surely a tone of such warmth and purity is a gift to be prized above much power! And Mr. Green, one of the most reliable and efficient of oratorio soloists in this vicinity, gave liberally of his skill and wealth of tone.

Sadie Vanderbosch, soprano, assisted by Frederic Persson, pianist, ministered to a concert audience at Central Music hall last evening. Good enunciation and a brilliant if yet a rather inflexible tone were the traits of the song group heard.

It is rumored that Mr. Campanini will present Carl Jorn, well known to the Metropolitan opera goers, among his tenors of next season.

## "Clean Living" Appears.

"Clean Living," the title of the new health department magazine, which made its first appearance yesterday, is dedicated to "better health for Chicago."

E. R. Pritchard, secretary of the department, and Arthur M. Corwin, director of publicity, are responsible for its makeup, and the contributing staff of the monthly magazine contains names well known in the Chicago medical world.

# FUTURES LOWER IN WHEAT MART; CABLES EASIER

## Heavy Realizing Causes Price Decline—Crop Reports Mainly Bullish.

Prices for wheat were irregular yesterday. The market has been called on to take a great deal of long realizing in the last two days. As a result the market has had a heavy tone since the big advance of Monday, but with all the heavy selling the market has been comparatively steady, and has had enough support to give it sharp rallies several times. Final prices yesterday showed net losses of ⅛@⅝c to ⅝@½c.

The crop reports were mainly bearish. The Ohio state report for April confirmed private advices showing a condition of winter wheat of 66, against 71 last month. The government report to be issued today is expected to be bullish, at least on soft wheat conditions. The report will not give the amount of acreage abandoned. In the Canadian northwest weather conditions still are unfavorable.

### Spring Seeding Starts Soon.

It is expected seeding will start this week in our northwest. Reliable reports indicate some decrease in the acreage, chiefly on account of the small amount of plowing done last fall. The season in the northwest and in Canada would not be regarded as especially late if the ground was ready to be seeded, as the wheat can be put in rapidly if conditions are favorable.

Liverpool reports were not especially favorable to holders, cables being unchanged to 2d off, with liberal arrivals and an expectation of free Argentine movement. Estimated Argentine exports for the week were 4,200,000 bu, the largest so far of any week on the crop. Supplies are increasing abroad, and this tends to offset the bullish crop reports and advancing prices in North American markets. Generally conditions were favorable over the winter wheat belt.

### Cash Trade Continues Slow.

The cash trade was quiet. Prices were a little easier for some grades in the local market. Sales here for shipment were 25,000 bu. New York reported a moderate demand. Some foreign buying of futures was reported. Receipts were 206 cars, with primary receipts of 940,000 bu, compared to 450,000 bu a year ago. Clearances for the day were the smallest in some time at 512,000 bu. Minneapolis reported a good cash demand, and it is estimated farmers are holding about 25,000,000 bu on storage tickets in the belief that prices ultimately will be much higher.

Northwest receipts for the day were 218 cars, against 152 cars a year ago. Winnipeg receipts were 472 cars, against 280 cars a year ago. Minneapolis wheat stocks decreased 580,000 bu for five days.

### Corn Rallies After Break.

Corn followed the early break in wheat, but later rallied and showed a firmer tone in the late trade. Resting prices were ⅛@⅜c higher, the September being in especially good demand. Shorts were free buyers and on the decline commission houses took a lot of corn off the market. Reports for a fair export demand at Kansas City helped the bulls. The local cash trade was quiet with sample prices unchanged to ½c off. Sales were 110,000 bu.

The spot market was more active at Liverpool with prices 1¼@2d higher. Some increase in the country offerings was reported at Kansas City and Omaha, but the total sales were not especially heavy. Clearances for the day were 250,000 bu. Argentine shipments were estimated at 600,000 bu for the week. Primary receipts were 700,000 bu, against 332,000 bu a year ago.

### Fair Demand for Oats.

Oats were in fair demand at the close with last prices a shade lower to ⅛@¼c higher. Cash prices were steady to ¼c lower. There were shipping sales of 150,000 bu. Country offerings were moderate. Commission houses were free sellers early. The late strength in corn caused a better demand and shorts were fair buyers. The general trade was moderate. Receipts were 111 cars, with primary receipts of 752,000 bu, against 439,000 bu a year ago. Clearances were 322,000 bu.

Hog products were a little higher and there was some buying supposed to have been for foreign account. The volume of business was moderate. There was scattered selling early, following the break in wheat. Receipts were 24,000 with 22,000 the estimate for today. Hog prices were a trifle higher early, but closed lower. Western receipts were 77,700, compared to 68,100 a year ago. Liverpool prices were strong, cash lard, 6d up, 6d on Cumberlands, and 1s on backs. Receipts of products were 49 cars and shipments were 153 cars.

### Rye Market Easier.

Rye ruled easy. Poor No. 2 sold at 94c and No. 3 brought 93c. Receipts were 6 cars.

Barley was easy. Malting was quoted 70@78c and sold 68@75c; feed was quotable at 60@66c with a sale at 66c; mixing was quoted 65@67c and screenings 45@60c, the latter selling at 54@60c. Receipts, 19 cars.

Timothy seed held steady with cash lots quoted $4.50@6.00 nominal. Cloverseed was unchanged; cash lots, $10.00@17.00 nominal.

Duluth flax closed 4½c lower. Cash on track, $2.08½@2.09; May, $2.08½, and July, $2.09½. Receipts, none. Minneapolis was 3½c lower with cash on track $2.10½@2.13½; receipts were 16 cars. Winnipeg closed 3@3½c lower. May, $1.87, and July, $1.88½. Receipts, 11 cars.

# NEWS AND GOSSIP OF BOARD OF TRADE.

Local sentiment in wheat was a good deal mixed. The reports in regard to the condition of soft wheat are bullish, but to some extent they have become a little stale as a market factor. If the state and private reports are confirmed by the government figures to be issued today, bulls undoubtedly will be considerably encouraged, although some traders expect to see considerable realizing on the strength of a bullish report. Northwest conditions are being watched closely and unfavorable developments in the seeding period in addition to the scarcity of labor and the small amount of fall plowing done would tend to increase the volume of outside buying. So far much of the demand has come from local professionals to a large extent, but yesterday there were indications of a broader outside interest.

Cash wheat sales were 25,000 bu here with a moderate demand. Some grades of wheat were easier. No. 2 red sold at 5c over the May. Offerings continue fair. Northwest markets were firm with substantial decreases in stocks at Minneapolis. The only demand reported by local export brokers was for wheat for quick shipment. Exporters generally appear to expect Canadian wheat to monopolize the bulk of the business being done at the gulf, but the demand is not urgent. No important buying was reported at the seaboard yesterday.

Le Count wired from Indianapolis: "From Terre Haute here wheat is poor and some fields are almost bare. Much will be plowed up. Only half a crop here at best. The acreage was light to begin with." Inglis wired Logan-Bryan from Muncie, Ind.: "Western central Ohio and eastern Indiana show some improvement. Abandoned acreage will be large. Present weather conditions are favorable for the best development. There is little growth so far."

Kansas City cash corn was ½@¾c higher. A good demand was reported there and stocks are expected to show good decreases from now on. Some business for export was reported. The local demand was quiet, prices were steady to ¼c lower, and sales were 110,000 bu. From sections west of the Mississippi fair offerings of corn from the country were reported. Cash oats were unchanged to ¼c off. Sales of oats were 150,000 bu.

The Ohio report as wired by King of Toledo makes the condition of winter wheat 66, against 71 in March and 102 at harvest last year. Farm reserves of wheat, 22 per cent, against 12 per cent a year ago. Condition of corn in cribs 96, against 96 a year ago. Rye condition 76, compared to 91 last year. Late seeding and lack of snow protection were given as the reasons for the low condition of wheat. Many fields will be plowed up.

Barrell had a message from T. W. Lewis of Minneapolis saying: "Farmers believe their wheat is worth $1.50 and they are selling sparingly. In fact, they are storing their wheat. Elevator people estimate there is 25,000,000 bu wheat held on storage tickets. Probably not one-half of the plowing has been done. We look for a smaller acreage of wheat this year with increased area under coarse grains."

The government weather bulletin says that in the southern and western sections of the winter wheat belt conditions are normal. It is estimated one-third of the acreage of winter wheat in Indiana and Illinois will be plowed up. The big percentage of the abandoned acreage will be seeded to oats. Planting of corn is in progress in southern states, but is generally from ten to twenty days late.

The government report will be issued at 10 o'clock Chicago time today and will give the condition of winter wheat and rye but will not show the amount of acreage abandoned. It is expected the report will show a low condition. A year ago the condition was 88.8 and the indicated crop was 655,000,000 bu.

C. A. King of Toledo wired: "Michigan April wheat condition 78, against 85 in December and 86 April last year. June condition last year was 91. Majority say some damage was sustained during March. Farmers' deliveries small. Rye condition 84, against 90 a year ago."

The flour trade is quiet here, local millers saying there has been little new business recently. Kansas City wired that mills reported no flour sales of importance since the last advance in wheat prices.

Receipts inspected yesterday: Wheat, 206 cars; corn, 120 cars; oats, 111 cars; rye, 6 cars; barley, 19 cars. Hogs estimated for today, 22,000 head.

Many traders considered that the wheat market showed a good deal of strength in view of the heavy profit taking of the last two days.

John H. Jones has been appointed a member of the building committee to succeed the late E. A. Nickels.

Argentine shipments for the week were estimated at 4,200,000 bu wheat and 600,000 bu corn.

Foreign houses were credited with being fair buyers of provisions yesterday.

Martin Joyce posted a membership on the board of trade for transfer.

Reported 400,000 bu wheat was taken for export at the seaboard.

# BOSTON STOCK TRANSACTIONS

BOSTON, Mass., April 6.—[Special.]—Many stocks were higher at the opening of the local market, U. S. Smelting being a leader. Utah Apex, which has shown increasing activity during the last few days, furnished more than 1,000 shares in the first few minutes. As the morning progressed trading became quiet and was limited to lead and zinc issues and some high priced coppers like Osceola, Quincy, Ahmeek, and Mohawk.

Afternoon trading was rather dull, but American Zinc reached a new high mark at 92¼ and U. S. Smelting at 72. Closing: Ahmeek, up ½; American Zinc, up 2⅛; Butte and Superior, up 2; Calumet and Hecla, up 5; Centennial, up ¾; Copper Range, off ¼; Franklin, off ⅝; Greene, up 1⅛; Hancock, up ¼; Lake, up ⅝; Mass Mining, up 1; North Butte, off ¼; Old Colony, off ⅛; Ojibway, up ⅞; Old Dominion, up ½; Osceola, up ¾. St. Marys, ex. div., off ¼; Tamarack, up ⅝; Trinity, up ¼; U. S. Smelting, up 3; Utah Metals, up ¼; Victoria, up ¼; Wolverine, up 1; others unchanged. Call money ruled at 3 per cent. Time loans, short dates, 3@3½ per cent. Time loans, six months, 3½@4 per cent. Time loans, year, 4@4½ per cent.

### COFFEE AND SUGAR.

NEW YORK, April 6.—The market for coffee futures was more active today. Quite a sharp early advance based on the continued firmness of Brazil and a bullish view of primary statistics, attracted considerable Wall street realizing and there were reactions during the afternoon. The market opened at an advance of two to four points and sold about seven to eleven points net higher during the morning, with July selling at 8.35c and September at 8.44c, the latter being a new high record for the season. The reaction carried July off to 8.30c and September to 8.37c, with the market closing at a net advance of two to five points. Firmness pervaded the market for beef cattle at Chicago yesterday and steers included in fresh receipts of 4,000 head sold at prices that were as high as any quoted so far this year. The supply again fell short of expectations and there was a good demand for all beef animals. Best steers offered made $10.00, the highest price of the week, while the bulk sold at $8.50@9.40. Cows and heifers sold on a strong basis with steers, while calves sold 25@50c higher than on Wednesday and topped at $9.25 for prime vealers.

Hog market had a strong opening on speculative buying, but turned weaker before many of the offerings could be cleared. A new top for the week was made at $9.95, while bulk sold at $9.70@9.85. Shippers were credited with purchases of 3,500 head, while packers took 19,300, including 2,400 direct from outlying points.

### Sheep and Lambs Firmer.

Sheep and lambs made steady to strong prices, with an occasional sale at a slight advance from the previous day's figures. Receipts were posted at 15,000 head. Wethers sold up to $9.00, while clippers made $7.75. Lambs topped at $11.50 for woolskins and $9.60 for clippers.

### J. V. FARWELL CO. REVIEW.

The John V. Farwell company weekly review of the wholesale dry goods trade says:

"Retail merchants' preparations for spring and Easter openings are keeping the wholesale dry goods business brisk. In some lines all records are being broken in advance sales for fall.

"The change in style of women's garments from the clinging to the bouffant effects is producing a noticeable yardage and material effect on dress fabrics and linings. Alpacas have come to the foreground in the wool dress goods line for at once and early fall delivery, although broadcloths are recognized as the leaders for fall.

"Sport skirtings in blazer and wide stripe effects are in active demand. The big call for silk and cotton poplins is affecting the sales of higher priced silk and wool poplins, which in the eastern market are not moving as well as earlier in the season. All shepherd checks, plain and fancy stripe effects, are selling freely for at once and fall delivery.

"Prominent mills have advanced bleached shaker flannels ½ cent per yard. Stocks at mill are small. Sales of comfortables for fall delivery are much ahead of the last two years, and the tendency this season is to buy for early shipment."

# MONEY SUPPLIES IN CITY LARGE; SITUATION EASY

## Movements of Currency In and Out of Chicago Indicate Low Interest Rates.

Movements of currency in and out of Chicago in March show a resumption of the trend toward easy money conditions. While the shipments were $13,796,460, the receipts were $13,077,486.

In January the shipments were $6,451,162 while the receipts were $17,435,707. In February the shipments showed a gain, the outgo being $10,228,278, while the receipts were $7,468,155.

March further accentuates the gain in receipts, which began in February. Also the money market itself is now about where it was one month ago.

### Situation on Great Lakes.

With the shipping season opening on the great lakes hardly two weeks away, the Great Lakes Transit company, the organization that took over twenty-five of the railroad owned boats, has not yet issued tariffs or a sailing schedule. There is also still some doubt as to the number of boats the company will put into the package service, in view of the tempting offers for hauling grain from the head of the lakes to Buffalo for export. It is understood contracts for considerable business already have been entered into at from 5 to 5½ cents a bushel, which would yield a far greater revenue than the regular package traffic rates the interstate commerce commission has three times refused to allow increased.

Another situation has developed that might result in further delay. The boat company managers and the railroad men have been unable to come to any agreement over the division of rates.

### May Invoke Commerce Board.

Daily conferences are now being held in the east and unless some compromise can be reached by the end of next week it was predicted by a competent Chicago authority yesterday that an appeal would be made to the interstate commerce commission for settlement. It is doubtful if the boat company would operate many of its boats in the package freight business under the circumstances, especially considering the larger rewards in grain carrying. The present demands of the transit managers exclude storage arrangements and switching absorption from the services formerly given free by the railroads when they owned the boats.

In the meantime there is every evidence that business in an unusual volume is waiting for the opening of the boat service. The Lehigh Valley, which is operating an indipendent line of six boats between Milwaukee, Chicago, and Buffalo, already is turning away business daily, although the first sailing probably will not be made until April 20.

### Activity in Equipment Buying.

Six times as many locomotives and four times as many freight cars were ordered by the railroads in the first three months of 1916, as compared with the same months last year.

The feature of the market has been the locomotive buying. Normally January, February, and March are not considered high months, but at the rate of ordering for the last quarter total orders would be placed for 4,548 locomotives, not considering foreign orders. The largest number of locomotives sold in one year was 4,514 in 1912, which would make this year a new record if the purchasing continues. The Railway Age Gazette has made the following compilation, comparing the purchases of the first three months of 1916 and 1915:

| | 1916. | 1915. |
|---|---|---|
| Locomotives | 1,137 | 181 |
| Freight cars | 38,169 | 8,943 |
| Passenger cars | 537 | 696 |

### Canadian Westinghouse Earnings.

The Canadian Westinghouse company, limited, reports for the year ended Dec. 31, 1915, as follows:

| | 1915. | 1914 |
|---|---|---|
| Net earnings | $860,628 | $386,114 |
| Depreciation | ....... | 5,626 |
| Balance, etc. | 860,628 | 380,488 |
| Written off pty. and plant | 150,000 | ....... |
| Balance | 710,628 | 380,488 |
| Dividends | 449,343 | 349,489 |
| Surplus | 261,285 | 30,999 |
| Previous spurlus | 1,562,490 | 1,531,491 |
| Total surplus | 1,823,775 | 1,562,490 |

### Union Bag and Paper Affairs.

The stockholders' committee of the Union Bag & Paper company has sent a letter to stockholders reviewing the financial position of the company. It says in part:

"The annual report for the year ending Jan. 31 shows that floating bank loans, bonded indebtedness, and purchase money obligations amounting to $1,400,000, have been cleared away, and $600,000 has been expended on the properties. This amount has been obtained through earnings, a reduction of inventories, and the sale of nonrevenue producing properties.

"A fund to complete rehabilitation of the plants, estimated at $400,000, should be provided, and a readjustment of capital stocks of the company should be made."

### Buying of Erie.

Accumulation of Erie stock is reported being resumed by the interests which some months ago were credited with having bought it, as they picked up Delaware, Lackawanna and Western, Lehigh Valley, and Reading years ago. This buying now is declared to be based on indications of a favorable outcome of the wage negotiations in the anthracite fields which the Erie serves, as well as reports that the railroad wage hour demands are likely to be adjusted by compromise.

The embargoes on the Erie and other lines reaching New York show how great is the offering of traffic and the fact that Erie's monthly net earnings are showing increases of $500,000 over last year indicates the progress being made toward a dividend basis.

### Equipment Orders Placed.

The Pressed Steel Car company has closed contracts with the Solvay Process company for twenty hopper cars; with the Gadson Car works for 300 underframes, and with the Paris, Lyons & Mediterranean railway for 500 gondolas. The Illinois Central railroad has ordered eighty-four passenger cars from the Pullman company, and ten from the American Car & Foundry company. The Kanawha & West Virginia railroad has placed an order for fifty, and the Cudahy Packing company for 100 underframes. The Goodman Lumber company has ordered fifty flat cars.

### Money and Exchange.

Money rates in Chicago steady at 3½@4 per cent on collateral, 3@4 per cent on commercial paper, and 4@4½ per cent over the counter. New York exchange sold at 15c discount. Chicago bank clearings were $68,226,436.

### Railroad Earnings.

#### GREAT NORTHERN.

For March gross increased $1,452,283; for nine months gross increased $7,850,337.

### Short Term Notes.

# NEWS OF THE FINANCIAL WORLD.

The market closed with a good undertone, but the day's volume of business suggested considerable caution in buying by the public. Certain influential interests continue to express belief that the submarine controversy will not lead to a breach with Germany. No facts are pointed to as forecasting such a result except the fact of delay. It appears patent enough that it is progressive trouble with Germany that is hanging over the market—a factor that has been operating since the sinking of the Lusitania. Those who are most cautious in expressing views favorable to a rise in stocks do not fail to comment on the present wonderful conditions of general prosperity.

According to eastern steel interests, the United States will be called on to supply steel rail needs of foreign countries that have heretofore depended on Europe for their supplies. Europe itself will have to buy large quantities of rails in this country. France recently purchased 125,000 tons, and there is a deadlock of rails in the British market, as the makers have other uses for their steel. One lot of steel rails for France, it may be noted, brought a premium of $10 per ton.

Concerning St. Paul tonnage, an official of the company says: "The month of March is expected to show a good increase in gross earnings as compared with a year ago, and also in 1914, which latter was a normal year. Our grain movement is of fair proportions, being 15 to 20 per cent larger than in 1915, while miscellaneous freight is holding steady on an increase of 18 per cent."

The copper market continues to show strength, a fact that may have two interpretations, one being the prospect of continued foreign orders and the other increase in domestic consumption. The price within the last ten days has shown quotable firmness, sales having been made at 27½ cents a pound for July deliveries. This is up ¼ cent.

Wall street says a special investigation has been made by certain important interests to ascertain the extent of the short interest in United States Steel common. Conviction is expressed that this interest alone is sufficiently large to advance the shares five or six points should news of a favorable character induce aggressive buying by the public.

The New York Curb Market association has listed the $400,000 capital shares of the Oklahoma Production and Refining company. The par value of the stock is $5 per share.

Lee, Higginson & Co. have been appointed bankers in America to the Chinese government.

Lead is nominally 8 cents for both New York and St. Louis delivery. There have been some higher bids for quick delivery for Europe. Spelter has been advanced ½ cent, spot now being 18½ cents New York and 18 cents in St. Louis. The market is firm and the trade feels that an advance is coming.

It is announced shipments of Saxon Motor Car corporation were 2,604 cars for the month ended March 31, 1916, an increase of 1,563 cars, or 150 per cent, over shipments of March last year. For the first three months of the current year shipments were 3,800 cars larger than the corresponding period in 1915.

In trade circles it is said that the B. F. Goodrich company is well covered with low priced crude rubber through the coming summer. The concern is reputed to have been the heaviest buyer of crude rubber last summer when quotations were ranging between 50 and 60 cents per pound.

The New York, Chicago and St. Louis railway has applied to the public utilities commission of Ohio to issue $1,250,000 equipment trust certificates, to be sold for not less than 96 and to bear 4½ per cent interest. The proceeds will be used for the purchase of equipment.

At the annual meeting of the Associated Oil company the retiring directors were reëlected. The report for the year ended Dec. 31, 1915, showed net income of $4,970,087, against $4,249,041 the previous year, and a surplus after charges and dividends of $128,909.

The sale of the Wheeling and Lake Erie railroad will be postponed today until May 10. Eastern bankers holding the mortgage bonds will ask for the postponement because of expectation that all litigation will be ended at that time.

The Mexican Petroleum company finally has closed a contract with an American steamship company for 10,000,000 barrels of fuel oil. Deliveries will be made in New York at $1.25 per barrel, the first delivery to be made after Aug. 1, 1916.

Important developments are looked for in connection with the Butte Copper and Zinc company. The Anaconda has taken up the concern's treasury stock and paid for it under the option.

Bethlehem Steel earnings for the current month are estimated at $5,000,000, an amount exceeding $30 annual dividend on the common stock.

Steel Company of Canada common sold at 49½, a new high record, based on rumors of a dividend declaration at the rate of 7 per cent in the early summer.

# IN FOREIGN STOCK MARKETS.

LONDON, April 6.—The stock market is still affected by the budget. The increased income tax, which reduces the interest yield, caused a number of offerings of gilt edged securities and home rails, making the general tendency dull and easy. Brazilian traction, courtalds, and cities service shares were the only strong features. American securities were moderately active around parity. The American tax on dividends of nonresidentials is causing some comment, especially regarding the retrospective nature of the tax. Further details are awaited by bankers and financial people who are large dealers in American coupons.

Bar silver, 29 7-16d per ounce. Money, 4@4½ per cent. Discount rates, short bills and three months, 4⅝@4¾ per cent. The weekly statement of the Bank of England shows the following changes: Total reserve decreased £492,000; circulation increased £207,000; bullion decreased, £105,136; other securities increased, £7,782,000; other deposits increased, £267,000; public deposits increased, £12,851,000; notes reserve decreased £568,000; government securities increased £5,350,000.

The proportion of the bank's reserve to liability this week is 26.03 per cent; last week it was 28.37 per cent; rate of discount, 5 per cent.

Average of Closing Prices of Twenty Leading New York Stocks

| | |
|---|---|
| Thursday, April 6 | $89.60 |
| Wednesday, April 5 | 89.56 |
| Net gain for the day | *.04 |
| Year ago, day of week | 77.36 |

*New York Central ex dividend 1¼ per cent, equivalent to loss of 6¼ cents in average of twenty stocks.

The twenty stocks are: Anaconda Copper, American Car and Foundry, American Smelting, American Telephone, Atchison, Baltimore and Ohio, Brooklyn Rapid Transit, Chesapeake and Ohio, Erie, Great Northern preferred, New York Central, Northern Pacific, Pennsylvania, Reading, Southern Pacific, Southern Railway, St. Paul, American Sugar, Union Pacific, and United States Steel.

**Total sales of stock, 330,000 shares.**

**Total sales of bonds (par value), $4,045,000.**

### MARKET SPECULATIVE.

New York, April 6.—The obviously speculative character of today's market may be judged from the fact that a half dozen special issues, notably Mercantile Marines, Crucible Steel, Mexican Petroleum, International Nickel, United States Industrial Alcohol, and American Zinc, more or less in the order named, supplied from one-quarter to one-third of the day's total business.

There were reasons, actual or alleged, to account for the movement of some of these stocks, as in the case of Marines, wherein recent negotiations suggest a better understanding between opposing interests, and in the petroleums, which made natural response to favorable trade conditions. Alcohol's extreme rise of 4⅝ to the new record of 170½, and Zinc's gain of 2⅜ to the new maximum of 92¼ were attributed to a drive against the short interest in those issues, the same probably applying to Crucible's rise, much of which was later forfeited.

### Shipping Shares Active.

Other shipping shares like United Fruit and Pacific Mail kept moderate pace with Marines, while American and Baldwin Locomotives and New York Airbrake represented the stocks of the munitions group in less active fashion. Motors and other equipments, as well as United States Smelting, recently listed, were variably higher. General Motors was a striking exception to others of this class, falling 25 points on a single sale to 460.

Rails played their usual inconspicuous part with no material changes, though these were mainly upward. United States Steel was only fairly active and reflected further pressure on every attempt to put the stock forward. Coppers, Greene-Cananea excepted, were dull and uncertain, while American Linseed preferred featured the fertilizers with a gain of minor proportions.

### Paris Exchange Breaks.

In point of financial significance the outstanding feature was another break in exchange on Paris, demand francs weakening to 5.99¼, with cables at 5.98½. The demand rate compares with the minimum quotation of 6.03, made on Sept. 1, 1915, when the Anglo-French loan was impending.

This development was not reflected in other foreign remittances, most of which showed marked firmness, especially exchange on the Scandinavian countries.

Bonds displayed more steadiness than stocks, Canadian 5s of 1931 being especially active and strong. United States bonds were unchanged on call.

### *Western Union.*

M. S.: The $8,744,000 of Western Union collateral trust bonds are secured by the deposit of stock and bonds of subsidiaries which have been guaranteed by the Western Union company. The $20,000,000 funding and real estate 4½s are secured by mortgage on the company's real estate in New York and Chicago. The realty is valued at $5,000,000. In view of the fact that interest is now being earned seven or eight times, the bonds rank as conservative investments. The security pledged under the collateral trust bonds is larger than that under the later issue, but both bonds derive their strength from the strength of the company more than from the collateral.

### *Hart, Schaffner & Marx.*

E. F.: Hart Schaffner & Marx had outstanding on Nov. 30 last $3,886,500 preferred stock, having retired $412,500 during the year. The company is required to retire preferred stock at the average rate of $50,000 a year till July 1, 1921, and at the rate of $100,000 a year thereafter. It has anticipated the requirements so far that it has already retired all the stock required to be canceled up to 1927. The common stock is not permitted to receive any dividend till surplus is $500,000, and not more than 4 per cent till surplus has reached $1,000,000. Surplus on Nov. 30 was $1,398,142. The first dividend on the common stock was paid last month at the rate of 4 per cent a year.

### *Granville Electric and Gas.*

J. P. B.: The Granville Electric and Gas company is a consolidation of the electric and gas companies in Granville, N. Y., formed in 1903. It serves a population of 6,000. The only report available is that for 1914. Gross earnings were $37,904; net, $4,201; bond interest, $7,973; other interest, $3,241; miscellaneous deductions, $2,601; deficit for the year, $7,687. Added to previous deficit this made a total of $16,067. There was $100,000 of capital stock, $163,500 of bonds, and $91,298 floating debt.

### *Brief Answers.*

A. G.: The Central Life Assurance society of Des Moines has been in business twenty years and has nearly $40,000,000 of insurance in force. It has $100,000 of capital stock and a year ago its surplus, aside from deferred dividend funds, was $344,737. Dividends of 10 per cent a year are paid to stockholders. No higher rate is permitted.

MRS. T. E., San José, Ill.: The Pennsylvania railroad company has paid dividends without interruption for sixty years. The rate has varied from 3 to 10 per cent. From 1898 to '99, inclusive, the rate was 5 per cent and since then 6, except in 1906, when 6½ was paid, and in 1907, 7 per cent.

R. E. R.: Stewart Warner common sells at about 86. Six per cent a year is paid on it. The next quarterly dividend will probably be paid on May 1.

VENETIAN BUILDING
[The Woman's Building],
15 E. WASHINGTON-ST.

Leases for one to five years.
Rent free to May 1st. Immediate possession.

We are making extensive improvements in this building, and it will pay you to look over the space we have to rent. The service of the building is efficient in every respect, and it will be the policy of the management to give entire satisfaction to every tenant.

The large windows and the fact that the maximum depth of space is only 28 feet make the offices light and well ventilated, and they will be decorated in white enamel or in any manner desired.

The occupancy will be carefully restricted to the highest grade of tenants. We now have many of the best known firms in ladies' lines.

Our office in the building in room 1009 is open daily from 9 a. m. to 5 p. m.

JOHN R. MAGILL & CO., Agents,
35 N. Dearborn-st. Central 7900.
